1 AMEND House Committee Substitute for House Bill No. 3011, Page 41, Section 11.622, Line 3  
2 through and including Line 28, by deleting said lines in their entirety;

3  
4 Further amend said bill, said page, said section, Line 2, by inserting immediately thereafter the  
5 following:

6  
7 "For the competitive procurement of technology for a statewide closed-loop social service referral  
8 platform for addressing the social determinants of health, defined as nonclinical community and  
9 social factors such as housing, food security, transportation, financial strain, and interpersonal  
10 safety, that affect health, functioning, and quality-of-life outcomes; the platform shall: share  
11 information securely and consistent with all applicable federal and state laws regarding individual  
12 consent, personal health information, consumer-directed privacy with a per-referral consent model,  
13 public records, and data security; provide support and be made available statewide, at minimum, to  
14 community-based organizations, state agencies, hospital systems, county programs, and safety net  
15 healthcare providers; provide for public-facing search and navigation; identify social care needs  
16 through embedded screening; coordinate social care referrals and interventions through closed-loop  
17 referrals which include not only if the referral occurred but the outcome of the referral; track and  
18 measure the outcomes of referrals; provide interoperability and connectivity with existing  
19 technology platforms that comply with national standards, including, but not limited to, electronic  
20 health record systems, nonprofit systems of record, and trusted health information exchanges; not  
21 require exclusivity contracts with any participating entity; create a longitudinal view of a client's  
22 social care opportunities, the social care needs identified for this client, the social care services that  
23 this client has been connected to, and the outcomes of these social care interventions over time; and  
24 the services procured with the platform shall include a community engagement team to support the  
25 identification of, training, onboarding, and ongoing support for community-based organizations";

26  
27 Further amend said bill by adjusting section and bill totals and intersectional references accordingly.
