3  
4 "208.662. 1. There is hereby established within the department of social services the

11 Medicaid program, as it is administered by the state, and shall not have access to affordable  
12 employer-subsidized health care insurance or other affordable health care coverage that includes  
13 coverage for the unborn child. In addition, the unborn child shall be in a family with income  
14 eligibility of no more than three hundred percent of the federal poverty level, or the equivalent  
15 modified adjusted gross income, unless the income eligibility is set lower by the general assembly  
16 through appropriations. In calculating family size as it relates to income eligibility, the family shall  
17 include, in addition to other family members, the unborn child, or in the case of a mother with a  
18 multiple pregnancy, all unborn children.

19 3. Coverage for an unborn child enrolled in the show-me healthy babies program shall  
20 include all prenatal care and pregnancy-related services that benefit the health of the unborn child  
21 and that promote healthy labor, delivery, and birth. Coverage need not include services that are  
22 solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a  
23 healthy pregnancy, and that provide no benefit to the unborn child. However, the department may  
24 include pregnancy-related assistance as defined in 42 U.S.C. Section 1397ll.

27 shall include the period from conception to birth. The department shall develop a presumptive  
28 eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

29 5. Coverage for the child shall continue for up to one year after birth, unless otherwise  
30 prohibited by law or unless otherwise limited by the general assembly through appropriations.

29 organizations, group or individual health insurance providers or premium assistance, or through

31           (3) The change in the proportion of unborn children who receive care in the first trimester of  
32 pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of  
33 other barriers, and any resulting or projected decrease in health problems and other problems for  
34 unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy  
35 and childhood;

36           (4) The change in healthy behaviors by pregnant women, such as the cessation of the use of  
37 tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term  
38 and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems;  
39 breathing and respiratory problems; feeding and digestive problems; and other physical, mental,

1 educational, and behavioral problems; and

2 (5) The change in infant and maternal mortality, preterm births and low birth weight babies  
3 and any resulting or projected decrease in short-term and long-term medical and other interventions.

4 11. The show-me healthy babies program shall not be deemed an entitlement program, but  
5 instead shall be subject to a federal allotment or other federal appropriations and matching state  
6 appropriations.

7 12. Nothing in this section shall be construed as obligating the state to continue the show-  
8 me healthy babies program if the allotment or payments from the federal government end or are not  
9 sufficient for the program to operate, or if the general assembly does not appropriate funds for the  
10 program.

11 13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a  
12 mandate imposed by the federal government on the state."; and

13  
14 Further amend said bill by amending the title, enacting clause, and intersectional references  
15 accordingly.
