

JOURNAL OF THE HOUSE

Second Regular Session, 101st GENERAL ASSEMBLY

FIFTY-FOURTH DAY, THURSDAY, APRIL 14, 2022

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

I will say of the Lord, He is my refuge and my fortress: my God; in Him will I trust. (Psalm 91:2)

O God, our refuge, we come to You with joyful hearts and logical minds, realizing that this is a great time in which to be alive. By Your spirit, You help us to live with high hopes, fruitful faith, and glorious goals that we may move onward and forward to a greater state and a better world.

Strengthen our faith in You that when differences come we shall not fail; when difficulties burst upon us, we shall not falter; and when differences roll over us, we shall not allow ourselves to give way to frustration or give up to negativity. Let us say and believe You are our refuge and strength. In You, we will trust forever.

Help us to have the courage to stand up for the rights of people, for the freedom of all people, and for the benefit of all people. May we so think and speak so that Your blessings may be upon us this day and all our days here in the people's house.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Candice Sharp, John Jackson, and Lucy Jackson.

The Journal of the fifty-third day was approved as printed by the following vote:

Representative Hudson offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Bill No. 1859, Page 1, In the Title, Line 3, by deleting the words "labeling of ballot measures" and inserting in lieu thereof the word "ballots"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Hudson, **House Amendment No. 1** was adopted.

Representative Lovasco offered **House Amendment No. 2**.

House Amendment No. 2

"Section 1. For any election in which the selection of multiple candidates in response to a single ballot question is permitted, the ballot language for such an election shall specify that the voter "may vote for up to [the maximum number] candidates". The maximum number of candidates is based on the offices available. The ballot language shall not indicate that the voter "shall" or "must" vote for a definite number of candidates."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Lovasco, **House Amendment No. 2** was adopted.

Representative Hudson offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Bill No. 1859, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"115.225. 1. Before use by election authorities in this state, the secretary of state shall approve the marking devices and the automatic tabulating equipment used in electronic voting systems and may promulgate rules and regulations to implement the intent of sections 115.225 to 115.235.

2. No electronic voting system shall be approved unless it:

(1) Permits voting in absolute secrecy;

(2) Permits each voter to vote for as many candidates for each office as a voter is lawfully entitled to vote for;

(3) Permits each voter to vote for or against as many questions as a voter is lawfully entitled to vote on, and no more;

(4) Provides facilities for each voter to cast as many write-in votes for each office as a voter is lawfully entitled to cast;

(5) Permits each voter in a primary election to vote for the candidates of only one party announced by the voter in advance;

(6) Permits each voter at a presidential election to vote by use of a single mark for the candidates of one party or group of petitioners for president, vice president and their presidential electors;

(7) Accurately counts all proper votes cast for each candidate and for and against each question;

(8) Is set to reject all votes, except write-in votes, for any office and on any question when the number of votes exceeds the number a voter is lawfully entitled to cast;

(9) **Produces the election results from paper ballots that voters have marked by hand or, in the case of voters who are disabled and need assistance, from paper ballots that have been marked by paper ballot marking machines designed to assist voters who are disabled;**

(10) Permits each voter, while voting, to clearly see the ballot label; and

~~[(10)]~~ (11) Has been tested and is certified by an independent authority that meets the voting system standards developed by the Federal Election Commission or its successor agency. The provisions of this subdivision shall not be required for any system purchased prior to August 28, 2002.

3. **Until January 1, 2024, if any election authority uses direct-record electronic touchscreen vote counting machines, the election authority may continue to use such machines solely for voters who are disabled and desire to use them. When machines require replacement due to wear and tear, malfunction, or any other reason, such machine shall be replaced with a paper ballot marking machine designed to assist voters who are disabled. Under no circumstances shall direct-record electronic touchscreen vote counting machines be used after January 1, 2024.**

4. The secretary of state shall promulgate rules and regulations to allow the use of a computerized voting system. The procedures shall provide for the use of a computerized voting system with the ability to provide a paper audit trail. Notwithstanding any provisions of this chapter to the contrary, such a system may allow for the storage of processed ballot materials in an electronic form.

~~[4-]~~ 5. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

115.237. 1. **Beginning January 1, 2023, the official ballot shall be a paper ballot that is hand-marked by the voter or by the voter's designee as permitted under subsection 3 of section 115.445, unless such voter chooses to use a ballot marking device as provided in subsection 3 of section 115.225.**

2. Each ballot printed or designed for use with an electronic voting system for any election pursuant to this chapter shall contain all questions and the names of all offices and candidates certified or filed pursuant to this chapter and no other. As far as practicable, all questions and the names of all offices and candidates for which each voter is entitled to vote shall be printed on one page except for the ballot for political party committee persons in polling places not utilizing an electronic voting system which may be printed separately and in conformity with the requirements contained in this section. As far as practicable, ballots containing only questions and the names of nonpartisan offices and candidates shall be printed in accordance with the provisions of this section, except that the ballot information may be listed in vertical or horizontal rows. The names of candidates for each office shall be listed in the order in which they are filed.

~~[2-]~~ 3. In polling places using electronic voting systems, the ballot information may be arranged in vertical or horizontal rows or on a number of separate pages or screens. In any event, the name of each candidate, the candidate's party, the office for which he or she is a candidate, and each question shall be indicated clearly on the ballot.

~~[3-]~~ 4. Nothing in this subchapter shall be construed as prohibiting the use of a separate paper ballot for questions or for the presidential preference primary in any polling place using an electronic voting system.

~~[4-]~~ 5. Where electronic voting systems are used and when write-in votes are authorized by law, a write-in ballot, which may be in the form of a separate paper ballot, card, or envelope, may be provided by the election authority to permit each voter to write in the names of persons whose names do not appear on the ballot.

~~[5-]~~ 6. No ballot printed or designed for use with an electronic voting system for any partisan election held under this chapter shall allow a person to vote a straight political party ticket. For purposes of this subsection, a "straight political party ticket" means voting for all of the candidates for elective office who are on the ballot representing a single political party by a single selection on the ballot.

~~[6-]~~ 7. The secretary of state shall promulgate rules that specify uniform standards for ballot layout for each electronic or computerized ballot counting system approved under the provisions of section 115.225 so that the ballot used with any counting system is, where possible, consistent with the intent of this section. Nothing in this section shall be construed to require the format specified in this section if it does not meet the requirements of the ballot counting system used by the election authority.

~~[7-]~~ 8. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void."; and

Further amend said bill and page, Section 116.225, Line 16, by inserting after all of said section and line the following:

"Section 1. Notwithstanding any other provision of law to the contrary, drop boxes, which for purposes of this section shall mean unattended depositories for election ballots, but shall not include mail boxes under the ownership and control of the United States Postal Service, shall be prohibited in this state."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Hudson, **House Amendment No. 3** was adopted.

2. It is unlawful for any student to attend **public** school unless he **or she** has been immunized as required under the rules and regulations of the department of health and senior services~~[-]~~ and can provide satisfactory evidence of such immunization, **or unless he or she can provide satisfactory evidence of acquired immunity**; except that if he **or she** produces satisfactory evidence of having begun the process of immunization, he **or she** may continue to attend school as long as the immunization process is being accomplished in the prescribed manner. It is unlawful for any parent or guardian to refuse or neglect to have his **or her** child immunized as required by this section, unless the child is properly exempted.

3. This section shall not apply to any child if one parent or guardian objects in writing to his **or her** school administrator against the immunization of the child, because of religious **or conscientious** beliefs or medical contraindications. In cases where any such objection is for reasons of medical contraindications, a statement from a duly licensed physician must also be provided to the school administrator. **The written religious or conscientious belief objection may be a written statement of the parent or guardian as long as the written statement includes the child's name and the parent's or guardian's name and signature. Each public school shall accept the written religious or conscientious belief objection as described under this subsection or the religious or conscientious belief exemption form as described under section 167.186 and shall not require any additional actions including, but not limited to, submitting additional forms, making an appointment with the local health department, obtaining an official stamp or seal, watching a video, or attending a lecture.**

5. The immunization required may be done by any duly licensed physician or by someone under his or her direction. If the parent or guardian is unable to pay, the child shall be immunized at public expense by a physician or nurse at or from the county, district, city public health center or a school nurse or by a nurse or physician in the private office or clinic of the child's personal physician with the costs of immunization paid through the state Medicaid program, private insurance or in a manner to be determined by the department of health and senior services subject to state and federal appropriations, and after consultation with the school superintendent and the advisory committee established in section 192.630. When a child receives his or her immunization, the treating physician may also administer the appropriate fluoride treatment to the child's teeth.

6. Funds for the administration of this section and for the purchase of vaccines for children of families unable to afford them shall be appropriated to the department of health and senior services from general revenue or from federal funds if available.

(9) "Family support team meeting" or "team meeting", a meeting convened by the division or children's services provider in behalf of the family and/or child for the purpose of determining service and treatment needs, determining the need for placement and developing a plan for reunification or other permanency options, determining the appropriate placement of the child, evaluating case progress, and establishing and revising the case plan;

(10) "Investigation", the collection of physical and verbal evidence to determine if a child has been abused or neglected;

(11) "Jail or detention center personnel", employees and volunteers working in any premises or institution where incarceration, evaluation, care, treatment or rehabilitation is provided to persons who are being held under custody of the law;

(12) "Neglect", failure to provide, by those responsible for the care, custody, and control of the child, the proper or necessary support, education as required by law, nutrition or medical, surgical, or any other care necessary for the child's well-being. Victims of neglect shall also include any victims of sex trafficking or severe forms of trafficking as those terms are defined in 22 U.S.C. [78] Section [7102(9)-(10)] **7102, as amended. "Neglect" shall not include a decision by those responsible for the child's custody, care, and control to not immunize a child;**

(13) "Preponderance of the evidence", that degree of evidence that is of greater weight or more convincing than the evidence which is offered in opposition to it or evidence which as a whole shows the fact to be proved to be more probable than not;

(14) "Probable cause", available facts when viewed in the light of surrounding circumstances which would cause a reasonable person to believe a child was abused or neglected;

(15) "Report", the communication of an allegation of child abuse or neglect to the division pursuant to section 210.115;

(16) "Those responsible for the care, custody, and control of the child", includes, but is not limited to:

(a) The parents or legal guardians of a child;

(b) Other members of the child's household;

(c) Those exercising supervision over a child for any part of a twenty-four-hour day;

(d) Any adult person who has access to the child based on relationship to the parents of the child or members of the child's household or the family;

(e) Any person who takes control of the child by deception, force, or coercion; or

(f) School personnel, contractors, and volunteers, if the relationship with the child was established through the school or through school-related activities, even if the alleged abuse or neglect occurred outside of school hours or off school grounds.

210.115. 1. When any physician, medical examiner, coroner, dentist, chiropractor, optometrist, podiatrist, resident, intern, nurse, hospital or clinic personnel that are engaged in the examination, care, treatment or research of persons, and any other health practitioner, psychologist, mental health professional, social worker, day care center worker or other child-care worker, juvenile officer, probation or parole officer, jail or detention center personnel, teacher, principal or other school official, minister as provided by section 352.400, peace officer or law enforcement official, volunteer or personnel of a community service program that offers support services for families in crisis to assist in the delegation of any powers regarding the care and custody of a child by a properly executed power of attorney pursuant to sections 475.600 to 475.604, or other person with responsibility for the care of children has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, that person shall immediately report to the division in accordance with the provisions of sections 210.109 to 210.183. No internal investigation shall be initiated until such a report has been made. As used in this section, the term "abuse" is not limited to abuse inflicted by a person responsible for the child's care, custody and control as specified in section 210.110, but shall also include abuse inflicted by any other person.

2. If two or more members of a medical institution who are required to report jointly have knowledge of a known or suspected instance of child abuse or neglect, a single report may be made by a designated member of that medical team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter immediately make the report. Nothing in this section, however, is meant to preclude any person from reporting abuse or neglect.

3. The reporting requirements under this section are individual, and no supervisor or administrator may impede or inhibit any reporting under this section. No person making a report under this section shall be subject to any sanction, including any adverse employment action, for making such report. Every employer shall ensure that any employee required to report pursuant to subsection 1 of this section has immediate and unrestricted access to communications technology necessary to make an immediate report and is temporarily relieved of other work duties for such time as is required to make any report required under subsection 1 of this section.

4. Notwithstanding any other provision of sections 210.109 to 210.183, any child ~~[who does]~~ not ~~[receive]~~ **receiving** specified medical treatment by reason of the legitimate practice of the religious belief of the child's parents, guardian, or others legally responsible for the child~~[-for that reason alone,]~~ **or not receiving immunizations by reason of the religious or conscientious belief of the child's parents, guardian, or others legally responsible for the child** shall not be ~~[found to be]~~ **a contributing factor for a finding of** an abused or neglected child, and such parents, guardian or other persons legally responsible for the child shall not be entered into the central registry. However, the division may accept reports concerning such a child and may subsequently investigate or conduct a family assessment as a result of that report; **except that, a child not receiving immunizations shall not be a contributing factor in the division's decision to accept reports concerning such a child or to investigate or conduct a family assessment.** Such an exception shall not limit the administrative or judicial authority of the state to ensure that medical services are provided to the child when the child's health requires it.

5. In addition to those persons and officials required to report actual or suspected abuse or neglect, any other person may report in accordance with sections 210.109 to 210.183 if such person has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect.

6. Any person or official required to report pursuant to this section, including employees of the division, who has probable cause to suspect that a child who is or may be under the age of eighteen, who is eligible to receive a certificate of live birth, has died shall report that fact to the appropriate medical examiner or coroner. If, upon review of the circumstances and medical information, the medical examiner or coroner determines that the child died of natural causes while under medical care for an established natural disease, the coroner, medical examiner or physician shall notify the division of the child's death and that the child's attending physician shall be signing the death certificate. In all other cases, the medical examiner or coroner shall accept the report for investigation, shall immediately notify the division of the child's death as required in section 58.452 and shall report the findings to the child fatality review panel established pursuant to section 210.192.

7. Any person or individual required to report may also report the suspicion of abuse or neglect to any law enforcement agency or juvenile office. Such report shall not, however, take the place of reporting to the division.

8. If an individual required to report suspected instances of abuse or neglect pursuant to this section has reason to believe that the victim of such abuse or neglect is a resident of another state or was injured as a result of an act which occurred in another state, the person required to report such abuse or neglect may, in lieu of reporting to the Missouri children's division, make such a report to the child protection agency of the other state with the authority to receive such reports pursuant to the laws of such other state. If such agency accepts the report, no report is required to be made, but may be made, to the children's division.

9. For the purposes of providing supportive services or verifying the status of a youth as unaccompanied or homeless for the purposes of accessing supportive services, the fact that a child is an unaccompanied youth as defined in 42 U.S.C. Section 11434a(6) is not, in and of itself, a sufficient basis for reporting child abuse or neglect, unless the child is under sixteen years of age or is an incapacitated person, as defined in section 475.010. Nothing in this subsection shall limit a mandated reporter from making a report under this section if the mandated reporter knows or has reasonable cause to suspect that an unaccompanied youth has been or may be a victim of abuse or neglect.

334.099. 1. (1) The board may initiate a contested hearing to determine if reasonable cause exists to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances. **The board shall not initiate a contested hearing on the basis of, or in retaliation for, any licensee or applicant providing an immunization exemption statement or certification under section 167.181, 174.335, or 210.003.**

(2) The board shall serve notice pursuant to section 536.067 of the contested hearing at least fifteen days prior to the hearing. Such notice shall include a statement of the reasons the board believes there is reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental, or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances.

(3) For purposes of this section and prior to any contested hearing, the board may, notwithstanding any other law limiting access to medical or other health data, obtain medical data and health records relating to the licensee or applicant without the licensee's or applicant's consent, upon issuance of a subpoena by the board. These data and records shall be admissible without further authentication by either board or licensee at any hearing held pursuant to this section.

(4) After a contested hearing before the board, and upon a showing of reasonable cause to believe that a licensee or applicant is unable to practice his or her profession with reasonable skill and safety to the public by reason of medical or osteopathic incompetency, mental, or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances the board may require a licensee or applicant to submit to an examination. The board shall maintain a list of facilities approved to perform such examinations. The licensee or applicant may propose a facility not previously approved to the board and the board may accept such facility as an approved facility for such licensee or applicant by a majority vote.

(5) For purposes of this subsection, every licensee or applicant is deemed to have consented to an examination upon a showing of reasonable cause. The applicant or licensee shall be deemed to have waived all objections to the admissibility of testimony by the provider of the examination and to the admissibility of examination reports on the grounds that the provider of the examination's testimony or the examination is confidential or privileged.

(6) Written notice of the order for an examination shall be sent to the applicant or licensee by registered mail, addressed to the licensee or applicant at the licensee's or applicant's last known address on file with the board, or shall be personally served on the applicant or licensee. The order shall state the cause for the examination, how to obtain information about approved facilities, and a time limit for obtaining the examination. The licensee or applicant shall cause a report of the examination to be sent to the board.

(7) The licensee or applicant shall sign all necessary releases for the board to obtain and use the examination during a hearing and to disclose the recommendations of the examination as part of a disciplinary order.

(8) After receiving the report of the examination ordered in subdivision (4) of this subsection, the board may hold a contested hearing to determine if by clear and convincing evidence the licensee or applicant is unable to practice with reasonable skill or safety to the public by reasons of medical or osteopathic incompetency, reason of mental or physical incapacity, or due to the excessive use or abuse of alcohol or controlled substances. If the board finds that the licensee or applicant is unable to practice with reasonable skill or safety to the public by reasons of medical or osteopathic incompetency, reason of mental or physical incapacity, or excessive use or abuse of controlled substances, the board shall, after a hearing, enter an order imposing one or more of the disciplinary measures set forth in subsection 4 of section 334.100.

(9) The provisions of chapter 536 for a contested case, except those provisions or amendments which are in conflict with this section, shall apply to and govern the proceedings contained in this subsection and the rights and duties of the parties involved. The person appealing such an action shall be entitled to present evidence under chapter 536 relevant to the allegations.

2. Failure to submit to the examination when directed shall be cause for the revocation of the license of the licensee or denial of the application. No license may be reinstated or application granted until such time as the examination is completed and delivered to the board or the board withdraws its order.

3. Neither the record of proceedings nor the orders entered by the board shall be used against a licensee or applicant in any other proceeding, except for a proceeding in which the board or its members are a party or in a proceeding involving any state or federal agency.

4. A licensee or applicant whose right to practice has been affected under this section shall, at reasonable intervals not to exceed twelve months, be afforded an opportunity to demonstrate that he or she can resume the competent practice of his or her profession or should be granted a license. The board may hear such motion more often upon good cause shown.

5. The board shall promulgate rules and regulations to carry out the provisions of this section.

6. For purposes of this section, "examination" means a skills, multidisciplinary, or substance abuse evaluation.

334.100. 1. **(1)** The board may refuse to issue or renew any certificate of registration or authority, permit or license required pursuant to this chapter for one or any combination of causes stated in subsection 2 of this section. The board shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of the applicant's right to file a complaint with the administrative hearing commission as provided by chapter 621. As an alternative to a refusal to issue or renew any certificate, registration or authority, the board may, at its discretion, issue a license which is subject to probation, restriction or limitation to an applicant for licensure for any one or any combination of causes stated in subsection 2 of this section. The board's order of probation, limitation or restriction shall contain a statement of the discipline imposed, the basis therefor, the date such action shall become effective, and a statement that the applicant has thirty days to request in writing a hearing before the administrative hearing commission. If the board issues a probationary, limited or restricted license to an applicant for licensure, either party may file a written petition with the administrative hearing commission within thirty days of the effective date of the probationary, limited or restricted license seeking review of the board's determination. If no written request for a hearing is received by the administrative hearing commission within the thirty-day period, the right to seek review of the board's decision shall be considered as waived.

(2) The board shall not refuse to issue or renew any certificate of registration or authority, permit, or license required by this chapter on the basis of, or in retaliation for, providing an immunization exemption statement or certification under section 167.181, 174.335, or 210.003. The board shall not issue a license that is subject to probation, restriction, or limitation on the basis of, or in retaliation for, providing an immunization exemption statement or certification under section 167.181, 174.335, or 210.003.

2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate of registration or authority, permit, or license required by this chapter or any person who has failed to renew or has surrendered the person's certificate of registration or authority, permit, or license for any one or any combination of the following causes:

(2) The person has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution under the laws of any state or of the United States, for any offense reasonably related to the qualifications, functions, or duties of any profession licensed or regulated pursuant to this chapter, for any offense involving fraud, dishonesty, or an act of violence, or for any offense involving moral turpitude, whether or not sentence is imposed;

(s) Any other conduct that is unethical or unprofessional involving a minor;

6. Before restoring to good standing a license, certificate, or permit issued pursuant to this chapter which has been in a revoked, suspended, or inactive state for any cause for more than two years, the board may require the applicant to attend such continuing medical education courses and pass such examinations as the board may direct.

7. In any investigation, hearing, or other proceeding to determine a licensee's or applicant's fitness to practice, any record relating to any patient of the licensee or applicant shall be discoverable by the board and admissible into evidence, regardless of any statutory or common law privilege which such licensee, applicant, record custodian, or patient might otherwise invoke. In addition, no such licensee, applicant, or record custodian may withhold records or testimony bearing upon a licensee's or applicant's fitness to practice on the ground of privilege between such licensee, applicant, or record custodian and a patient."; and
