Election Integrity is the bedrock of a democratic society! The election has to be FREE and FAIR, but it's not a right, nor a God-given Right, illegals shouldn't be allowed to vote, and mail-in voting shouldn't be more than 1-day voting! All the audit measures in this bill ensures BASIC election integrity, and anyone who oppose this and say this is voter suppression are liberal idiots!

I wholeheartedly support the provisions in HB 2140. Missouri should only be using paper ballots in all elections to ensure that there is a paper trail should questions arise about the accuracy of any election.

We need to restore free and fair elections for Missourians. Voting is a privilege, not a right! Illegals & criminals shouldn't be allowed to vote! We need satisfactory voting measures to ensure election integrity, including Voter PHOTO ID requirement, signature verification, SAME DAY VOTING, SoS ability to audit votes, CLEAN UPDATED AND VERIFIED VOTER ROLLS. No sudden change in legislature regarding election laws. Paper ballot is a MUST!

oppose the bill because it does not provide provisions to ensure that every eligible voter has an opportunity to vote and the bills introduce politics into each voter's record as well as into the work done locally by each county/city's election authority.

The understanding of what happened in the election of 2020 is ongoing. Any legislative action to resolve problems not yet identified makes little sense. Trying to apply current law to what happened in 2020 is challenging, and many issues are being looked at. Please do not move forward with this bill at this time. TIA

Mr. Chairman and members of the committee, my name is Amy Kuo Hammerman, and I am submitting this testimony in opposition of HB 2140 on behalf of the National Council of Jewish Women St. Louis (NCJWSTL). NCJWSTL is a non-profit organization in metropolitan St. Louis, representing over 5,000 members and supporters throughout the state. We focus our work on community service, advocacy, education and philanthropy to improve the quality of life for women, children and families while supporting individual and civil rights, and have been doing so since 1895. Among other things, HB 2140 exempts election commissioners, employees and poll workers from having to live and/or be a registered voter in the jurisdiction and mandates that vote tabulating machines not be network connected. There are several reasons why this is problematic: • Not requiring poll workers, challengers and watchers to live and/or be registered in the jurisdiction increases the potential for voter intimidation. • Prohibiting paying staff who register voters impedes organizations' voter registration efforts. • The bills increase the ability of the SOS to interfere in local election administration and list maintenance and withhold funds. • Eliminating electronic machines and requiring paper ballots could delay tabulation results and could present barriers for certain voters with disabilities. NCJWSTL encourages you to vote no on HB 2140.

We don't need more exceptions to existing laws that make it easier to cheat in elections or drag them out any longer. If voting is a priority, the voter can adjust their schedule to accommodate. Employers already must allow employees time to vote.

Good afternoon, Representatives. I am Angie Dunlap, President of the League of Women Voters of Metro St. Louis. We believe that for democracy to work every eligible citizen should be heard in elections. Some changes proposed by HB 2140 will make it harder for some Missourians to vote. To cast a ballot, current law already requires voters to show identification. HB 2140 would create a strict government-issued photo voter ID. 200,000 Missouri voters do not have a non-expired state id, and the people who will be unable to vote will most likely be voters of color, seniors, and voters with disabilities. That means this law squashes the voices of already marginalized communities. Now it may seem that it is easy to get a state ID, but this is not always the case. The cost, in dollars and time, is very real for people, especially if you are not able to easily get your birth certificate. This new identification at the polls is not needed; there are virtually zero instances of voter impersonation fraud. There is no current problem with voter identification at the polls. HB 2140 goes on to create a more confusing absentee process. In our League office each election season, we are answering questions about how voters can get and submit an absentee ballot. They ask so many things.. "What needs to be notarized?" "What if I do not know now if I will have to work a 12-hour shift on election day?" "Who can turn in my absentee ballot for me?" The list goes on. It is so confusing for voters. HB2140 will make it worse with the two-tiered process where some people need an excuse, and some do not. Most states do not require any excuse to vote absentee. And in Missouri we should do the same... for every absentee voter. Do not leave out voters; many are just hard-working or busy or elderly or caretakers. Missourians should not need an excuse to vote absentee. A democracy needs every voice. The League of Women Voters believes that there is power in pro-voter groups coming before elected officials to explain why legislation hurts voters and steers our state away from a more perfect democracy. Please hear us. Thank you for allowing me to submit this testimony. Angie Dunlap President of the League of Women Voters of Metro St. Louis

MOmentum: Missouri Moving Forward is a non-profit and non-partisan organization with over 400 members that promotes democratic values. **MOmentum** follows legislative matters, both in Missouri and nationally, and sends out action alerts to its members. **MOmentum** opposes HB 2113 and 2140, which would severely restrict absentee voting by eliminating non-photo forms of ID that Missourians currently use and rely upon to verify their identity, including a voter registration card from the election authority or a Missouri student ID. The Missouri Supreme Court has previously ruled that such requirements for photo IDs are unconstitutional. The vast majority of states allow no-excuse absentee voting. The two bills currently being proposed in Missouri limit no-excuse absentee voting only to those who can appear in person at the election office, typically only during limited hours, and only upon showing state-issued non-expired photo ID. This requirement would exclude those who need to request absentee ballots by mail (e.g. shift workers who can't make it to the election office during working hours, those who have to work on Election Day and those who lack transportation to the election office, as well as elderly voters, voters with disabilities or chronic health conditions, or those with elder or child care obligations who need to get absentee ballots by mail). Those with health conditions that prevent them from voting in person would be effectively disenfranchised, by not being allowed to cast their ballot due to being unable to go to the election office in their county. Arlene Zarembka, **MOmentum: Missouri Moving Forward**

Dear Chairman Shaul and members of the House Elections and Elected Officials Committee: The Sierra Club, Missouri Chapter opposes House Bill 2140. Although we appreciate the concept of no-excuse absentee voting, we believe that this bill does not go far enough and it will leave many Missouri voters out of the process. House Bill 2140 strictly limits the ability to obtain an absentee ballot by mail as a voter would have to vote in-person. This excludes vulnerable voters like seniors, shift workers and voters with disabilities and health conditions who would still be required to indicate one of six acceptable reasons to vote absentee (being over age 65, having a disability, or having to work on Election Day are not alone an acceptable reason to vote absentee). The Missouri Sierra Club represents 13,000 Missouri members across the state who advocate for conservation, environmental and social justice, and democracy through grassroots efforts. We believe that every voter should have the all tools to exert their constitutional right to be involved in our democracy. The proposals in House Bill 2140 are unnecessary and harmful as they will impede on Missourians ability to safely vote. We urge you to vote No on HB 2140.

The Missouri Asian American Youth Foundation stands in opposition to HB2140 because it establishes a hard photo ID law and eliminates advance notice of new hard photo ID laws. Currently, Missouri allows for voters to bring the Board of Elections postcard notices as proof of ID, which is convenient for elders, university students, and others. We stand in strong opposition to the ever restrictive voting laws in this state that make it harder and harder for all groups to vote. It is disproportionately difficult for Missourians to get DMV appointments nowadays with COVID and limited hours. Additionally, renewing one's passport takes 6 months now. These are additional hurdles we should not have to face in order to access our right to vote. When I first moved to Missouri in 2014, driver's licenses from outside the state were acceptable. Now they are not. This makes it increasingly difficult for the folks who are moving here and buying homes, shoring up our tax revenue base, and our state workers' comp and UI funds. We support absentee voting but it should be mail in and available from all parts of the state and counties as opposed to only being available in person at the BOE.

MO voters should be able to vote "no-excuse absentee" without having to appear in person at the county clerk's office as it makes it too difficult for many people to get to the election office due to disabilities, not being able to drive or obtain transportation or having available time to match the hours of the office. Also having a a non-expired state-issued photo ID is putting too much of a burden on these same people. Having a voter registration card, a current utility bill or a student ID is enough to prove their identity. We need to make voting more accessible to voters and encourage voting for true Democracy!

There are many MO voters that would have great difficulty getting a photo ID that are elderly, disabled or simply do not drive so the right to vote would be taken away from them. MO should have no-excuse absentee voting, not just for those who are able to go in person to the election office. Most of those offices are difficult to access for again the elderly, the disabled, those that don't drive or have easy transportation and voters whose schedules do not match the office hours of the election office which would be most hourly workers. MO should not eliminate electronic machines as that would slow down getting the results, but should have paper ballots as a back-up as I believe that is the present method. This is a bad bill that is taking away voter rights!

I want to register my strong opposition to both HB2113 and HB 2140. It is obvious that they are intended to make it harder to vote – even in the face that there is no evidence there is a need for this action. Voting is a right of Missouri and United States residents. WHY make it hard? And WHY not allow the casting of votes by citizens with voting rights? The intent of these bills is to make it harder for legal voters to cast their vote. That intent is demonstrated throughout these bills. Imagine limiting absentee voting in the mist of a pandemic. How Un-“American” can you get? I am dismayed that Missouri legislators are even considering these bills. Although Missourians like to THINK they are “independent” thinkers, demonstrated in the slogan “the Show Me state,” this legislation is an indication of how far our legislators may be from being independent. This restriction of voting rights is a nationwide power grab, a replay of the Jim Crow restrictions that made the Voting Rights law of the 1960s necessary. I hate to see how manipulable our legislators seem to be. Please, do not pass this bill out of this Committee. Thank you, Cassandra Butler

We would like to think that the Republicans on the Election Committee would only bring forward bills that reduce the vulnerabilities in our elections, but that is not what is happening. Even though HB 2113 has good language requiring Hand Marked Paper Ballots, this bill will open up cans of worms. I ask Senator Shaul to immediately give Rep. Hudson's HB1595 a hearing.

I urge the committee to reject this bill. It does nothing to protect voting in Missouri and actually interferes with the ability of Missourians to cast their votes. First of all, I object to the strict photo ID requirement. More than 200,000 Missouri voters lack a non-expired photo ID with the Department of Revenue. Passing this legislation would be massive voter disenfranchisement! This bills further limits absentee voting for caretakers - why would lawmakers even want to do this? Just think about that! It makes no sense to make it harder for people who care for others to vote. The bill increases the ability of the Secretary of State to interfere in local elections. I am an election worker here in St. Charles and I have been quite happy with how our Election Authority has handled our elections in a fair and unbiased way. Inserting the Secretary of State in the process would make this local function much more political as we have seen with our Attorney General's efforts to interfere in local decisions. This bill's mandate for paper ballots is also reactionary. We use paper ballots that we scan into a scanner here in St. Charles. Again, this works very well. We get quick vote tabulation but we also have a paper trail if an audit is needed. I urge you to strike down this Bill!

The Jewish Community Relations Council (JCRC), guided by Jewish values, advocates, educates, collaborates and mobilizes action on issues important to the Jewish community, 60,000 strong in St. Louis. We are committed to pursuing religious tolerance, civic discourse and social justice in St. Louis and beyond. HB 2113/2140 would make voting more difficult in Missouri. We know changes to photo ID laws disproportionately disenfranchise communities of color, people living in poverty, seniors, students and people experiencing homelessness. There also have been zero prosecuted cases of voter impersonation in Missouri. The JCRC has passed a voting rights policy committed to ensuring equal access to the ballot box and fighting voter suppression and discrimination in all forms. The right to vote is a crucial aspect of civic participation and ensuring politicians are accountable to everyone is an important check on abuse of power. We should be focusing on making it easier to vote by automating voter registration and instituting true no excuse absentee voting. These bills, while they offer some version of no excuse absentee voting, make it so restrictive and exclude so many people who need the service, that it discriminates against those who need it most such as shift workers, those who lack transports and people with chronic health conditions. And let's look at the facts from the 2020 General elections. According to the Associated Press, more than 3 million ballots were cast in the General election in Missouri - that is about 70% of that state's 4.3 million registered voters. By all accounts that is a great turnout and up from about 2.8 million voters in 2016. Of those 3 million ballots cast, about 828,000 ballots were voted absentee or about 28% That is nearly three times the number of absentee ballots that were cast in the 2016 general elections (about 10% were cast absentee). Yet Missouri had a clean election - no disputes, no problems, no fraud. And this very high turnout had limited impact on state-wide results. The majority party retained its seats, the ballot initiative that the majority party of the General Assembly placed on the ballot passed - so increased access via expanded absentee and mail in voting put into place because of COVID 19 - clearly did not favor one political party over another. Why are these bills, and others like them, working so hard to address a problem that doesn't exist in Missouri. 34 states have no-excuse absentee voting for everyone. Missouri should follow suit. We oppose HB 2113/2140 and urge you to do the same.

As a citizen of the State of Missouri and a retiree from the US Army (22 years of service) I am opposed to any limitations that do not allow a person to vote. I gave 22 years of my life to ensure that every legal citizen has the right and opportunity to vote. I believe that requiring birth certificates violates the individual the right to vote (especially since we have many rural voters who even in this time are born at home, but especially to seniors who were born at home in the 20th Century. As a genealogist for my family the expense of obtaining a birth certificate can be time-consuming and expensive. I believe that as long as the voter can present some sort of documentation that attests to the fact, they live at the residence they tell the Election Judge than they should be able to vote. I serve as a Supervisory Judge in St. Charles County and have had to turn away many people who even though presenting documentation are not in the database that we use. By turning away, I am saying that we have to send them to the Election Authority to get their case sorted out.

The last thing Missouri needs is No Excuse Absentee Voting for 3 weeks prior to Election Day in addition to address changes on Election Day. Time and time again, such measures have been shown to be ripe for fraud. Instead of insuring election integrity, these measures do the exact opposite. Absentee ballots should be the exception rather than the rule.

Dear Honorable Members of the Elections and Elected Officials Committee,I write to encourage you to vote no on HB2140 because it would allow for three weeks of no excuse absentee voting, would expand absentee voting to additional occupations and allows for an address change on Election Day. Making this law would not result in election integrity but rather denigrate the process allowing for less integrity.Please vote no on HB2140Respectfully submitted,Dan Sexson

I am against the following sections of this bill: 1. Allows registered voters to file change of address forms in person on election day (Sections 115.165); 2. Allows appointment of election judges who reside outside the requisite election authority's jurisdiction without the need for written consent from the election authority in whose jurisdiction the potential judge resides. Procedures for selecting election judges from lists submitted by political party committees is specified (Section 115.081; 115.085).

HB 2140I am David Berland and live at 200 Brentwood Blvd, 9B in Clayton (63105) and OPPOSE both HB 2114 and HB 2140.In spite of a recent study* finding high or low voter turnout benefits or hinders neither the Democratic nor Republican Party, people hold on to contrary beliefs. These incorrect beliefs politicize the acts of registering and voting. In turn, that politization prevents people from participating in our elections, resulting in less buy-in in the election.Because neither party benefits from high or low turnout, why not allow and encourage as many people as possible to participate? Both of these bills make it more difficult, not easier, to vote. I am opposed to both.*Gronke P, Galanes-Rosenbaum E, Miller PA (2021): Early Voting and Turnout in PSOnline

We want voter ID and a clean up of the the voter roles immediately; if the voting system is not cleaned up immediately you will be creating enough descention that our government wil no longer be trusted enough to be viable. No excuse absentee voting is a method used to cheat (see Wisconsin 2020 election, latest State Supreme Court ruling) and create a lack of confidence in the system, in person voting only.

I believe that Missouri should adopt "no excuse" absentee voting but should not place any limitations on the citizen's access to voting. Limiting the voter ID to a state issued, not expired driver's license or non-driver's ID would be a hardship for many citizens. I am in opposition to anything which limits a citizen's access to voting.

The Missouri Voter Protection Coalition (MOVPC) opposes H.B. 2140. The legislation would establish a two-tiered absentee voting system that would strictly limit absentee voting by mail for the most vulnerable voters who need to cast ballots by mail and limit publicly available voter registration information. While the legislation includes several valuable proactive reforms - including provisions allowing Missouri voters to update their address at the polls and providing for electronic transmission of DMV registrations - the overriding impact of HB 2140's provisions would impose needless and discriminatory restrictions on Missouri's most marginalized voters. Let's ensure that all Missourians have access to absentee voting, not just those who have the ability to appear in person at the local election office. The Missouri Voter Protection Coalition is Missouri's statewide nonpartisan network of voter advocates who work to advance the right to vote in Missouri through policy advocacy, strategic litigation, voter education and coordination of the statewide nonpartisan Election Protection program. Through the collective experience of our 50+ partner organizations and nationally recognized expertise of our leaders and partners, over the last 15 years, we have provided this Committee with analysis and assessment of how legislation before the committee stands to impact access to the ballot for Missouri's voters. H.B. 2140 would: Establish no-excuse absentee voting but ONLY for voters who can appear in person at the election office (or designated location) (typically only during working hours) and who can present valid ID. It continues to strictly limit the ability to obtain an absentee ballot by mail - excluding vulnerable voters like seniors, shift workers and voters with disabilities and health conditions who would still be required to indicate one of six acceptable reasons to vote absentee (being over age 65, having a disability, or having to work on Election Day are not alone an acceptable reason to vote absentee). The vast majority of states allow ALL voters to obtain an absentee ballot by mail without providing a reason. Let's make this a reality for ALL Missouri voters and not create another two-tiered, confusing absentee voting scheme. ?Exempt election commissioners, poll workers and staff from having to reside or be registered in the election jurisdiction, opening the risk of voter intimidation by outsiders who are not members of the community. ?Mandates that vote tabulating machines not be network connected, something that is already the case in Missouri. ?Allows Missouri voters who have moved from one jurisdiction to another to update address at the polls on Election Day, a valuable proactive reform. ?Require DMVs to use state's electronic voter registration system to ensure electronic transmission to election authorities, a valuable proactive reform. To be sure, Missouri needs no-excuse absentee voting and is far behind the vast majority of states in its strict absentee voting limitations. Republican and Democrat Missouri election officials support no-excuse absentee voting. 35 states plus the District of Columbia allow all voters to cast an absentee ballot without providing a reason. This has not only made voting more accessible for voters in those states

but also more efficient for local election officials to administer. The dramatic rise in absentee voting by Missouri voters in 2020, when expanded absentee voting options were available, shows that Missourians would avail themselves of this option if offered. Missouri currently limits absentee voting only to voters who attest to one of six statutory reasons they expect to be unable to physically go to the polls on Election Day. Missouri local election authorities across the political spectrum applauded the increase in absentee voting in Missouri in 2020 (thanks to temporary expansions of voting by mail), and reported results they characterized as “timely, accurate and secure.” Absentee voting benefitted voters and election authorities alike. Interest in absentee voting is here to stay. Accordingly, we applaud the bill’s nod to moving Missouri towards this needed absentee voting reform. However, no-excuse absentee voting should apply to all absentee voters. H.B. 2140’s no-excuse absentee voting would apply only to those able to appear at their election office (largely only during working hours) and only to those able to present non-expired state issued photo ID. Those who cannot appear at the election office during the limited hours of operation, lack transportation to the election office, have disabilities, chronic health conditions or child or elder care responsibilities, or those without state issued photo ID would be left out. It would continue to require those who need to cast absentee ballots by mail -- think about low wage workers who can’t get off work on a Tuesday without taking off a day without pay, shift workers like many essential workers keeping us safe, seniors, those with chronic health conditions or child or elder care responsibilities -- to indicate one of the six limited reasons for casting their absentee ballot. And, under Missouri’s absentee rules, voters are not eligible to obtain absentee ballots due to age, disability, work conflict or chronic health conditions alone. They would be left out - ineligible to get an absentee ballot by mail, unable to avail themselves of the no-excuse absentee provisions their more privileged neighbors can exercise. Accordingly, we urge this Committee to extend no-excuse absentee voting to ALL eligible voters and not differentiate amongst absentee voters who have the ability to appear in person at the expense of absentee voters who cannot. While this bill has several positive reforms — including providing for electronic capturing and transmission of DMV voter registrations and allowing interstate voters who move from one jurisdiction to another to update their registrations at the polls — they are insufficient to overcome the bill’s photo ID and absentee voting limitations, which will disproportionately impact our state’s most vulnerable and marginalized voters. We urge members of this committee to focus on making voting more accessible rather than impose additional hurdles for voters and local election authorities. Accordingly, I urge the committee to OPPOSE H.B. 2140 or alternatively amend the legislation to avoid another confusing two-tiered absentee voting scheme and ensure all voters are able to access absentee ballots. Exempts election commissioners, poll workers and staff from having to reside or be registered in the election jurisdiction, opening the risk of voter intimidation by outsiders who are not members of the community. The Missouri Voter Protection Coalition (MOVPC) submits this testimony in opposition to H.B. 2140. The legislation would impose discriminatory photo ID requirements to vote, establish a two-tiered absentee voting system that would strictly limit absentee voting by mail for the most vulnerable voters who need to cast ballots by mail and limit publicly available voter registration information. While the legislation includes several valuable proactive reforms - including provisions allowing Missouri voters to update their address at the polls and providing for electronic transmission of DMV registrations - the overriding impact of HB 2140's provisions would impose needless and discriminatory restrictions on Missouri's most marginalized voters. The Missouri Voter Protection Coalition is Missouri's statewide nonpartisan network of voter advocates who work to advance the right to vote in Missouri through policy advocacy, strategic litigation, voter education and coordination of the statewide nonpartisan Election Protection program. Through the collective experience of our 50+ partner organizations and nationally recognized expertise of our leaders and partners, over the last 15 years, we have provided this Committee with analysis and assessment of how legislation before the committee stands to impact access to the ballot for Missouri's voters. H.B. 2140 would impose a strict photo ID requirements by requiring all in-person voters to provide non-expired state issued photo ID to vote. The bill eliminates non-photo ID options currently allowed to vote, including a voter identification card issued by the election authority. More than 200,000 registered voters in Missouri lack a non-expired Missouri state issued ID, disproportionately voters of color, young voters, voters with disabilities, seniors and other marginalized voters. Establish no-excuse absentee voting but ONLY for voters who can appear in person at the election office (or designated location) (typically only during working hours) AND who can present non-expired state-issued photo ID. It continues to strictly limit the ability to obtain an absentee ballot by mail - excluding vulnerable voters like seniors, shift workers and voters with disabilities and health conditions who would still be required to indicate one of six acceptable reasons to vote absentee (being over age 65, having a disability, or having to work on Election Day are not alone an acceptable reason to vote absentee). Further, the bill eliminates even the limited no-excuse absentee voting provision if the photo ID mandate is enjoined. Exempts election commissioners, poll workers and staff from having to reside or be registered in the election jurisdiction, opening the risk of voter intimidation by outsiders who are not members of the community. Mandates that vote tabulating machines not be network connected, something that is already the case in Missouri. Allows Missouri voters who have moved from one jurisdiction to another to update address at the polls on Election Day, a valuable proactive reform. Requires DMVs to use state's electronic voter registration system to ensure electronic transmission to election authorities, a valuable proactive reform. To be sure, Missouri needs no-excuse absentee voting and is far behind the vast majority of states in its strict

absentee voting limitations. Missouri election officials of both political parties support brining no-excuse absentee voting to Missouri. Currently, 34 states plus the District of Columbia allow all voters to cast an absentee ballot without providing a reason. This has not only made voting more accessible for voters in those states but also more efficient for local election officials to administer. The dramatic rise in absentee voting by Missouri voters in 2020, when expanded absentee voting options were available, shows that Missourians would avail themselves of this option if offered. Missouri currently limits absentee voting only to voters who attest to one of six statutory reasons they expect to be unable to physically go to the polls on Election Day. Missouri local election authorities applauded the increase in absentee voting in Missouri in 2020 (thanks to temporary expansions of voting by mail), and reported results they characterized as “timely, accurate and secure.” Absentee voting benefitted voters and election authorities alike. Interest in absentee voting is here to stay. Accordingly, we applaud the bill’s nod to moving Missouri towards this needed absentee voting reform. However, no-excuse absentee voting should apply to all absentee voters. H.B. 2140’s no-excuse absentee voting would apply only to those able to appear at their election office (largely only during working hours) and only to those able to present non-expired state issued photo ID. Those who cannot appear at the election office during the limited hours of operation, lack transportation to the election office, have disabilities, chronic health conditions or child or elder care responsibilities, or those without state issued photo ID would be left out. It would continue to require those who need to cast absentee ballots by mail -- think about low wage workers who can’t get off work on a Tuesday without taking off a day without pay, shift workers like many essential workers keeping us safe, seniors, those with chronic health conditions or child or elder care responsibilities -- to indicate one of the six limited reasons for casting their absentee ballot. And, under Missouri’s absentee rules, voters are not eligible to obtain absentee ballots due to age, disability, work conflict or chronic health conditions alone. They would be left out - ineligible to get an absentee ballot by mail, unable to avail themselves of the no-excuse absentee provisions their more privileged neighbors can exercise. Accordingly, we urge this Committee to extend no-excuse absentee voting to ALL eligible voters and not differentiate amongst absentee voters who have the ability to appear in person at the expense of absentee voters who cannot. Finally, H.B. 2140 is fatally flawed by its unconstitutional strict photo ID provision. H.B. 2140 imposes a strict photo ID requirement to vote in person (including in-person absentee voting) by eliminating non-photo ID options currently allowed to vote under § 115.427 RSMo. The Missouri Supreme Court has concluded that elimination of Option 2 IDs - as H.B. 2140 would do - would create a strict photo ID requirement that would be be unconstitutional. It would burden more than 200,000 valid Missouri voters who do not have a non-expired state-issued photo ID. The Missouri Constitution “establish[es] with unmistakable clarity that the right to vote is fundamental to Missouri citizens.” *Weinschenk v. State*, 203 S.W.3d 201, 212 (Mo. banc 2006), providing an explicit, affirmative constitutional right to vote more extensive than the federal constitution. Under the Missouri Constitution, any law that significantly burdens the right to vote is subject to strict scrutiny, the highest level of judicial review, a standard that has been re-affirmed by the Missouri Supreme Court in two cases involving photo ID requirements to vote. This is why the Missouri Supreme Court in *Weinschenk* concluded that a strict photo ID requirement imposes “a heavy and substantial burden on Missourians’ free exercise of the right of suffrage” in violation of the Missouri Constitution. The passage of Amendment 6 in 2016 doesn’t make the photo ID provision in H.B. 2140 permissible. In January 2020, in *Priorities USA v. State of Missouri*, the Missouri Supreme Court considered the state’s request to strike the non-photo ID options to vote – which is what H.B. 2113 would do – and suggested it would not pass constitutional muster. The Court stated that eliminating Option 2 IDs to create a Photo ID-only requirement would have “pose[d] constitutional concerns and could not have been adopted by this Court.” 591 S.W. 3d at 459. Because H.B. 2140 eliminates the Option 2 (non-photo ID) options for voting, it is similarly unconstitutional. H.B. 2140’s photo ID provision is a solution in search of a problem. Missouri law already requires all voters to produce identification at the polls. There has never been a prosecuted instance of voter impersonation in Missouri – and study after study shows it is exceedingly rare. Instead, H.B. 2140 would erect barriers to the ballot for thousands of eligible Missouri voters. Missouri law already provides stiff penalties for voter impersonation. While this bill has several positive reforms — including providing for electronic capturing and transmission of DMV voter registrations and allowing interstate voters who move from one jurisdiction to another to update their registrations at the polls — they are insufficient to overcome the bill’s photo ID and absentee voting limitations, which will disproportionately impact our state’s most vulnerable and marginalized voters. We urge members of this committee to focus on making voting more accessible rather than impose additional hurdles for voters and local election authorities. Accordingly, I urge the committee to OPPOSE H.B. 2140. HB 2140 establishes a confusing two-tiered absentee voting system that would limit absentee voting by mail for the most vulnerable voters who need to cast ballots by mail and limit publicly available voter registration information. The right to vote is precious for all of our citizens and this bill would decrease voter turnout.

HB 2140 Enshrines strict photo ID requirement to vote in person. This disenfranchises the poor and disadvantaged in our society. I've been volunteering to help people register to vote for the last few years. Last fall, I met someone who had moved to Missouri from another state and had recently lost her driver's license. She was in the process of obtaining a new license, but since her records were several states away, this became a long and arduous process. She desperately wanted to register to vote before the deadline for the next election but was convinced she couldn't because of her lack of a license. She was elated when I told her that she could register. People who don't drive, people who work long hours, and others with special circumstances have a harder time registering to vote and a harder time voting. Don't make it harder for them.

I oppose HB 2140 for the same reasons I oppose HB 2113. Both displace the authority of local election officials with others who have no accountability to anyone. The provisions of these two bills threaten the fairness and security of local elections. .

Good Day,I am a 71-year-old taxpayer and registered voter. I am a Golden Life member of both Delta Sigma Theta Sorority, Inc., a public service sisterhood founded on Christian principles, and the NAACP. I lived in both Iowa (Des Moines) and California (San Francisco) for a total of about 10 years. I have voted in just about every election in Missouri since I turned 21. I still have my original voter registration card. It is cracked and even though I have worn out several billfolds, I still carry it with my other id cards. In the progressive state of Oregon where my brother lives and I visited, mail-in voting has been in existence since 1998 (last century). Registered voters are mailed a ballot and then they mail it back in a secrecy envelop after signing an affidavit. 1. Almost zero fraud has even been reported. 2. This practice which has bipartisan support 3. is both efficient and economical. 4. Voters have time to research and contemplate their decisions. 5. It is a healthier alternative in these times of pandemic. Other forward thinking states have followed suit Table 18: States With All-Mail Elections (ncsl.org).My voter registration card was issued by the Kansas City, MO Board of Elections 50 years ago. The Board of Elections sends me notifications in postcard form of primary, general and ballot initiatives for city, county, state and national elections by mail. I have been vetted by them through name and various address changes.The notifications tell me where to vote and should serve as my voting credentials at my polling location or for an absentee (early) vote. It is mailed to the address on record. This voter registration postcard should entitle me to vote just like a driver's license entitles me to drive. A Missouri driver's license is valid for up to 6 years. People can move in a span of 6 years. Then, the driver's license address is different from the current address. Women can change their last names when they marry and divorce. Then, the name is different. Both happened with me. Therefore, a voter registration postcard is a better form of validation for voting.I served as a registrar in voter registration drives at church as part of "Souls to the Polls" and other places as part of the KCMO Alumnae Chapter of Delta's Social Action Committee. I helped update names and addresses. I submitted updates when my last name and address changed.Photo id bills invalidate my certified voter post cards. Requiring photo id is unconstitutional per the Missouri Supreme Court. Why do these bills keep coming up? HB 334, 1878, 2021, 2113 and 2140 and HJR94 are not in the best interests of our democratic process. State and federal photo ids cost money. All registered voters have the right to vote. I drove on out of state licenses until they expired when I moved back to Missouri. I kept voting with my validated postcard. What about people who do not drive or do not have a reason to own a passport? What about photo ids that do not look like the registered voter? 1. I worked at the 2020 Census to count the population that determines the number of Missouri's US House of Representatives and federal funding. Female employees took photo id pics with one color and changed their hair color to another and/or cut or grew their hair subsequently. People wear wigs.2. People gain and lose weight over a 6-year period – term of a Missouri driver's license.3. Other changes to appearance (i.e., colored contacts) make

visual verification challenging. • Why would a voter id card issued by the Board of Elections be invalid for voting? Why would a driver's license issued by the DMV be valid for voting? In violation of the federal Voting Registration Act of 1993 Section 5 (Motor Voter), Missouri DMVs DID not automatically provide voter registration services when an individual applied for, renewed or changed the address on a driver's license or state-issued identification card as prescribed. A law suit ensued and the law was upheld. Missouri DMVs should stick to their mission and let the Election Boards stick to theirs. In Texas, a hunting license is valid id for voting but a student id is not. Does that make any sense? Stop trying to disenfranchise the populace (young, elderly, poor). HB1455 makes it illegal to pass out blank absentee ballot applications and HB2002 requires party declaration (nobody's business) at registration. I have distributed literature at the polls in the past. Declaring political party at a primary is sufficient for the voting process. Amazed by His Grace, Sis. Getta R. Hall (pronounced "G" as in Glory - "Ta" "Hall" as in Hallelujah)

Missouri should join the vast majority of states that allow no-excuse absentee voting, but it should apply to all absentee voters. Why are you trying to make voting more difficult? Eliminate the photo id requirements.

HB2140 is onerous in a similar way to HB2113, proposing that the voter appears in person. So, there is not a benefit, over voting in person, and my older neighbor who is trying to protect her health and stay out of our over burdened hospitals is again not allowed access to a safe way to vote. I am shocked that Missouri is attempting to make it MORE difficult for my neighbor who has served her community for years employed at an insurance company, and now after being a faithful taxpayer to the State of Missouri, she is denied access to vote in a way that protects her health.

February 9, 2022To: Chairman Shaul and Members House Committee on Elections and Elected OfficialsFrom: Allyn Harris Dault, Chair, Legislative Team Jeanette Mott Oxford, Organizer & Lead Campaign StrategistTestimony in Opposition to HB 2140Metropolitan Congregations United opposes HB 2140 for many of the same reasons that we oppose HB 2113. Strict voter photo ID laws could disenfranchise more than 200,000 of our Missouri neighbors. People living in poverty, women, and transgender individuals are especially likely to not have a non-expired photo ID that corresponds to their current identity and address.The rules in HB 2140 regarding no-excuse absentee voting are too narrow. Only those who can appear in person at the election office and present a non-expired state-issued photo ID can qualify. The bill continues to strictly limit the ability to obtain an absentee ballot by mail, and through the mail is the healthiest choice for many as we continue to live in a pandemic. Missouri would do well to make no-excuse absentee voting available to all absentee voters. Our current voting procedures make it difficult for many to vote. Among these are:• Those who need to request absentee ballots by mail, including those who have to work on Election Day;• Hourly or shift workers who cannot access the election office during working hours without risking loss of income or disciplinary action by an employer;• Those who lack transportation to the election office; and• Elderly voters, voters with disabilities or chronic health conditions, or those with elder or childcare obligations who need to get absentee ballots by mail. We ask that you vote NO on HB 2140.

It is shameful to bundle positive voting changes with restrictive, targeted activities. While it is a great option to allow same day voter registration updates, it is conflicting and confusing to include, on the same bill, language that limits the abilities of caretakers of our most vulnerable residents to participate in the voting process. I'm implore each of those charged with representing the people of Missouri to deny these restrictive bills from ever seeing the light of day.

Time and time again, such measures as "No Excuse Absentee Voting" for extended periods prior to Election Day and Election Day address changes have led to fraud. Instead of insuring election integrity, these measures do the exact opposite. Absentee ballots should be the exception rather than the rule.

Re: Written testimony in opposition to HB 2113 and HB 2140 Dear Chairperson Shaul and Members of the Elections and Elected Officials Committee, What is the value of a vote? And if we value the vote, what is the value of the voter who casts it? The U.S. Constitution has five amendments that protect voting rights. The Missouri Constitution in Article I Section 1 states that "all political power is vested in and derived from the people; that all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole". And Article I Section 25 states that "elections shall be free and open; and no power, civil or military, shall at any time interfere to prevent the free exercise of the right of suffrage." An article in The Wall Street Journal on October 23, 2020, titled "Why Is Voting Important" stated that "Americans vote to choose leaders and make their voices heard on local and national issues". It would seem that both Constitutions and the Wall Street Journal have a sense of the value of a vote and the importance of the people who have the power of the vote. After all, voting is the way we choose leaders and make our voices known. Political power is vested in and comes from us and free and open elections is the way that power is exercised. HB 2113 and HB 2140 do not value the vote or the voter. A state photo ID requirement does not value college students who may not need an state ID issued by the MDR and it does not value people of color, seniors or voters with disabilities who are the least likely to have a current state ID. Potential voters who do not have access to all the documents needed to meet this ID requirement are not valued as voters. Voter who are visually impaired will have difficulty voting after 2024 because electronic voting machines will no longer be available. HB 2113 and HB 2140 do not value the vote or the voter when it makes it almost impossible to cast a ballot at any time other than in person on Election Day. I have two elderly friends who are unable to stand in any line to vote. Their minds are as sharp as ever, but their bodies are failing them. They vote absentee. These two bills will make the voting process much more difficult for them. These two dear friends are not valued as voters simply because they cannot stand in line. And what about those folks who live in senior living centers. These voters and my friends rely on voter advocates to provide needed information about elections and absentee voting, but this kind of advocacy will no longer be allowed. No-excuse absentee voting does value the voter. But no-excuse in-person absentee voting held only during the weekday effectively eliminates working folks, folks with disabilities, folks who do not have transportation, the elderly, folks with chronic illnesses and those who live miles from a voting center. Who ultimately will educate the voters of Missouri if these or bills similar to these are passed out of the Missouri legislature? Not the Secretary of State's Office. That responsibility will have been removed. The Secretary of State's Office will, however, be allowed to audit lists, conduct cyber security assessments and withhold funds for noncompliance. Our elections need to be open, fair, safe and transparent. These two bills do not adhere to openness, fairness, safety, or transparency. They do not value the vote or the voter. I urge you to vote no on HB 2113 and

HB 2140.

This bill would provide for too many ways in which voter fraud can still occur instead of "tightening up" the process. Therefore...It is important that this bill NOT PASS out of committee

3 week no excuse absentee voting. No expansion of absentee voting to additional occupations-- healthcare providers, law enforcement and first responders, or no changing an address on election day. I take my Mom to vote in the time period we are given, but she doesn't have a way to get to the polls on election day so I take her ahead of time with her excuse that she is unable to come on election day. Myself as a nurse and my son who is EMS are able to go to the polls before our scheduled shift so that we do not need extra time to absentee.

To establish no-excuse absentee voting but ONLY for voters who can appear in person at the election office (or designated location) (typically only during working hours) and who can present valid ID continues to strictly limit the ability to obtain an absentee ballot by mail. It affects vulnerable voters like seniors, shift workers and voters with disabilities and health conditions who would still be required to indicate one of six acceptable reasons to vote absentee (being over age 65, having a disability, or having to work on Election Day are not alone an acceptable reason to vote absentee). Further, the bill eliminates even the limited no-excuse absentee voting provision if the photo ID mandate is enjoined. How can this be helpful to Missourians who would like to vote but and who should be able to do so via Absentee Voting if this better fits their lives? The role of the Legislature should be to improve upon the lives of typical Missourians and the effect of this bill does nothing to improve upon voters' lives.

A mixed bill as are many. It has some great ideas and is better than 2113. But there are still some major problems. Hyper restrictive voter ID have been removed by the court. Why bring them back up. Micromanaging who unable to vote in person or their caregivers disenfranchises voters. Also fear of getting Covid may not be a "illness" but can keep a number of people home. My 77 year old husband is able to work in his car repair shop alone. He takes immune suppressant drugs. People who take these drugs do not necessarily have an "illness". Some take the for eczema for example. He also has a defect in a nerve to his diaphragm, not a disability or an illness. BUT He should NOT be standing in a line to wait to vote. It does not matter if the line is on election day or before election day. Under this bill HOW DOES HE VOTE. As his caregiver,, who also has to avoid catching lung related diseases and bring them home, I have also have to take care and barely go out. Even our son wears a mask when he visits. HOW DO I VOTE. Problem not mentioned in the bill summary. 115.157 part 4, Removes the ability of political parties to find the names of absentee voters.. and in part 5, drops requirement that Election authorities sell list of voters to Political parties if requested. No excuse absentee voting would be is a wonderful idea. BUT if it is dependent on the court approving ID requirements that are unconstitutional it will never happen. Would be wonderful if registered MO voters could change address at new polling place after moving anywhere within State. Is that what I'm reading here? Not sure. As a person who has done voter registration, I have found many people who have moved and who want to and thought they could go back to their old polling place after the deadline to reregister.. I could only tell them the law.. I think they probably voted from the wrong location anyway. 115.013 Air gapping is a good idea A problem: a series of changes to allow Non - residents to take different roles in the election authorities, generally a very bad idea. The only exception would be for certain highly skilled persons who might not have residence in every election authority 115.031i There were reasons the original law had a one year residency requirement for governor appointed election commissioners. Suspect that it was to prevent the appointment of people from the outside with an "agenda" Strongly recommend the one year residency stay. 115.045 If it is not possible to get skilled employees from residents of the district, waiving the residency could be the exception, not the rule. Suggest something like "Election commissioners' employees. shall reside and be a registered voter within the jurisdiction of the election authority unless given an exception as a skilled specialist by the board" 115.051 Deputies and assistants must remain as residents, outsiders problematic 115.081 Do not mess with original. Allowing election JUDGES, AKA "poll workers" who are not residents of the election authority undermines the voters trust in the election At least not as bad as HB 2113 which had changes to residency of challengers (115.105) and watchers (115.107). Good that is not proposed here as both should be residents 115.151 Good, Speeds up the transmission of voter info from the DMV 115..157 Voting records not to be used for commercial purposes. Good Problem part: Removes the ability of political parties to find the names of absentee voters and to get voter lists Not sure how 115.135 and 115.165 interact.

Hope it means that a person who moved with in Missouri from on election authority to another can change address on election day.If you are already showing up in person with an ID, why can't you vote Absentee unless the hyper restrictive ID is passed..

Missouri should be making it easier to vote, not harder. I am 64 years old and travel frequently. It We're back at it again - Missouri House Elections Committee today noon and we need you! Still time to submit your online testimony (see link below) or better still, appear in person. In the House, Hearing Room 6 at the MO Capitol The Elections Committee will hold a public hearing on HB 2113, which would allow certain voters to cast early ballots without providing a reason, but ONLY those who can appear in person at the election office during limited hours, and ONLY those who can present non-expired state issued photo ID. Voters without strict photo ID or who need to get ballots by mail - shift workers, those without transportation, seniors, voters with disabilities - would still have to meet limited reasons to get an absentee ballot. The bill also makes it harder for confined voters and their caretakers to vote absentee. It also imposes strict photo ID requirements to vote, eliminating IDs voters currently rely upon. HB 2140 sets up a similar two-tiered absentee voting system, leaving out voters who already face the greatest barriers to voting. The vast majority of states allow all voters to request absentee ballots without a reason. Tell lawmakers that Missouri should make no-excuse absentee voting available to all voters, and not to impose a two-tiered system that makes it hardest for the most vulnerable voters. Submit Testimony Online <https://house.mo.gov/WitnessForm/Default.aspx?noticeid=6638>*make sure to check your email after submitting your online testimony and confirm Home Page - Witness Form HOUSE.MO.GOV Home Page - Witness Form shocking how hard it is, even for someone like me, to vote. When we are out of town, we actually have to pay to have our absentee ballots notarized. This is absurd and a big barrier to voting. My daughter who lives in Colorado, has ballots automatically mailed to her, eliminating barriers to voting. This is how all states should do it. We should have no excuse absentee voting for everyone! We should make it easier for confined voters and their caretakers to vote absentee. Missouri should make no-excuse absentee voting available to all voters, and not to impose a two-tiered system that makes it hardest for the most vulnerable voters.

On behalf of the Birth Certificate and Identification program at St. Francis Xavier, College Church in St. Louis we would urge you to oppose HB2113 and HB2140. Every year we see around 4,000 participants seeking their ID's and Birth Certificates. In order for someone to obtain their ID they must have their birth certificate. \$18 for an ID and \$15 for a birth certificate if they did not have a copy is a large sum for our participants. Cost is a barrier. Requiring an ID to vote is a poll tax to the tune of \$33.

I work with people in the city of St. Louis in order to obtain their IDs. We see around 4000 people year who need financial assistance to obtain their ID which generally automatically implies they need their birth certificate, which is an additional cost. It is not easy for our clients to obtain their documents a lot of the time. Requiring them to have an ID in order to vote would prevent them from voting. That's a significant number of people who would be excluded from their civic duty. Unless the process for obtaining an ID is changed drastically, this requirement is particularly exclusive and problematic. Please do not allow this to become law.

Chairman Shaul, Vice-Chairwoman McGaugh, members of the committee; thank you for the opportunity to submit testimony today in opposition to HB 2113 & HB 2140. Pro-Choice Missouri works to protect and expand every Missourian's right to bodily autonomy, to access essential reproductive healthcare, to access accurate information to make the best decisions for ourselves and our families, and to parent our children in safety and dignity. Moreover, we work to ensure reproductive justice for all Missourians, which involves advocating to reduce disparities based on race, income level, insurance coverage status, and other factors. Missouri should join the vast majority of states that allow no-excuse absentee voting, but it should apply to all absentee voters. These bills limit no-excuse absentee voting only to those who can appear in person at the election office, typically only during limited hours, and only upon showing state-issued non-expired photo ID. This excludes those who need to request absentee ballots by mail, including those who have to work on Election Day, hourly or shift workers who can't make to the election office during working hours, those who lack transportation to election office, elderly voters, voters with disabilities or chronic health conditions, or those with elder or child care obligations who need to get absentee ballots by mail. These voters would still have to meet one of the limited reasons to vote absentee - and having to work, being elderly, having health conditions or caretaker obligations alone are not valid reasons to vote absentee in Missouri. These voters would be left out. These bills further limit absentee voting for caretakers and individuals who are confined due to illness or disability, requiring such voters to be confined on Election Day itself, and prohibiting caretakers from voting absentee unless they actually live with the confined person. Family wellbeing is directly tied to the ability to effectively participate in our legislative process and affect meaningful change. The right to parent our children in dignity and safety, with the support our families need to thrive is fundamental and dependent on a healthy, functioning democratic system of government. These bills would have lasting negative impacts in Missouri. Pro-Choice Missouri, representing more than 70,000 members across the state, opposes the advancement of these resolutions, and urges you to vote NO. Thank you.

Extreme photo ID is a solution looking for a problem. What about people like my uncle, a war veteran, proudly used his military ID. He was born in St. Louis, but we have never been able to find his birth certificate. He no longer drives and there was no need for a current ID. He would be disenfranchised. We have many people who are in similar situations, long time held ID photo ID, expired state ID, who would not be able to vote. Over 200,000 in Missouri would have difficulty voting. This would be vote theft. I worked with students at a local university in a non-partisan effort to register voters. One of the saddest tales was a young college student was left with relatives when she was a toddler. Her drug addicted parents disappeared. She never went into the foster system. She and her family have no idea where she was born (her parents lived many places) and has no birth certificate. She had to establish a lot to enter the ROTC program at the University but broke down and cried that she couldn't be registered to vote because she didn't have a driver's license. You can only imagine her joy when we could use her Missouri State ID. For this reason along I oppose this bill.

I strongly oppose HB 2140 because like HB 2113 it creates further obstacles and confusion with a similar two-tiered absentee voting system, leaving out voters who already face the greatest barriers to voting. The vast majority of states allow all voters to request absentee ballots without a reason. Missouri should join the vast majority of states with no-excuse absentee voting for all voters. Imposing a two-tiered system that makes it hardest for the most vulnerable Missouri voters who need absentee ballots the most is wrong.

Testimony on HB 2113My name is Mary Lindsay. I live at 10800 Wornall Road, #307 in Kansas City, Missouri 64114.I oppose HB 2113 for several reasons. The one that is most personal to me is that makes no-excuse absentee voting very difficult or impossible for many voters. The vast majority of states allow no-excuse absentee voting without problem.I am retired now, but before I retired there were times I simply could not vote because I wasn't able to get off work on Election Day. Why would our state government want to make voting hard to do? Please, do not pass HB 2113 or HB 2140.Thank you.

I oppose HB 2140 for various features, but I'm writing here about how it would strictly limit the ability of even elderly and disabled voters to obtain an absentee ballot by mail.

February 9, 2022 Representative Dan Shaul Elections and Elected Officials Committee Missouri House of Representatives 201 W Capitol Ave., Rm. 313-1 Jefferson City, MO 65101 Dear Chairman Shaul and Members of the Committee, The Missouri Coalition for the Environment is a statewide, advocacy nonprofit organization that works to empower Missourians to protect their environment and health. House Bill No. 2140 would make it harder for Missourians to participate in the democratic process. For this reason, we respectfully ask that you oppose HB 2140. This bill imposes multiple different voting restrictions, including solidifying strict photo ID requirements, making it more difficult to obtain and vote by absentee ballot and making it harder to access information on how to register to vote. This would make it harder for Missourians to make their voices heard with their vote. For example, we saw an increase in voter engagement when absentee ballots were made more available in 2020, and this bill would change that. The Missouri Legislature should honor the desire of Missourians to vote and participate in the democratic process with ease and this bill would make it more difficult for them to do so. We hope this committee will demonstrate that they value having every person vote who is eligible by making voting accessible to Missourians. Once again, the Missouri Coalition for the Environment asks you to vote "no" on HB 2140 in order to protect Missourians ability to vote with ease, thereby protecting the democratic nature of voting. Thank you for your time. Sincerely, Melissa Vatterott, JD Policy Director Missouri Coalition for the Environment mvatterott@moenvironment.org (314) 727-0600, ext. 111

I stand against HB2113 because it is a solution to a problem that doesn't exist. Our elections are safe. One of the foundations of a democracy is the right to vote and that right must be protected and honored even if our elected officials don't like the choices made by voters. The bill makes it more difficult for people to let their voices be heard at the ballot box by putting up obstacles that disproportionately impact voters of color, seniors and voters with disabilities. It imposes restrictions that the Missouri Supreme Court has found unconstitutional. It also makes it harder to vote by absentee ballot, which impacts caretakers and people who are confined because of illness and disability. At a time when we should be trying to engage more people in our democracy, this bill silences those voices. It is downright unAmerican and must not move forward.

I am opposed to this bill. Access to voting is so very important for our elections. You should not restrict voting absentee access. Each citizen has a right to vote absentee no matter what their work schedule is, illness, out of town or family responsibility. I would have missed voting because of the three months I took care of my mom that was dying of pancreatic cancer. To drive back to Jefferson City to vote in person would have been impossible. I would have had to find a caretaker for the time I was away in the critical hours of her illness. Anyone can find themselves in this situation. Please vote no on this bill.

While I agree with increasing the ability to vote absentee in-person, I am opposed to this bill. The tightening of absentee voting and the lessening of the types of ID which are accepted for regular voting in this bill are both wrong. I strongly urge all legislators to reject both HB 2113 and HB 2140.

As with HB2113, I support some parts of this bill---the same day address change and "early" counting of votes, however, there are several parts which I cannot support at all. The strict photo ID is too restrictive since there is no evidence of in person voter fraud in MO. It is misinformation that there is in person voter fraud. How many cases has the SOS successfully prosecuted? Making it harder for so many qualified voters to vote is simply unnecessary. Many voters do not have a non-expired state or federally issued photo ID. My mother gave up driving and let her license expire. To get a state ID, she could not use her MO Driver's License with its photo, but had to bring in all the documents just to get the ID. This is totally unnecessary for a woman in her nineties who no longer drives. She could cash a check and do everything else just fine with her expired ID. Also, the portion prohibiting distribution of absentee ballot APPLICATIONS is just ridiculous. Why can't a person be offered an application? This is not about distributing the actual ballots. These changes are all being proposed without any data (not anecdotes) on in-person voting fraud. This issue comes up every year and still no data. Either bring the data or drop this strict voter ID project.

I am a Missouri constituent in zip code 63141. I oppose HB 2140 and the barriers it imposes on voters like myself and others. As someone who has needed to vote absentee multiple times, I support no-excuse absentee voting in principle. But I am deeply opposed to the way in which this bill claims to advance no-excuse absentee voting while in fact it severely limits access to this much needed reform. I am also opposed to additional restrictive measures included in this bill. I urge our representatives to support voter access rather than imposing these substantial burdens and restrictions on Missourians who wish to exercise their right to vote. Thank you.

Dear Members of the Committee:I'm in my 8th year, facing my 17th election, as county clerk of Phelps County with roughly 29,000 voters. There is a degree of overlap with this bill and HB 2113 so I will keep my comments more brief than on the prior testimony. Since I'm most worried about what I consider the negatives, I will concentrate on them. Same-day voter address changes across LEA boundaries (115.165, p. 10; 115.279, p. 17-18) are fraught with problems. Voter registration is not something to be embarked upon on an election day. How would I know if someone had skipped from Pulaski into Phelps, having voted already in the former, when I would have trouble getting through by phone to see if that person had already signed the poll book or pollpad in Pulaski? This is a recipe for disaster! There has apparently been a determination that the category "intrastate new voter" must be eliminated. By whom, and for what reason?Three weeks of no-excuse absentee voting will drive people to "remote" (away from the polling location on election day) voting. See p. 13, altering RSMo 115.277. Why is this needed? If someone wants to attend a rock concert, they must go the day the band is playing. Is not voting to be afforded the same importance? The demands of processing voters, accepting ballots, maintaining security are non-trivial and it would be far better to keep voting concentrated to the day of the election. If the lines are long, open more polling locations! Maintain proper voter lists, by performing list maintenance and performing the canvass every two years as specified in the law, which will lessen confusion and chaos at the poll book/ballot table. Vote centers, as mentioned on p. 12 (RSMo 115.275) increase risk. They are remote from the close supervision of the LEA and will be running for a prolonged period, at least as long as absentee voting is allowed. 42 days of running tabulators is 42 times as much risk as one day--election day. Respectfully submitted, Pamela K. Grow, Phelps County Clerk

I stand in opposition to any & all attempts to place drop boxes throughout MO. The changes to standard time tested method of voting is appropriate. The claim that these changes to election methods "help" or "make secure" are false and/or unnecessary. Thank you for you attention to this important matter. Paul Dawson - Pastor

My name is Philip Deitch I live at 3016 Victor Street Unit B St Louis MO 63104I am 67 and recall with pride the first time I could vote and have never missed an election. I have learned that living in the neighborhoods I lived in over these years that not everyone had voting experiences that were as easy as mine. This has included people who were elderly, with disabilities, in lower economic neighborhoods, without transportation they control (a car) or jobs/family lives that gave them flexibility in time so they could vote and still manage day to day family issues like getting kids to school, etc.Short comment is please don't add to making it difficult for anyone to be a full participating member of our democracy. I oppose this bill.

Photo ID requirements for voting are archaic. Given that there is NO evidence of voter fraud in Missouri that would be remedied by putting photo ID requirements in place, it is obvious that this bill's sole purpose is to create barriers to the voting system.

Voting is the most basic right in our democracy. As democratically elected leaders, your goal should be to make our electoral process more accommodating to all citizens who are eligible to vote. But these bills will do the opposite by creating a climate and perception of mistrust in our democratic system, thereby achieving their goal of suppressing votes and reducing voter turnout. As a retiree, I volunteer my time to assist with our local elections and help people exercise their right to vote. I have helped verify election results, tested voting machines, monitored poll locations, and have spent countless hours registering new voters and assisting people how, when, and where to vote. I do so willingly as a volunteer and have never been paid for this work. Our local newspaper, the News Tribune, holds "Coffee with the Editor" sessions with its readers and one of these included our County Clerk for Cole County, a Republican. He was proud to explain, in detail, how confident he was with the procedures and security they use to run elections and count the votes in Cole County. I've never heard him, or any of his staff raise concerns about the current process of permitting various forms of identification for voting. In fact, our County Clerk said that the most serious problem with elections in Jefferson City and Cole County was the poor turnout in many precincts and even advocated for policies that would make voting easier and explicitly mentioned early voting. Voting in this country can be intimidating among people of certain communities that experience lower rates of voter registration and voting. That may be hard for many to understand, but I've experienced those sentiments firsthand working to register voters at Building Community Bridges and NAACP and JC Votes events here in Jefferson City. First, I've encountered people, many of them young, who believe it's a waste of time to vote and believe that even if they did vote, their voices would not be heard, and their lives won't change for the better. And on top of that, if you pile on more restrictions on proving one's identity, make it harder to take advantage of absentee balloting, make people feel intimidated by allowing outsiders to watch them vote at poll locations, etc., you're going to produce the obvious result – voter turnout will fall even lower than those areas where we already have problems with here in Jeff City. You should be making it easier, not harder to vote. Coupling new early voting opportunities with harsher ID requirements and place and time restrictions won't achieve this goal. These bills have nothing to do with "election integrity" and everything about creating a climate and perception of mistrust in our democratic system. Don't look back some day on your time in the Missouri legislature and regret that you made it harder for citizens to participate directly in our democracy. Please vote no on HB 1455, HB 2113 and HB 2140.

I oppose HB 2140 My main concern about HB 2140 is that it covers too many aspects of elections. While some provisions could be improvements to our current system (for example, the provisions for voter registration through the DMV) and provide good election security (for example, universal paper ballots), HB 2140 is contaminated by controversial and potentially dangerous elements. For example, the allowances for out of jurisdiction election judges and poll watchers lend themselves to highly partisan, potentially volatile scenarios and would erode trust in local election authorities. I realize that it is a challenge for LEAs to find local residents to help, but bringing in outsiders could be very problematic. Another problem with HB 2140 is the restrictions put on absentee voting. Instead of increasing opportunities for no-excuse absentee voting that would give more citizens a chance to vote, proposals like those listed in this bill continue to put obstacles in the way. These are just a couple of examples of my opposition to HB 2140 and encourage sidelining it in favor of legislation that addresses more specific, less mish-mashed, proposals. Sherry L. Chairman Saul and committee members, As a senior citizen and lifelong voter I fail to understand the rational for making it harder for voters like me to exercise our right to vote. In the 2020 General Election I made use of the absentee voting opportunity at my Platte County Election Board. They used the same procedure as on Election Day and security in my opinion was adequate. No one has produces evidence of widespread voter fraud, only unproven false accusations, that would warrant throwing a monkey wrench into the already adequate workings of our Election Authorities. HB 2140 is a solution looking for a problem. If anything we should be making it easier to vote. Lawmakers should reject efforts to make voting more difficult. I am opposed to HB 2140 and ask that it not be voted out of your committee. Stephen Mann Kansas City

BEFORE THE HOUSE STANDING COMMITTEE ON ELECTIONS AND ELECTED OFFICIALS
Testimony Opposing The Absentee, Early Voting Provisions of House Bills 2113, 2140, and 1455
Hearing Session, Noon, February 9, 2022 Jefferson City Good Afternoon, Chairman Shaul, Vice
Chairman McGaugh, Ranking Member Windham, and Honorable Representatives. Thank you
for the opportunity testify in writing before you today. My name is Stephen Skrainka, I live in University
City. I am a member of the Voting Rights Chavurah of the Central Reform Congregation in St. Louis. I
am also an attorney and a founder and Past President of Central Reform Congregation. For
identification only I am also a member of the League of Women Voters of Metro St. Louis, a member of
the Jewish Community Relations Council's Policy Advisory Committee, a member of the Council on
Racial Equality, and a member of the Missouri Voter Protection Coalition. I am testifying as an
individual, but primarily as a member of Central Reform Congregation's Voting Rights Chavurah, a non-
partisan faith group interested in educating citizens to preserve and improve our representative
democratic republic. I am testifying in opposition to the provisions in these bill affecting and
limiting absentee voting and early voting. I base my testimony on my experience as a caregiver to my
brother and others, unfortunately now deceased due to cancer. My brother was in a nursing home in
St. Louis County for about 10 years before he died in 2014. His disability and prolonged illness
resulted in his giving up his car and with it a few years later, his driver's license. Replacing it with a
new photo ID would have been a major problem. At that time as a permanently disabled person as
certified by his doctor and being over 65 he was able to request that an absentee ballot be sent to
himself in care of me as his caregiver for every election. As a consequence he took a keen interest in
election issue, ballot proposals and candidates. He looked forward to my bringing it out to him while he
marked it and then sealing it in his presence and making sure it was timely mailed to the election
board. The nursing home staff encouraged this in other patients as it was quite therapeutic.
Candidates and non-partisan speakers from organizations like the League of Women Voters came to
that nursing home to answer questions and present information. Attendance was totally voluntary but
these were well-attended in part from a hunger for participation in the world outside the nursing home.
I never saw staff telling residents how to vote. I did see them patiently help them get information and
wait as they decided how they wanted to vote themselves. There was discussion and disagreements
among the patients, as in any group of citizens, about propositions on the ballot and candidates.
Absentee voting does not favor either major political party. Statistics in many states over
many elections show this. There is no evidence of significant fraud in the use of absentee ballots in
Missouri. Your obvious fear and skepticism about absentee ballots and early voting is not warranted
by the facts. At one time in some Republican-lead states measures for early voting by mail were
adopted, thinking it would benefit seniors who they felt would be more likely to support them. Both
Democrat and Republican local election officials have lauded expansions of absentee and early voting

in Missouri. The current bills would prohibit anyone without a photo ID from no-excuse absentee voting. Requiring such ID has already been held unconstitutional under Missouri's Constitution. Providing that provision is void if ID is held unconstitutional is disingenuous at best. It also means that those, like my brother, who have no such photo ID and would have great difficulty getting one could not vote absentee.

The photo ID provisions eliminate non-photo forms of ID Missourians currently use and rely upon to verify their identity, including a voter registration card from the election authority, a utility bill, a Federal photo ID, or a Missouri student ID. By requiring early voters to appear at the election authority office to vote and requiring state-issued photo ID who are you trying to exclude? The elderly, disabled, students, workers who haven't the time or a car or other transportation? You would be hard pressed to take public transportation to most local election authority offices in this state, including St. Louis County. Please do not pass these bills in the present form. Instead adopt a committee amendment or substitute bill adding the provisions on early and absentee voting proposed in HB2046 (Gunby) and five other House bills assigned to your committee and in SB730(Schupp). Thank you for considering my testimony.

This proposal transparently seeks to silence the votes of the over 200,000 Missourians who do not have the identification that would be required. Missouri should allow no-excuse absentee voting for all, without excluding anyone. Election officials should be able to send ballots by mail to all registered voters. Not requiring poll watchers, challengers, and poll workers to be registered in the jurisdiction increases the potential for voter intimidation. This unAmerican bill seeks to impede voter registration efforts.

The photo ID provisions eliminate non-photo forms of ID Missourians currently use and rely upon to verify their identity, including a voter registration card from the election authority or a Missouri student ID. Such restrictions have been found unconstitutional by the Missouri Supreme Court. More than 200,000 Missouri voters lack a non-expired ID with the Department of Revenue; voters of color, seniors and voters with disabilities are least likely to have a non-expired state ID. Missouri should join the vast majority of states that allow no-excuse absentee voting, but it should apply to all absentee voters. These bills limit no-excuse absentee voting only to those who can appear in person at the election office, typically only during limited hours, and only upon showing state-issued non-expired photo ID. This excludes those who need to request absentee ballots by mail, including those who have to work on Election Day, hourly or shift workers who can't make to the election office during working hours, those who lack transportation to election office, elderly voters, voters with disabilities or chronic health conditions, or those with elder or child care obligations who need to get absentee ballots by mail. These voters would still have to meet one of the limited reasons to vote absentee - and having to work, being elderly, having health conditions or caretaker obligations alone are not valid reasons to vote absentee in Missouri. These voters would be left out. These bills further limit absentee voting for caretakers and individuals who are confined due to illness or disability, requiring such voters to be confined on Election Day itself, and prohibiting caretakers from voting absentee unless they actually live with the confined person. It would be illegal to send or provide unsolicited absentee applications to voters, something that election officials and voter advocates have found helpful to get needed information to prospective absentee voters in time. Not requiring poll workers, challengers and watchers to live and/or be registered in the jurisdiction increases the potential for voter intimidation. Prohibiting paying staff who register voters impedes organizations' voter registration efforts. The bills increase the ability of the SOS to interfere in local election administration and list maintenance and withhold funds. Eliminating electronic machines and requiring paper ballots could delay tabulation results and could present barriers for certain voters with disabilities. Provisions mandating electronic DMV registration transmission and allowing voters who move to a new jurisdiction to update their registration on Election Day are positive reforms.

We need paper ballots. Only overseas, verifiable US citizens, those visiting out of state (with proof), or homebound (with doctors note) allowed to absentee vote. Absolutely not: 3 week no excuse absentee voting. No expansion of absentee voting to additional occupations--healthcare providers, law enforcement and first responders. It is law that we MUST be given time to vote. Absolutely no changing address on Election Day. Election Day ends on election day. No ballots (other than overseas/military) accepted past poll closing.

My vote and every legal American's votes matter and these bills will only pave the way for more fraud, subsequently canceling my vote. Democrat, Independent, or Republican I want my vote to still matter. I have successfully voted every election and primary my entire adult life, with out these fraudulent measures being added in. I have been in person each time. I have stood in line and never had a hiccup. I registered wile at the DMV each time I renew my DL. Or gone for a state ID. These "back door" measures to undermine the American people need to stop and their voices need to NOT BE SILENCED.

With the incredible amount of doubt of the integrity of our elections recently, it is absolutely necessary to increase the security and control in the process. This bills reduces the needed security and makes it available for resourceful bad characters to circumvent the one-person, one-vote integrity we need. Please vote no on this bill!

This looks to me like a bill that is looking for a problem to fix. Why are we continuing to try to eliminate absentee voting? And if a citizen is unable to go to an office during business hours, or be in town during election day, why are we trying to take away their opportunity to have their voice heard. There has been no proof of voter fraud, and providing absentee balloting, without additional obstacles, allows more citizens to have their voices heard. This is direct opposition of our principles as a nation, we need to stop vilifying the voting process when we don't get the result we want.
