35 210.221. 1. The department of elementary and secondary education shall have the
 36 following powers and duties:

37 (1) After inspection, to grant licenses to persons to operate child-care facilities or to grant
 38 licenses to persons or organizations to operate summer camps if satisfied as to the good character

20 department at regular intervals.

21 2. Any child-care facility or summer camp may request a variance from a rule or regulation
22 promulgated pursuant to this section. The request for a variance shall be made in writing to the
23 department of elementary and secondary education and shall include the reasons the facility or camp
24 is requesting the variance. The department shall approve any variance request that does not
25 endanger the health or safety of the children served by the facility or camp. The burden of proof at
26 any appeal of a disapproval of a variance application shall be with the department of elementary and
27 secondary education. Local inspectors may grant a variance, subject to approval by the department
28 of elementary and secondary education.

29 3. The department shall deny, suspend, place on probation or revoke a license if it receives
30 official written notice that the local governing body has found that license is prohibited by any local
31 law related to the health and safety of children. The department may deny an application for a
32 license if the department determines that a home or other place in which an applicant would operate
33 a child-care facility or summer camp is located within one thousand feet of any location where a
34 person required to register under sections 589.400 to 589.425 either resides, as that term is defined
35 in subsection 3 of section 566.147, or regularly receives treatment or services, excluding any
36 treatment or services delivered in a hospital, as that term is defined in section 197.020, or in
37 facilities owned or operated by a hospital system. The department may, after inspection, find the
38 licensure, denial of licensure, suspension or revocation to be in the best interest of the state.

1 4. Any rule or portion of a rule, as that term is defined in section 536.010, that is created
2 under the authority delegated in sections 210.201 to 210.245 shall become effective only if it
3 complies with and is subject to all of the provisions of chapter 536 and, if applicable, section
4 536.028. All rulemaking authority delegated prior to August 28, 1999, is of no force and effect and
5 repealed. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed
6 or adopted prior to August 28, 1999, if it fully complied with all applicable provisions of law. This
7 section and chapter 536 are nonseverable and if any of the powers vested with the general assembly
8 pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are
9 subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or
10 adopted after August 28, 1999, shall be invalid and void.

11 210.231. The department of elementary and secondary education may designate to act for it,
12 with full authority of law, any instrumentality of any political subdivision of the state of Missouri
13 deemed by the department of elementary and secondary education to be competent, to investigate
14 and inspect licensees and applicants for a license. Local inspection of child care facilities or
15 summer camps may be accomplished if the standards employed by local personnel are substantially
16 equivalent to state standards and local personnel are available for enforcement of such standards.

17 210.245. 1. Any person who violates any provision of sections 210.201 to 210.245, or who
18 for such person or for any other person makes materially false statements in order to obtain a license
19 or the renewal thereof pursuant to sections 210.201 to 210.245, shall be guilty of a class C
20 misdemeanor for the first offense and shall be assessed a fine not to exceed seven hundred fifty
21 dollars and shall be guilty of a class A misdemeanor and shall be assessed a fine of up to two
22 thousand dollars per day, not to exceed a total of ten thousand dollars for subsequent offenses. In
23 case such guilty person is a corporation, association, institution or society, the officers thereof who
24 participate in such misdemeanor shall be subject to the penalties provided by law.

25 2. If the department of elementary and secondary education proposes to deny, suspend,
26 place on probation or revoke a license, the department of elementary and secondary education shall
27 serve upon the applicant or licensee written notice of the proposed action to be taken. The notice
28 shall contain a statement of the type of action proposed, the basis for it, the date the action will
29 become effective, and a statement that the applicant or licensee shall have thirty days to request in
30 writing a hearing before the administrative hearing commission and that such request shall be made
31 to the department of elementary and secondary education. If no written request for a hearing is
32 received by the department of elementary and secondary education within thirty days of the delivery
33 or mailing by certified mail of the notice to the applicant or licensee, the proposed discipline shall
34 take effect on the thirty-first day after such delivery or mailing of the notice to the applicant or
35 licensee. If the applicant or licensee makes a written request for a hearing, the department of
36 elementary and secondary education shall file a complaint with the administrative hearing
37 commission within ninety days of receipt of the request for a hearing.

1 3. The department of elementary and secondary education may issue letters of censure or
2 warning without formal notice or hearing. Additionally, the department of elementary and
3 secondary education may place a licensee on probation pursuant to chapter 621.

4 4. The department of elementary and secondary education may suspend any license
5 simultaneously with the notice of the proposed action to be taken in subsection 2 of this section, if
6 the department of elementary and secondary education finds that there is a threat of imminent bodily
7 harm to the children in care. The notice of suspension shall include the basis of the suspension and
8 the appeal rights of the licensee pursuant to this section. The licensee may appeal the decision to
9 suspend the license to the department of elementary and secondary education. The appeal shall be
10 filed within ten days from the delivery or mailing by certified mail of the notice of appeal. A
11 hearing shall be conducted by the department of elementary and secondary education within ten
12 days from the date the appeal is filed. The suspension shall continue in effect until the conclusion of
13 the proceedings, including review thereof, unless sooner withdrawn by the department of elementary
14 and secondary education, dissolved by a court of competent jurisdiction or stayed by the
15 administrative hearing commission. Any person aggrieved by a final decision of the department
16 made pursuant to this section shall be entitled to judicial review in accordance with chapter 536.

17 5. In addition to initiating proceedings pursuant to subsection 1 of this section, or in lieu
18 thereof, the prosecuting attorney of the county where the child-care facility or summer camp is
19 located may file suit for a preliminary and permanent order overseeing or preventing the operation
20 of a child-care facility or summer camp for violating any provision of sections 210.201 to 210.245.
21 The order shall remain in force until such a time as the court determines that the child-care facility
22 or summer camp is in substantial compliance. If the prosecuting attorney refuses to act or fails to
23 act after receipt of notice from the department of elementary and secondary education, the
24 department of elementary and secondary education may request that the attorney general seek an
25 injunction of the operation of such child-care facility or summer camp.

26 6. In cases of imminent bodily harm to children in the care of a child-care facility or
27 summer camp, including an unlicensed, nonexempt facility, the department may file suit in the
28 circuit court of the county in which the child-care facility or summer camp is located for injunctive
29 relief, which may include removing the children from the facility or camp, overseeing the operation
30 of the facility or camp, or closing the facility or camp. Failure by the department to file suit under
31 the provisions of this subsection shall not be construed as creating any liability in tort or incurring
32 other obligations or duties except as otherwise specified.

33 7. Any person who operates an unlicensed, nonexempt child-care facility or summer camp
34 in violation of the provisions of sections 210.201 to 210.245 shall be liable for a civil penalty of not
35 less than seven hundred fifty dollars and not more than two thousand dollars. The department shall
36 serve upon such person written notice of the department's findings as to the child-care facility's
37 unlicensed, nonexempt status, along with educational materials about Missouri's child-care facility
38 laws and regulations, how a facility may become exempt or licensed, and penalties for operating an
39 unlicensed, nonexempt child-care facility. The notice shall contain a statement that the person shall

1 have thirty days to become compliant with sections 210.201 to 210.245, including attaining exempt
2 status or becoming licensed. The person's failure to do so shall result in a civil action in the circuit
3 court of Cole County or criminal charges under this section. If, following the receipt of the written
4 notice, the person operating the child-care facility fails to become compliant with sections 210.201
5 to 210.245, the department may bring a civil action in the circuit court of Cole County against such
6 person. The department may, but shall not be required to, request that the attorney general bring the
7 action in place of the department. No civil action provided by this subsection shall be brought if the
8 criminal penalties under subsection 1 of this section have been previously ordered against the person
9 for the same violation. Failure by the department to file suit under the provisions of this subsection
10 shall not be construed as creating any liability in tort or incurring other obligations or duties except
11 as otherwise specified.

12 8. There shall be established the "Family Child Care Provider Fund" in the state treasury,
13 which shall consist of such funds as appropriated by the general assembly. The state treasurer shall
14 be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may
15 approve disbursements. The fund shall be a dedicated fund and moneys in the fund shall be used
16 solely by the department for the dissemination of information concerning compliance with child-
17 care facility or summer camp laws and regulations, including licensed or exempt status; educational
18 initiatives relating to, inter alia, child care, safe sleep practices, and child nutrition; and the provision
19 of financial assistance on the basis of need for family child-care homes to become licensed, as
20 determined by the department and subject to available moneys in the fund. Notwithstanding the
21 provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the
22 biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest
23 moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned
24 on such investments shall be credited to the fund.

25 210.252. 1. All buildings and premises used by a child-care facility to care for more than
26 six children except those exempted from the licensing provisions of the department of elementary
27 and secondary education pursuant to subdivisions (1) to (15) of subsection 1 of section 210.211[~~5~~] or
28 all buildings and premises used by a summer camp shall be inspected annually for fire and safety by
29 the state fire marshal, the marshal's designee or officials of a local fire district and for health and
30 sanitation by the department of elementary and secondary education or the department's designee,
31 including officials of the department of health and senior services, or officials of the local health
32 department. Evidence of compliance with the inspections required by this section shall be kept on
33 file and available to parents of children enrolling in the child-care facility.

34 2. Local inspection of child-care facilities or summer camps may be accomplished if the
35 standards employed by local personnel are substantially equivalent to state standards and local
36 personnel are available for enforcement of such standards.

37 3. Any child-care facility or summer camp may request a variance from a rule or regulation
38 promulgated pursuant to this section. The request for a variance shall be made in writing to the
39 department of elementary and secondary education and shall include the reasons the facility or camp

1 is requesting the variance. The department shall approve any variance request that does not
2 endanger the health or safety of the children served by the facility or camp. The burden of proof at
3 any appeal of a disapproval of a variance application shall be with the department of elementary and
4 secondary education. Local inspectors may grant a variance, subject to approval by the department
5 of elementary and secondary education.

6 4. The department of elementary and secondary education shall administer the provisions of
7 sections 210.252 to 210.256, with the cooperation of the state fire marshal, the department of health
8 and senior services, local fire departments and local health agencies.

9 5. The department of elementary and secondary education shall promulgate rules and
10 regulations to implement and administer the provisions of sections 210.252 to 210.256. Such rules
11 and regulations shall provide for the protection of children in all child-care facilities or summer
12 camps whether or not such facility or camp is subject to the licensing provisions of sections 210.201
13 to 210.245.

14 6. The department of health and senior services, after consultation with the department of
15 elementary and secondary education, may promulgate rules and regulations to implement and
16 administer the provisions of this section related to sanitation requirements. Such rules and
17 regulations shall provide for the protection of children in all child-care facilities or summer camps
18 whether or not such facility or camp is subject to the licensing provisions of sections 210.201 to
19 210.245.

20 7. Any rule or portion of a rule, as that term is defined in section 536.010, that is created
21 under the authority delegated in sections 210.252 to 210.256 shall become effective only if it
22 complies with and is subject to all of the provisions of chapter 536 and, if applicable, section
23 536.028. All rulemaking authority delegated prior to August 28, 1999, is of no force and effect and
24 repealed. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed
25 or adopted prior to August 28, 1999, if it fully complied with all applicable provisions of law. This
26 section and chapter 536 are nonseverable and if any of the powers vested with the general assembly
27 pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are
28 subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or
29 adopted after August 28, 1999, shall be invalid and void.

1 of a child-care facility or summer camp for violating any provision of section 210.252. The
2 injunction shall remain in force until such time as the court determines that the child-care facility or
3 summer camp is in substantial compliance.

4 3. In cases of imminent bodily harm to children in the care of a child-care facility or
