FISCAL ANALYSIS

ASSUMPTION

In response to a previous version, officials from the **Office of the Secretary of State (SOS)** assumed many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could require additional resources.

In response to similar legislation, HB 2289 from 2022, officials from **City of Claycomo**, **City of Freistatt**, **City of Hughesville**, and the **St. Louis Budget Division** each assumed the proposal will have no fiscal impact on their respective organizations.

In response to a previous version, officials from the **Jackson County Board of Elections** assumed the proposal will have no fiscal impact on their organization.

In response to a previous version, officials from the **University of Missouri** assumed the legislation will have a minimal financial impact on the university.

Officials from the **University of Central Missouri** assume the proposal will have no fiscal impact on their organization.

In response to similar legislation, HB 2289 from 2022, officials from the **Missouri State University** assumed the proposal will have no fiscal impact on their organization.
