FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Health and Senior Services**, the **Missouri Department of Transportation**, the **City of Kansas City**, the **City of O'Fallon** and the **City of Springfield** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other cities and counties were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

FISCAL IMPACT – Small Business

There could be a direct fiscal impact to certain small businesses that host drag performances as a result of this proposal.

FISCAL DESCRIPTION

This bill amends the definition of "sexually oriented business" to include any nightclub, bar, restaurant, or similar commercial enterprise that provides to an audience a drag performance, meaning a performance in which a performer exhibits a gender different from the biological sex as assigned at birth. This amended definition is provided for as it relates to regulations and restrictions of sexually oriented businesses (Section 67.2540, RSMo); billboard advertisements for sexually oriented businesses (Section 226.531); and where sexually oriented businesses may be located (Section 573.010).

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
