FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Commerce and Insurance**, the **Department of Corrections**, the **Department of Public Safety - Missouri Highway Patrol**, the **Office of the State Public Defender**, the **Missouri Office of Prosecution Services**, the **State Tax Commission**, the **City of O'Fallon**, the **City of Springfield** and **Kansas City** each assume the proposal will have no fiscal impact on their respective organizations.

Oversight notes that the above mentioned agencies have stated the proposal would not have a direct fiscal impact on their organizations. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other cities were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the amount of revenue received by the SOS for registering sellers of open blockchain tokens (§324.1160.3) will not be material and have not reflected it in the fiscal note.

Officials from the **Office of the State Courts Administrator** did not respond to **Oversight's** request for fiscal impact for this proposal.
