

FIRST REGULAR SESSION

HOUSE BILL NO. 1129

102ND GENERAL ASSEMBLY

INTRODUCED BY REPRESENTATIVE BURGER.

2409H.011

DANA RADEMAN MILLER, Chief Clerk

AN ACT

To amend chapter 640, RSMo, by adding thereto one new section relating to water exportation across state boundaries.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Chapter 640, RSMo, is amended by adding thereto one new section, to be known as section 640.406, to read as follows:

640.406. 1. For the purposes of this section, the following terms shall mean:

(1) "Beneficial uses", uses of the waters of the state including, but not limited to, domestic, agricultural, industrial, recreational, and other legitimate beneficial uses;

(2) "Department", the Missouri department of natural resources;

(3) "Director", the director of the department of natural resources;

(4) "Person", any individual, partnership, copartnership, firm, company, public or private corporation, association, joint stock company, trust, estate, political subdivision, water district, or any agency, board, department, or bureau of the federal or any state government, or any other legal entity that is recognized by law as the subject of rights and duties;

(5) "Water sources", all waters of the state occurring on the surface, in natural or artificial channels, lakes, reservoirs, or impoundments, and in subsurface aquifers that are available or that may be made available.

2. It shall be unlawful for any person to withdraw from any water source for export outside the state of Missouri unless such person holds a water exportation permit issued by the department.

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in the above bill is not enacted and is intended to be omitted from the law. Matter in bold-face type in the above bill is proposed language.

17 **3. (1) Before issuing a water exportation permit and within one hundred eighty**
18 **days of receipt of a complete application for a water exportation permit, the director**
19 **shall make a recommendation for approval of such permit to the general assembly if the**
20 **director determines that the conditions for such permit have been met.**

21 **(2) After receipt of such recommendation, the general assembly shall review**
22 **such recommendation and, within sixty days from the director's submission of such**
23 **recommendation if the general assembly is convened in regular session, indicate the**
24 **general assembly's approval or disapproval of such recommendation by adopting a**
25 **concurrent resolution in accordance with Article IV, Section 8 of the Constitution of**
26 **Missouri.**

27 **(3) If the general assembly:**

28 **(a) Fails to adopt a concurrent resolution approving such recommendation, the**
29 **recommendation shall be rejected and such permit shall be automatically denied;**

30 **(b) Adopts a concurrent resolution disapproving such recommendation, the**
31 **recommendation shall be rejected and such permit shall be automatically denied;**

32 **(c) Adopts a concurrent resolution approving such recommendation and the**
33 **governor indicates approval by signing such resolution, the recommendation shall be**
34 **deemed approved and the director shall issue such permit; or**

35 **(d) Adopts a concurrent resolution approving such recommendation and the**
36 **governor vetoes such resolution, the director shall not issue such permit unless the**
37 **general assembly overrides the governor's veto as provided in Article III, Section 32 of**
38 **the Constitution of Missouri.**

39 **4. If the recommendation for the approval of a water exportation permit is**
40 **approved under subsection 3 of this section, the director shall issue such permit within**
41 **ninety days after receiving such approval.**

42 **5. (1) The director shall deny an application submitted under this section if the**
43 **director determines that conditions set forth in subdivision (2) of this subsection have**
44 **not been met.**

45 **(2) The director shall recommend approval for a water exportation permit if the**
46 **following conditions have been met:**

47 **(a) There is water available in the amount specified in the application to export**
48 **for water use outside the state of Missouri;**

49 **(b) The applicant has a present or future need for the water and intends to put**
50 **the water into beneficial use. In making the determinations of need and beneficial use,**
51 **the director shall consider the availability of all water sources and other relevant**
52 **matters as the director deems appropriate and may consider the availability of**
53 **groundwater as an alternative source;**

54 (c) The proposed use will not interfere with existing in-state use; and

55 (d) The proposed use will not interfere with proposed beneficial uses within the
56 state. In making this determination, the director shall conduct a review under this
57 section.

58 6. (1) Applications for renewal of a water exportation permit shall be filed at
59 least one hundred eighty days prior to the expiration date of the existing permit. Such
60 renewals shall be reviewed and shall receive the approval of the general assembly by the
61 same procedure described in subsection 3 of this section before such permit is renewed.
62 Prior to submitting a recommendation for renewal to the general assembly, the director
63 shall determine whether the conditions in subdivision (2) of subsection 5 of this section
64 are still satisfied.

65 (2) The director shall consider existing and proposed in-state uses in order to
66 guarantee that in-state users will have access to and use of all water required to
67 maintain an adequate supply for beneficial uses.

68 (3) The director shall review the needs for water supply export every five years
69 to determine whether the water supply continues to be adequate for municipal,
70 agricultural, industrial, domestic, and other beneficial uses within the state.

71 7. Consideration for each permit application and renewal are subject to the most
72 recent reports, data, and information in consideration of each permit application,
73 regardless of whether the application is for an initial permit or renewal of an active or
74 expired permit.

75 8. The review conducted under subsection 5 of this section shall not be used to
76 reduce the quantity of water authorized to be transferred under the active life of
77 permits issued prior to such review.

78 9. On the filing of an application for a water exportation permit to export water
79 outside the state, the applicant shall designate an agent in the state of Missouri for
80 service of process and to receive other notices.

81 10. In the event of a conflict between the conditions of use required in Missouri
82 and conditions required in another state, the water exportation permit holder shall
83 consent to conditions imposed by the director.

84 11. The time-limited, active life of the water exportation permit, not to exceed
85 five years, shall require the director to determine whether there has been a substantial
86 or material change relating to renewals of such permits. The director may recommend
87 additional conditions to address any such substantial or material change before
88 submitting recommendations for renewal of such permit to the general assembly. The
89 director may deny permit renewal applications as necessary to comply with this section
90 based on any such substantial or material change.

91 **12. At the request of the department, the attorney general may bring an**
92 **injunctive action or other appropriate action to enforce provisions of this section. Suit**
93 **may be brought in any county where the defendant's principal place of business is**
94 **located or where violation under this section occurred.**
