VETO SESSION

First Regular Session, 102nd GENERAL ASSEMBLY

FIRST DAY, WEDNESDAY, SEPTEMBER 13, 2023

Speaker Plocher in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

O magnify the Lord with me and let us exalt His name together. (Psalm 34:3)

Almighty God, who is the source of all our blessings and the fountain of our life, help us to realize that You are always with us, seeking our good, forgiving our sins, and endeavoring to lead us in the ways of peace. Prosper us in our work, guide us through our difficulties, and reward with the joy of living those who extend a helping hand to others who have lost their way.

Sustain with Your power those whom our voters have placed in positions of authority and all who are entrusted with our safety and with the guardianship of our rights and our freedom. May peace and goodness live in the hearts of our citizens and may our veto session today exalt our state in righteousness, to the glory of the republic.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

MESSAGES FROM THE GOVERNOR

June 30, 2023

TO THE SECRETARY OF STATE
OF THE STATE OF MISSOURI
102nd GENERAL ASSEMBLY
FIRST REGULAR SESSION

Herewith I return to you **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the State Board of Education and the Department of Elementary and Secondary Education, and the several divisions and programs thereof, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2023, and ending June 30, 2024.

Section 2.025

I hereby veto \$3,500,000 Department of Elementary and Secondary Education Federal Emergency Relief 2021 Fund for a technology service for supervision over school-issued electronic devices. The U.S. Department of Education dictates that ESSER funding should be used to prevent, prepare for, or respond to the COVID-19 pandemic; for construction, renovation, and minor remodeling adhering to local and state requirements; and be awarded to recipients who comply with federal award requirements. Use of ESSER III funding for this purpose would reduce the amount of aid to be distributed to local education agencies for previously planned expenditures.

For payments to local education agencies for third-party vendor technology services.

From \$3,500,000 to \$0 from Department of Elementary and Secondary Education Federal Emergency Relief 2021 Fund.

From \$1,328,335,334 to \$1,324,835,334 in total for the section.

Section 2.030

I hereby veto \$955,000 general revenue for a primary substance use prevention not-for-profit organization. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, Missouri high school students are currently required to take one half credit of health education to be eligible to receive a high school diploma. Current health education curriculum adheres to the National Health Education Standards, which includes curriculum incorporating substance use awareness. Additionally, although it does not explicitly identify a specific vendor, this appropriation appears to describe a specific vendor's platform. The department is subject to state purchasing laws set forth in Chapter 34, RSMo, and must follow those laws when selecting a vendor rather than contracting with a particular vendor.

For a primary substance use prevention not-for-profit organization.

From \$955,000 to \$0 from General Revenue Fund.

From \$80,027,012 to \$79,072,012 in total for the section.

Section 2.031

I hereby veto \$25,000,000 federal funds for the Close the Gap Program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. The Fiscal Year 2023 budget includes \$50 million for this program, which has not yet been expended.

From \$10,500,000 to \$0 from Budget Stabilization Fund.

From \$39,500,000 to \$25,000,000 from Department of Elementary and Secondary Education Federal Emergency Relief 2021 Fund.

From \$50,000,000 to \$25,000,000 in total for the section.

Section 2.045

I hereby veto \$350,000 general revenue for teacher training organizations. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years

to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this budget includes raising baseline teacher pay to \$38,000 and additional compensation for teachers through the Career Ladder program. It also includes \$1,700,000 for teacher training and recruitment programs in urban schools. This program is a virtual teacher training organization for college junior and senior students nationwide, but there is no requirement that the funding be restricted to supporting college students located in-state. Additionally, there are no known outcome measures to indicate that this additional state investment will recruit out-of-state teachers to Missouri.

For teacher training organizations to address learning loss and improve teacher recruitment efforts.
From \$350,000 to \$0 from General Revenue Fund.
From \$2,050,000 to \$1,700,000 in total for the section.

Section 2.097

I hereby veto \$315,000 general revenue for instruction in cardiopulmonary resuscitation. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the proposed appropriation is not sufficient to meet the statewide need. This is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project. Additionally, the budget fully funds the foundation formula. Each school district maintains discretion in allocating their resources for needs such as this.

Said section is vetoed in its entirety from \$315,000 to \$0 from General Revenue Fund.
From \$315,000 to \$0 in total for the section.

Section 2.103

I hereby veto \$2,500,000 general revenue for a statewide school safety software. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, although it does not explicitly identify a specific vendor, this appropriation appears to describe a specific vendor's platform. The department is subject to state purchasing laws set forth in Chapter 34, RSMo, and must follow those laws when selecting a vendor rather than contracting with a particular vendor. Additionally, this duplicates a program already being provided by the Department of Public Safety. Outcome measures are necessary before the state can consider expanding the program further.

Said section is vetoed in its entirety from \$2,500,000 to \$0 from General Revenue Fund.
From \$2,500,000 to \$0 in total for the section.

Section 2.104

I hereby veto \$25,000 general revenue for providing school board member training. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a

balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the proposed appropriation is not sufficient to meet the statewide need. This is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

Said section is vetoed in its entirety from \$25,000 to \$0 from General Revenue Fund.
From \$25,000 to \$0 in total for the section.

Section 2.143

I hereby veto \$1,700,000 general revenue for grants to establish a mental health digital referral platform for students. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, although it does not explicitly identify a specific vendor, this appropriation appears to describe a specific vendor's platform. The department is subject to state purchasing laws set forth in Chapter 34, RSMo, and must follow those laws when selecting a vendor rather than contracting with a particular vendor. Additionally, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project. The budget fully funds the foundation formula. Each school district maintains discretion in allocating their resources for these kinds of services as there is interest.

Said section is vetoed in its entirety from \$1,700,000 to \$0 from General Revenue Fund.
From \$1,700,000 to \$0 in total for the section.

Section 2.159

I hereby veto \$3,500,000 general revenue for transfer to the Postsecondary Advising Fund. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a transfer into a fund that has no spending authority. Additionally, this program provides one-time state funding to support ongoing program costs, which could possibly jeopardize the program's future sustainability.

Said section is vetoed in its entirety from \$3,500,000 to \$0 from General Revenue Fund.
From \$3,500,000 to \$0 in total for the section.

Section 2.173

In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the Fiscal Year 2024 budget invests over \$35 million in 988 mental health hotline infrastructure to assist citizens statewide experiencing a mental health emergency. This program would be duplicative of those investments.

Said section is vetoed in its entirety from \$3,000,000 to \$0 from General Revenue Fund.
From \$3,000,000 to \$0 in total for the section.

Section 2.190

I hereby veto \$200,000 School Broadband Fund for facilitating the success of homeless children and youth. This is not an appropriate use of the School Broadband Fund.

For facilitating the identification, enrollment, attendance, and success in school of homeless children and youths under Title IX, Part A of the Elementary and Secondary Education Act of 1965 as amended by the Every Student Succeeds Act of 2015.

From \$200,000 to \$0 from School Broadband Fund.

From \$14,349,932 to \$14,149,932 in total for the section.

Section 2.241

I hereby veto \$2,000,000 general revenue for a classroom support staff grant program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project. Additionally, the budget fully funds the foundation formula and it is at each school district's discretion to allocate their resources as needed. Finally, this program provides one-time state funding to support ongoing program costs, which could possibly jeopardize the program's future sustainability.

Said section is vetoed in its entirety from \$2,000,000 to \$0 from General Revenue Fund.

From \$2,000,000 to \$0 in total for the section.

In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this item would provide duplicate funding to an organization receiving appropriations in House Bill 5.

For a nonprofit organization for an early childhood education community needs assessment.

From \$1,073,000 to \$0 from General Revenue Fund.

From \$30,190,175 to \$29,117,175 in total for the section.

In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General

Assembly. Further, only services rendered by Medicaid-enrolled providers are eligible for reimbursement through Title XIX funding. The Department of Elementary and Secondary Education utilizes early childhood educators, who are not Medicaid-enrolled providers, for home visitation programs, making this an ineligible use of funding.

For the purpose of funding home visitation service under the MO HealthNet program.

From \$15,384,630 to \$7,692,315 in total for the section.

In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is an inappropriate use of State funds and should be borne by the affected parties.

Said section is vetoed in its entirety from \$588,980 to \$0 from General Revenue Fund.

In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, funds from Fiscal Year 2023 have not yet been expended and additional funding is not yet needed. Additionally, although it does not identify a specific vendor, this appropriation appears to describe a specific vendor's platform. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this item provides additional funding for the University of Missouri Extension, which is the responsibility of the University of Missouri's budget. The Fiscal Year 2024 budget approved by the General Assembly includes a 7 percent increase for public four-year institutions of higher education, totaling over \$58.9 million. TO THE SECRETARY OF STATE
OF THE STATE OF MISSOURI

FIRST REGULAR SESSION

Herewith I return to you **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 5** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Office of Administration, the Department of Transportation, the Department of Conservation, the Department of Public Safety, the Chief Executive's Office, and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2023, and ending June 30, 2024.

Section 5.010

I hereby veto \$2,000,000 general revenue for the electronic monitoring program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this budget currently includes \$4 million for this program. This funding would expand the current electronic monitoring pilot program. Time should be given to allow the program to demonstrate success before increasing the state's investment.

From \$6,000,000 to \$4,000,000 from General Revenue Fund.
From \$6,000,000 to \$4,000,000 in total for the section.

Section 5.022

I hereby veto \$12,743,406 federal and other funds for reimbursement to the General Revenue Fund, for costs borne by the General Revenue Fund related to the Fiscal Year 2024 cost-of-living adjustments for state employees. This transfer is unnecessary; there are currently administrative mechanisms to achieve this perceived need.

Said section is vetoed in its entirety.
From \$10,879,918 to \$0 from Federal Funds.
From \$1,863,488 to \$0 from Other Funds.
From \$12,743,406 to \$0 in total for the section.

The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this budget includes more than \$41.4 million for home visitation programs.

For the purpose of evidence-based home visitation programs.
From \$2,000,000 to \$0 from General Revenue Fund.

Section 8.005

I hereby veto \$2,500,000 general revenue for the Missouri Sheriff's Retirement System. While I am supportive of local law enforcement, this item would duplicate the funding for this purpose within House Bill 5.

I hereby veto \$8,000 general revenue for the purchase of equipment for the Lone Jack Police Department. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we

will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, while I am supportive of law enforcement officers and have made budget recommendations supporting law enforcement, first responders, and other emergency personnel in this budget and in previous budgets, this item is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the Fiscal Year 2024 budget invests over \$35 million in 988 mental health hotline infrastructure to assist citizens statewide experiencing a mental health emergency, including a specific line for veterans where the qualified responders are trained to support veterans. The General Assembly also included \$1 million to market the 988 program for which my administration will use to target national guardsmen, veterans, first responders, and members of our armed forces. Further, the National Guard also has an existing phone application which includes a suicide hotline component. This program would be duplicative of those investments.

From \$6,727,827 to \$4,000,000 in total for the section.

In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, while I support the General Assembly's efforts to address recruitment and retention of law enforcement officers, our research indicates that a more targeted approach is needed. Therefore, I am vetoing down this item to provide a \$4,000 across-the-board increase for officers, a \$2,500 increase after seven years of service for officers, as well as targeted increases for identified positions. These increases are on top of the statewide 8.7% increase that went into effect March 1, 2023. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this funding is being adjusted to match the pay increase for the Missouri State Highway Patrol.

Personal Service by \$146,521 from \$18,776,324 to \$18,629,803 from General Revenue Fund.

Section 8.105

I hereby veto \$27,135, including \$5,606 general revenue, for salary increases for the Highway Patrol. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by

over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, while I support the General Assembly's efforts to address recruitment and retention of law enforcement officers, our research indicates that a more targeted approach is needed. Therefore, I am vetoing down this item to provide a \$4,000 increase for troopers, troopers first class, corporals and sergeants; a \$2,500 increase after seven years of service for uniformed members; as well as targeted increases for identified non-uniformed positions. These increases are on top of the statewide 8.7% increase that went into effect March 1, 2023. This approach will enable us to offer competitive pay for our law enforcement officers while maintaining a sustainable budget.

Personal Service by \$5,606 from \$4,817,614 to \$4,812,008 from General Revenue Fund.
 From \$5,102,378 to \$5,096,772 in total from General Revenue Fund.

Section 8.125

I hereby veto \$34,617, including \$7,875 general revenue, for salary increases for the Highway Patrol. Section 8.140

I hereby veto \$376,571 general revenue for the Lone Jack Fire Protection District. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, while I am supportive of first responders and have made budget recommendations supporting law enforcement, first responders, and other emergency personnel in this budget and in previous budgets, this is a local responsibility with minimal statewide impact. Other funding mechanisms, such as the ARPA First Responders grant, exist for this purpose. My veto in 20.150 removing the cap on public safety grants allows this project to pursue that state grant funding opportunity.

For a non-for-profit fire protection district that provides services to a city with more than one thousand three hundred but fewer than one thousand five hundred inhabitants and located in a county with more than seven hundred thousand but fewer than eight hundred thousand inhabitants.

In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, these salary increases for the Missouri National Guard are duplicative of federal funds for the same purpose. Additionally, this item affects a narrow group of employees who are already receiving pay increases under the 8.7% statewide pay plan and without a demonstrated need for targeted salary increases.

Personal Service by \$132,000 from \$1,728,099 to \$1,596,099 from General Revenue Fund.

In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the state should not bear the fiscal responsibility for increases in federal regulation.

For Missouri Military Forces Contract Services.

In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this item is duplicative of funding in place for the Office of Administration's Information Technology Services Division which currently administers the state's crime victim notification system.

Said section is vetoed in its entirety from \$3,000,000 to \$0 from General Revenue Fund.
From \$3,000,000 to \$0 in total for the section.

In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this funding would expand the current pilot for the medication assisted treatment program. Determinations regarding additional state general revenue funding should be made once the program has been established and the effectiveness of the investments have been demonstrated.

For a pilot program to ensure the availability and use of all medication assisted treatment products.
From \$500,000 to \$0 from General Revenue Fund.

From \$187,608,238 to \$186,558,238 in total for the section.

TO THE SECRETARY OF STATE
OF THE STATE OF MISSOURI
102nd GENERAL ASSEMBLY
FIRST REGULAR SESSION

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 10** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Mental Health, the Department of Health and Senior Services, and the several divisions and programs thereof, and the Missouri Health Facilities Review Committee to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2023, and ending June 30, 2024.

Section 10.110

I hereby veto \$215,000 general revenue for a 5.5% increase in funding for the Access to Recovery program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this budget has already budgeted for multiple items totaling over \$472 million in support of behavioral health services statewide.

I hereby veto \$1,500,000 general revenue to expand existing respite housing programs. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this was based on the findings of an informal House group on Crime Prevention. While I appreciate the work of the group's members to find solutions to these problems, a larger and more formal study is needed to determine the best avenues for reducing crime through mental health services. Additionally, this budget has already budgeted for multiple items totaling over \$472 million in support of behavioral health services statewide.

For Recovery Support Services with the Access to Recovery Program.
From \$6,117,527 to \$4,402,527 from General Revenue Fund.

I hereby veto \$3,700,000 general revenue for an early intervention program for youth at risk of mental health crises. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this was based on the findings of an informal House group on Crime Prevention. While I appreciate the work of the group's members to find solutions to these problems, a larger and more formal study is needed to determine the best avenues for reducing crime through mental health services. Additionally, this budget has already budgeted for multiple items totaling over \$472 million in support of behavioral health services statewide.

For treatment of youth psychiatric services.
From \$13,114,795 to \$9,414,795 from General Revenue Fund.

I hereby veto \$2,000,000 general revenue for the Engaging Patients in Coordinated Care (EPICC) program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, there are existing peer support services and opioid treatment investments to help address the goals of this program. Additionally, this program provides one-time state funding to support ongoing program costs, which could possibly jeopardize the program's future sustainability.

For a behavioral health network that links individuals 14 and over with severe opioid use disorder to community based treatment with the help of Peer Recovery Coaches.
From \$2,000,000 to \$0 from General Revenue Fund.

I hereby veto \$1,800,000 general revenue for an Electroencephalogram (EEG) combined Transcranial Magnetic Stimulation (eTMS) Pilot Program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, while I am supportive of efforts to help address the mental health needs of veterans and first responders, this is a relatively new treatment option. A smaller pilot project allows for a closer look at the effectiveness of the treatment without being fiscally irresponsible. Additional FDA approval for the equipment is still pending. This item can be revisited once the program is able to demonstrate effectiveness.

For the Division of Behavioral Health to implement the use of EEG-Guided Transcranial Magnetic Stimulation (e-TMS) equipment.
From \$3,300,000 to \$1,500,000 from General Revenue Fund.

From \$408,854,734 to \$399,639,734 in total for the section.

Section 10.115

I hereby veto \$6,866,000, including \$2,200,000 general revenue, for operating costs of additional behavioral health crisis centers. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, there is existing funding in House Bill 20 to construct these centers. Operational funding will not be needed in Fiscal Year 2024, as construction will not yet be completed.

I hereby veto \$1,050,000, including \$283,500 general revenue, for public administrator liaison positions. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we

will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, statutory changes should be pursued to reduce the workload on Public Administrators in lieu of earmarked state funding for positions that will have minimal impact.

For adult psychiatric services and community programs.
 From \$127,788,119 to \$125,304,619 from General Revenue Fund.
 From \$295,891,469 to \$290,458,969 from Department of Mental Health Federal Fund.

From \$636,971,653 to \$629,055,653 in total for the section.

Section 10.410

I hereby veto \$5,000,000 Budget Stabilization Fund for an autism research initiative. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

For a single grant to be issued jointly to a Missouri not-for-profit and a Missouri public institution of higher education to be used to advance research and development of therapeutics and potential cures for cases of genetically caused autism.

From \$10,000,000 to \$5,000,000 from Budget Stabilization Fund.
 From \$2,382,945,770 to \$2,377,945,770 in total for the section.

Section 10.721

I hereby veto \$500,000 general revenue for the purchase of rapid response testing kits for STI testing or other health outbreaks. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the Department of Health and Senior Services currently purchases, ships, and provides test results for STIs. Additionally, the state has invested \$78 million in the One Health Laboratory. Current resources and future resources can handle additional STI testing. This earmark is duplicative of other tests already paid for by Missouri taxpayers.

Said section is vetoed in its entirety from \$500,000 to \$0 from General Revenue Fund.
 From \$500,000 to \$0 in total for the section.

Section 10.745

I hereby veto \$500,000 general revenue for the Elks Mobile Dental Clinic. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

From \$700,000 to \$200,000 from General Revenue fund.
 From \$700,000 to \$200,000 in total for the section.

Section 10.830

I hereby veto \$2,200,000 general revenue for the long-term care ombudsman program. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, while this program's focus on ensuring the health and well-being of seniors is commendable, there is funding elsewhere in the budget to meet the needs of this program, particularly clarified language on the spending authority of the \$32.6 million Senior Services Growth and Development Program Fund and appropriate General Revenue transfer to support Area Agencies on Aging.

For the Ombudsman Program operated by the Area Agencies on Aging or their service providers.
From \$2,350,000 to \$150,000 from General Revenue Fund.
From \$117,906,281 to \$115,706,281 in total for the section.

Section 10.831

I hereby veto \$50,000 Senior Services Growth and Development Program Fund for the Texas County Food Pantry. While this funding would support an important service, especially for seniors in rural areas, the Department of Health and Senior Services is subject to state laws set forth in Section 192.385, RSMo. This section requires all Senior Services Growth and Development Program Funds to follow a formula to support ten specific Area Agencies on Aging across Missouri which excludes the Texas County Food Pantry.

Said section is vetoed in its entirety from \$50,000 to \$0 from Senior Services Growth and Development Program Fund.
From \$50,000 to \$0 in total for the section.

On June 30, 2023, I approved said **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 10**, except for those items specifically vetoed and not approved.

TO THE SECRETARY OF STATE
OF THE STATE OF MISSOURI
102nd GENERAL ASSEMBLY
FIRST REGULAR SESSION

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 11** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Social Services and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2023, and ending June 30, 2024.

Section 11.155

I hereby veto \$1,500,000 Temporary Assistance for Needy Families Federal Fund for a year-round youth jobs program in the City of St. Louis. The adjusted total is more in line with that of similar projects. Additionally, the City of St. Louis allocated \$2.5 million ARPA for this program.

For a program located in a city not within a county, for the purpose of providing year-round paid jobs and internship opportunities and job training for youth residing in the city.

From \$2,500,000 to \$1,000,000 from Temporary Assistance for Needy Families Federal Fund.

I hereby veto \$50,000 Temporary Assistance for Needy Families Federal Fund for a basketball training program. While the plain language of the appropriation states the funds are for a nonprofit "in any home rule city with more than four hundred thousand inhabitants and located in more than one county that uses the game of basketball to build character," the information provided to my administration demonstrates that this basketball training facility is located in Overland Park, Kansas. Temporary Assistance for Needy Families Federal Funding cannot be distributed to entities outside the state of Missouri.

For a nonprofit organization in any home rule city with more than four hundred thousand inhabitants and located in more than one county that uses the game of basketball to build character.

From \$50,000 to \$0 from Temporary Assistance for Needy Families Federal Fund.

I hereby veto \$375,000 Temporary Assistance for Needy Families Federal Fund for a Film Camp USA designated state-wide youth program. This is not a good use of taxpayer funds as the cost per camper is estimated to exceed \$1,000. Additionally, this earmark appears to direct public funds to a private company for non-public purposes in violation of Article III, Section 38(a) of the Missouri Constitution.

For a state-wide youth program that provides children from Missouri the opportunity to become a master of their own stories while obtaining transferable skills through acting, directing, and screenwriting in an effort for the children to make movies and memories.

From \$375,000 to \$0 from the Temporary Assistance for Needy Families Federal Fund.

I hereby veto \$5,000,000 Temporary Assistance for Needy Families Federal Fund for the United Way organization. The adjusted total is more in line with that of similar projects.

For an organization founded in 1922 that provides and deploys accountable funding and support for nonprofits statewide.

From \$10,000,000 to \$5,000,000 from Temporary Assistance for Needy Families Federal Fund.

From \$65,839,884 to \$58,914,884 in total for the section.

Section 11.162

I hereby veto \$30,000 Temporary Assistance for Needy Families Federal Fund for the St. Louis Association of Community Organizations. This is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project. This organization could seek funds from the United States Department of Housing and Urban Development's Community Development Block Grant program and the City of St. Louis' Community Development Administration. The organization received a combined total of \$149,177 from grant income in 2021.

Said section is vetoed in its entirety from \$30,000 to \$0 from Temporary Assistance for Needy Families Federal Fund. From \$30,000 to \$0 in total for the section.

Section 11.163

I hereby veto \$1,000,000 Temporary Assistance for Needy Families Federal Fund for Annie Malone Children and Family Services. The information provided to my administration demonstrates that these funds may support a capital

improvement project. Temporary Assistance for Needy Families Federal Funding cannot be disbursed for capital improvement projects.

From \$4,000,000 to \$3,000,000 from Temporary Assistance for Needy Families Federal Fund.
From \$4,000,000 to \$3,000,000 in total for the section.

Section 11.195

I hereby veto \$1,904,000 general revenue for a cooperatively owned grocery store in St. Louis County. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

For a nonprofit organization founded in 2017 to open a cooperatively owned grocery store.
From \$1,904,000 to \$0 from General Revenue Fund.
From \$14,781,682 to \$12,877,682 in total for the section.

Section 11.207

I hereby veto \$2,000,000 general revenue for the staffing, infrastructure, and technology expenses for House Everyone, a homelessness nonprofit. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project. There are existing state programs aimed at providing services to address homelessness. Funding could be sought through the Missouri Housing Development Commission.

Said section is vetoed in its entirety from \$2,000,000 to \$0 from General Revenue Fund.
From \$2,000,000 to \$0 in total for the section.

Section 11.212

I hereby veto \$2,500,000 general revenue for a transitional housing project. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the adjusted total is more in line with that of similar projects.

From \$3,000,000 to \$500,000 from General Revenue fund.
From \$3,000,000 to \$500,000 in total for the section.

Section 11.220

I hereby veto \$15,000,000 general revenue for grants to organizations for services and programs to assist victims of crime. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the Fiscal Year 2023 ARPA budget invested \$24 million in extraordinary funding for the Victims of Crime Act (VOCA) program. This line is being reduced to more accurately reflect the estimated loss of federal funding for the affected fiscal year in order to maintain current funding in Fiscal Year 2024.

From \$30,000,000 to \$15,000,000 from General Revenue Fund.

From \$79,331,537 to \$64,331,537 in total for the section.

Section 11.225

I hereby veto \$2,000,000 general revenue for grants for services and programs to assist victims of sexual assault. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, the Fiscal Year 2023 and Fiscal Year 2024 budgets have invested \$39 million in extraordinary funding for the Victims of Crime Act (VOCA) program.

AN ACT

To appropriate money for supplemental purposes for the expenses, grants, refunds, and distributions of the several departments and offices of state government and the several divisions and programs thereof, and to transfer money among certain funds, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri for the fiscal period ending June 30, 2023.

Section 15.156

Article IV, Section 25 of the Constitution of Missouri states that, "Until it acts on all the appropriations recommended in the budget, neither house of the general assembly shall pass any appropriation other than emergency appropriations recommended by the governor." Emergency appropriations adopted but not included in the governor's recommendations would fail to follow the aforementioned

constitutional article, which is why I am vetoing this funding. Also, funding for this purpose has been included in the Fiscal Year 2024 budget for the Missouri Department of Transportation. Accordingly, an emergency supplemental appropriation for this purpose is not necessary.

In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

Said section is vetoed in its entirety from \$1,500,000 to \$0 from Budget Stabilization Fund.

From \$1,500,000 to \$0 in total for the section.

Section 19.567

I hereby veto \$1,000,000 Budget Stabilization Fund for the planning, design, construction, and equipping of a new oncology center in Clinton. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly

passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this facility was appropriated \$1 million in the Fiscal Year 2023 ARPA budget which has been reappropriated in Fiscal Year 2024.

Said section is vetoed in its entirety from \$1,000,000 to \$0 from Budget Stabilization Fund.
From \$1,000,000 to \$0 in total for the section.

Section 19.568

I hereby veto \$10,000,000 Budget Stabilization Fund for the design, planning, and construction of buildings to provide housing for the homeless and administrative office space in Springfield. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project. Additionally, there are existing state programs aimed at providing services to address homelessness. Funding could be sought through the Missouri Housing Development Commission.

Said section is vetoed in its entirety from \$10,000,000 to \$0 from Budget Stabilization Fund.
From \$10,000,000 to \$0 in total for the section.

Section 19.574

I hereby veto \$600,000 general revenue for acquisition and renovations to a building for a federally qualified health center in Pulaski County. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, Central Ozarks Medical Center requested funds to acquire and renovate a building in Richland to serve as a Federally Qualified Health Center. The Department of Social Services has no statutory authority to provide funding for this development. Because the appropriation bill attempts to grant this authority to the department of Social Services, this provision violates the single subject limitation in Article II, Section 23 of the Missouri Constitution. This facility received a \$1,800,000 grant for capital improvement projects in the Fiscal Year 2023 ARPA budget through the FQHC grant program which has been reappropriated in Fiscal Year 2024 to ensure 100% expenditure of those grants.

Said section is vetoed in its entirety from \$600,000 to \$0 from General Revenue Fund.
From \$600,000 to \$0 in total for the section.

Section 19.591

I hereby veto \$2,000,000 Budget Stabilization Fund for the planning, design, construction, renovations, maintenance, repair and capital improvements to transform a building into a gospel music hall of fame, art museum and research center in St. Louis City. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all

of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

From \$4,000,000 to \$2,000,000 from Budget Stabilization Fund.

From \$4,000,000 to \$2,000,000 in total for the section.

Section 19.610

I hereby veto \$750,000 Budget Stabilization Fund for the planning, design, and construction of a new library in Barry County. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

Said section is vetoed in its entirety from \$750,000 to \$0 from Budget Stabilization Fund.

From \$750,000 to \$0 in total for the section.

On June 30, 2023, I approved said **Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 19**, except for those items specifically vetoed and not approved.

Respectfully submitted,

/s/ Michael L. Parson
Governor

June 30, 2023

TO THE SECRETARY OF STATE
OF THE STATE OF MISSOURI
102nd GENERAL ASSEMBLY
FIRST REGULAR SESSION

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 20** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, distributions, purchase of equipment, planning expenses, capital improvement projects, including but not limited to major additions and renovation of facility components, and equipment or systems for the several departments and offices of state government and the several divisions and programs thereof, and to transfer money among certain funds, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri for the fiscal period beginning July 1, 2023, and ending June 30, 2024.

Section 20.101

I hereby veto \$410,500 Coronavirus State Fiscal Recovery – Health and Economic Impacts Fund for the replacement of a bathroom and purchase of a bucket truck in the City of Hazelwood. This is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

Said section is vetoed in its entirety from \$410,500 to \$0 from Coronavirus State Fiscal Recovery – Health and Economic Impacts Fund.
From \$410,000 to \$0 in total for the section.

Section 20.150

I hereby veto \$1 Coronavirus State Fiscal Recovery – Health and Economic Impacts Fund for grants to emergency medical providers, fire protection entities, or public safety officers. I also hereby veto the words “provided that the maximum award shall be \$20,000 per recipient and further” that are included within the second subsection of this section. In Fiscal Year 2023, just under \$8.5M was obligated to 553 first responders for these grants due to low interest from potential grantees due to the maximum award amount. This veto will ensure that a greater number of projects are eligible to receive funding, and that a greater number of first responders are served.

From \$20,000,000 to \$19,999,999 from Coronavirus State Fiscal Recovery – Health and Economic Impacts Fund.
From \$30,000,000 to \$29,999,999 in total for the section.

Section 20.220

I hereby veto \$500,000 general revenue for exterior handicap improvements in the Affton Public School District. The Fiscal Year 2024 budget that was passed by the Missouri General Assembly totals \$53.5 billion, over \$1.7 billion more than my recommended budget. Additionally, the Missouri General Assembly passed legislation which is estimated to result in a loss of ongoing general revenues exceeding \$300 million and increasing ongoing general revenue expenditures by over \$200 million. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.

In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Said section is vetoed in its entirety from \$250,000 to \$0 from General Revenue Fund.
From \$250,000 to \$0 in total for the section.

Section 20.222

I hereby veto \$750,000 general revenue for the construction and/or renovation of an early childhood enrichment center. In addition, Missouri has consistently maintained a AAA bond rating and we will ensure a balanced budget for years to come. In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current

General Assembly. Further, while I am supportive of investments to increase access to quality and affordable childcare for Missourians, these investments are not the full responsibility of the state. More must be done to support increased partnerships between communities, employers, and childcare providers.

From \$1,500,000 to \$750,000 from General Revenue Fund.

From \$1,500,000 to \$750,000 in total for the section.

In light of all of these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Further, this is a local responsibility with minimal statewide impact. Other funding mechanisms should be pursued in lieu of earmarked state funding for this project.
