

HB 1025 -- WHISTLEBLOWER'S PROTECTION ACT

SPONSOR: Mackey

Currently, the definition of "employer" excludes the state of Missouri, its agencies, and political subdivisions, including but not limited to any public institution of higher education, a corporation wholly owned by the state of Missouri and individuals who are employed by religious or sectarian organizations. This bill modifies the definition of "employer" to include law enforcement agencies, for purposes of the Whistleblower's Protection Act.

This bill is similar to HB 1941 (2022)
