Associated Industries of Missouri supports providing tax credits for film production projects as the daisy-chaining of projects will lead to establishment of permanent facilities and service providers such as lighting professionals, set construction contractors, sound production professionals, and others, in addition to the boost to the state and local economy that results from shooting the film projects in Missouri. We are currently losing all of this business to other states that have robust film credits and Missouri needs to be competitive to win these projects.

We support all film related bills to boost Missouri's entertainment industry as a return on the state's investments, and to help our Branson region and Missouri stay competitive with neighboring states.
