I am in Full Support of this Bill and make sure to do what is right. The Chief Law Enforcement Official of a County has no right and no way to determine the use of a Camera on Private Property. This is against the Federal and State Constitution and is a Violation of Privacy and Land Rights. Get this Bill onto the Governor's Desk!

Missouri Farm Bureau has member-adopted policy stating, "We support legislation strengthening property rights by requiring government officials to obtain search warrants before entering any private property, except in the case of national security or to find missing persons."

I emphatically support this bill! Strong private property rights are essential to a free society. We need legislation like HB 335 that protects the citizens of Missouri against government and law enforcement intrusion and overreach at any/all levels.
