**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

To the Missouri House Election and Elected Officials Committee: The Missouri Sierra Club is in opposition to House Bill 391. The Missouri Sierra Club represents over 8,000 dues-paying members across the state who advocate for conservation, environmental, social justice, and democracy through grassroots efforts. We believe that every voter should have all the tools to exert their constitutional right to be involved in our democracy. Missouri's 115 year constitutional right to utilize the initiative petition to bring policy to the people of the state is a historic treasure and allows voters to participate in our democratic process. House Bill 391 eliminates the necessary checks and balances in our government by prohibiting the court system from editing the summary statement and ballot language of any ballot measure proposed by Missouri's General Assembly. Voters are denied their right to democratically cast their vote when ballot language or the summary statement do not accurately reflect the measure up for a vote. This is why we have a law in Missouri guaranteeing that the summary statement and ballot language of initiatives cannot be deceptive or misleading, and provide a cause of action for courts to adjudicate the sufficiency of the language. Courts should have the authority to edit language of summary statements or ballot language that they find to be legally insufficient, deceptive or misleading. This provides important protection for voters to have access to accurate information about a pending measure. Respectfully, the Sierra Club Missouri Chapter urges you to vote NO on HB 391.

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

Testimony in opposition of HB 391 March 21, 2023 I am submitting this testimony in opposition of HB 391 on behalf of the National Council of Jewish Women St. Louis (NCJWSTL). NCJWSTL is a non-profit organization in metropolitan St. Louis, representing over 5,000 members and supporters throughout the state. We focus our work on community service, advocacy, education, and philanthropy to improve the quality of life for women, children, and families while supporting individual and civil rights, and have been doing so since 1895. HB 391 would prohibit any court from editing the summary statement or ballot language of any ballot measure proposed by the General Assembly. Courts would therefore be unable to edit insufficient, deceptive, or misleading language. The courts are a critical check and balance to the legislature, and HB 391 violates that sacred American tradition of separation of powers. Moreover, per Missouri law, Missouri voters have the right to fair and accurate language, and HB 391 would take that right away. Lawmakers should reject efforts to make democracy more difficult for the voters. NCJWSTL encourages you to vote no on HB 391. Thank you.

I oppose HB 391 because it allows the General Assembly to put any language they want on a ballot issue and completely fool the voters. I have listened to legislators speak at length about the bad ballot language on initiative petitions and that language can be changed by the courts. There must be a mechanism to ensure that voters are not fooled by deceptive and misleading ballot language. The courts have served in that role and should continue to serve in that role. Sincerely, Carol Schreiber

Missouri Voter Protection Coalition submits this testimony in opposition to HB 391. HB 391 would prohibit any court from editing the summary statement or ballot language of any ballot measure proposed by the General Assembly. Democracy functions best when elections are fair. Voters are denied that opportunity when ballot language or the summary statement do not accurately reflect the measure up for a vote. This is why we have law in Missouri guaranteeing that the summary statement and ballot language of initiatives cannot be deceptive or misleading, and provide a cause of action for courts to adjudicate the sufficiency of the language. Courts should have the authority to edit language of summary statements or ballot language that they find to be legally insufficient, deceptive or misleading. This provides important protection for voters to have access to accurate information about a pending measure. Accordingly, the Missouri Voter Protection Coalition urges this committee to vote NO on HB 391. In many bills, the partisan nature of the legislature comes through in the ballot language. I've seen many instances from both parties where the ballot language was purposely deceitful. Courts must have the authority to edit language of summary statements or ballot language that they find to be legally insufficient, deceptive or misleading.

My name is Elizabeth Franklin, Plattsburg MO and I am submitting the following regarding House Bill 391. I do not support this House Bill and am respectively submitting testimony in opposition. It is unclear why the sponsor would suggest initiative petition ballot language prepared by the General Assembly should be "exempt" from judicial oversight. Trying to remove the judicial branch from General Assembly oversight removes the checks and balances of our courts. It is imperative that neutral judges have the ability to oversee and if necessary, correct misleading and deceptive language ballot language. It's disingenuous for the General Assembly to exempt themselves from oversight by the judicial branch of government. I strongly urge you to vote NO on this misguided bill. Thank you for the opportunity to submit testimony.

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

Good Day, A fully-paid Golden Life member of both the NAACP and THE Delta Sigma Theta Sorority, Inc., a public service sisterhood founded on Christian principles, I have visited the Missouri Capitol several times over the years. I traveled from Kansas City as part of our Social Action Committee's annual Delta Days at the Missouri State Capital. More recently, I was an advocate of Medicaid Expansion. Established in 1913 at Howard University in Washington, DC, Delta's first social action was marching down Pennsylvania Avenue for women's suffrage. Communities Creating Opportunities and other community and faith-based organizations sponsored several bus trips to the Missouri State Capital in Jefferson City in support of Medicaid Expansion for citizens caught in the Affordable Health Care gap. I was impressed with the historic art and accessibility to the legislative process. The hallowed halls contained pictures of public servants I respect such as Senator Yvonne Wilson and Representatives Mary Groves Bland, Bill Gray, Jackie McGee and others. Most legislators live up to their title, The Honorable. Years before, I wrote to The Honorable John Ashcroft, Missouri's 50th Governor (1984-1993) who went on to serve as US Senator (1995-2001) and 79th US Attorney General, aka Justice Dept CEO (2001-2005). I urged him to sign the bill on his desk passed by a progressive Missouri House and Senate to divest Missouri funds in an international response to apartheid in South Africa and then enforce the law he signed when the MOSERS (MO State Employees Retirement System) Board refused to comply 5 years later. I was surprised, both times, he did the honorable thing after I appealed to him citing Old Testament references in the name of Jesus. I supposed as a Republican, he would not sign the Democratic led divestment bill into law. Little did I know, he was the son of a Pentecostal preacher and was not Jewish as I assumed. I try to leave judging people to the Lord God Almighty now. Nobel Peace Prize Winner, Archbishop Desmond Tutu visited UMKC and praised Missouri's forward thinking in this important fight for human rights. Divestment did not cost the state any money as was predicted. In fact, funds increased. Nelson Mandela, another Nobel Peace Prize Winner, was subsequently released from prison after 27 years and went on to vote for the first time in a presidential election he won. GLORY TO GOD. I do not understand why Medicaid Expansion did not pass the Missouri legislature. How could a state legislators refuse billion\$ of federal funding to comply with the spirit of federal law in deference to public health? Your health care is partially funded by the taxpayers in the gap!!! Many benefited from Affordable Health Care (aka, Obama Care) especially during the COVID-19 pandemic. Missouri has profitted from the influx of federal funding as one of the 39 Medicaid Expansion states. Despite many challenges, "it is notable that almost 300,000 people have applied for the Medicaid expansion in one year and evidence suggests that many if not most of these individuals were uninsured before receiving the expansion coverage and may never have had insurance before." – Washington University – St. Louis Institute for Public Health. (November 29, 2022) THE PETITION INITIATIVE PROCESS MUST BE MAINTAINED AS IS. It is an important check to the partisan politics I saw evident in Medicaid Expansion which required Supreme Court intervention to be

enacted. The failure of a partisan Missouri legislature to act in the best interests of our citizenry was countered by this process to get the issue on the ballot and passed with the current percentage of signatures in the current number of Congressional Districts with the current simple majority. HJR-18, -24, -25, -28, -29, -30 and -43 and HB-391, -703 and -780 are not in the best interests of our democracy. The process which already exists requires a high thresh hold of signatures and has served us well. A two-thirds majority on any ballot decision or election is unrealistic. How many legislators could garner 2/3 of the vote from their constituencies to hold office? Amazed by His Grace, Sis. Getta R. Hall (pronounced " G " as in Glory - "Ta" - "Hall" as in Hallelujah(816)-483-9759 - getta\_hall@yahoo.com ACA Medicaid expansion in Missouri [Updated 2022 Guide]

HB 391 would infringe on an important building block of U.S. democracy, the principle of “checks and balances.” The executive, legislative, and judiciary branches of government are to have equal power and voice in the U.S. and in Missouri if we are a healthy democracy. No court could edit the summary statement or ballot language of any ballot measure proposed by the General Assembly if HB 391 passes. What if the General Assembly passes language that is legally insufficient, deceptive, or misleading? In those cases, the executive branch and the judiciary branch must have the ability to protect the public. Voters deserve accurate information about a ballot measure. Paraquad is one of the oldest and largest independent living centers in the country. Centers for Independent Living are unique because more than 50% of our board and staff are people with disabilities. To carry out our mission, it is essential that the voices of personally impacted people be heard, and it is also essential that people with disabilities be heard and valued in local, state, and federal government proceedings. Protecting the right and the responsibility to fully participate in democracy is vital to us, including the right to vote and the principle of one person=one vote. We ask that you vote NO on HB 391, and I welcome your questions.

Madam Chair and members of the committee, my name is Jennifer Stephenson, and I want to voice my opposition to HB 391. Removing the ability for courts to provide checks and balances on the IP process is extremely dangerous and is designed to mislead citizens. Both parties propose slanted and misleading language for bills, prompting voters to make uninformed decisions while in the voting booth. This violates our right to fair and accurate language according to Missouri law, and places more power in the hands of dishonest politicians. Passing this bill would lead to legislation put in place by deception, rather than the support of Missouri citizens. Therefore, I oppose HB 391 to protect Missouri elections.

Please do not add this language. The public needs to have some redress if bills are poorly formed by the legislature and need to be able to keep a robust ballot initiative petition. We don't need to put any more power in the hands of the legislature; citizens need to have some way to ask to have a bill written in language we can understand and we need to be able to petition as needed.

Chair, Vice-Chair, members of the committee; thank you for the opportunity to submit testimony today in opposition to HB 391– A retaliatory Attack on the people of Missouri’s participation in the Initiative Petition process. Pro-Choice Missouri works to protect and expand every Missourians’ right to bodily autonomy, to access essential reproductive healthcare, to access accurate information to make the best decisions for ourselves and our families, and to parent our children in safety and dignity. Moreover, we work to ensure reproductive justice for all Missourians, which involves advocating to reduce disparities based on race, income level, insurance coverage status, and other factors. The measure is retaliatory to the millions of voters who voted in favor of medical marijuana, ethics reform, medicaid expansion, and so much more. Further, the increased attacks in this 2023 legislative session are a direct response to the overwhelming number of voters across five states who voted to protect and expand access to abortion in the 2022 Midterm election. Abortion access wins at the ballot. The majority of Missourians, 7 in 10, do NOT support political interference in abortion access. Missourians deserve MORE than power hungry politicians utilizing their positions of power to undo the will of the people they purport to represent. These measures will have lasting negative impacts in Missouri. Pro-Choice Missouri, representing more than 60,000 members across the state, opposes the advancement of this bill and urges you to vote NO. Thank you.

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

This bill provides that no court shall have the authority to edit the summary statement or ballot language of any ballot measure proposed by the General Assembly. One of the most fundamental doctrines of American law and tradition is the system of checks and balances between the different branches of government. There have been ballot measures proposed by the General Assembly that have unfortunately been misleading. A recent example was Amendment #4 in the November 2022 election which was about the Kansas City Police Department but there was no mention of that in the ballot language; it simply said, "a city". Many citizens were not aware of the actual intent of the ballot measure and its derivation when they voted on it. Although HB391 recognizes that there could be court challenges to ballot language proposed by the General Assembly, it would require that the re-wording be done by either the General Assembly or the Secretary of State. This would permanently delete the effective oversight of the courts, a politically independent part of our system of governmental checks and balances, and their ability to address misleading ballot language. This is an important protection for voters to have access to accurate information about a pending measure. Clear ballot language is important to representational government. We don't want citizens to be misled and later regret how they voted on a ballot measure. The League of Women Voters of Missouri goes on record in opposition to HB391. Marilyn McLeod President League of Women Voters of Missouri

The courts, an independent 3rd branch of our government, should retain the authority to edit language of summary statements or ballot language that they find to be legally insufficient, deceptive or misleading, as it pertains to Initiative Petition information that comes from the Secretary of State's Office. The General Assembly should NOT be given the sole power to determine the language of an Initiative Petition ballot measure.

I am writing to oppose HB 391 (Sponsor: Murphy.) I am a Missouri constituent and voter and HB 391 would hurt the ability of the courts to ensure that I and my fellow Missourians are accurately informed about pending measures on ballots. HB 391 would prohibit any court from editing the summary statement or ballot language of ballot measures proposed by the General Assembly, even in cases where a legal court is able to determine that the language is insufficient or even deceptive. HB 301 thus has grave potential to harm voters and to harm the democratic process. I urge our Missouri representatives to oppose HB 391.

I am writing to oppose HB391 because taking away the ability of a court to edit or modify the language of the summary statement or ballot language is anti-democratic. Both the Attorney General's office and the General Assembly are served by politicians whose allegiance will be to their own party above anything else. The party not represented in this scenario will be poorly served, and there is great potential for someone to vote for something that they actually oppose. A nonpartisan court stakes its reputation on being impartial and is therefore more qualified than a politician to clarify summary statements and ballot language that might confuse the layperson--which most voters are. The court should always been an option for editing and modifying summary statements and ballot language.

Pat Bartholome, representing League of Women Voters of Kansas City, opposes HB 391. Any legislation that interferes with the rights of citizens to vote is wrong and clearly unconstitutional. The general assembly does not have the right to interfere with the court ruling on ballot language if it is ruled to be erroneous or misleading in any way. The legislative branch has no constitutional right to interfere with the actions of the judiciary. Thank you for accepting my testimony on HB 391. Pat Bartholome

Checks and balances are what our democracy is based on. Removing the option of review of the ballot language by the judicial branch removes those checks and balances. This is a clear instance of legislative branch overreach.

Courts need to have the authority to ensure all ballot language is legally sufficient for full understanding of what a yes or not vote would mean on the voting o a measure. These ballot explanations are sometimes misleading and confusing. The courts are a balance of the power for the General Assempley and should not be prevented from clarifying a measure's language, protecting voters from misleading information.

The ACLU of Missouri (ACLU-MO) submits this testimony in opposition to HB 391, which would prohibit the judiciary from curing insufficient or misleading ballot summary statements or ballot language of any ballot measure proposed by the legislature. This bill, if passed, would severely limit the foundational principles of checks and balances and separation of powers in our system of state governance. As one of our three branches of government, the Missouri judiciary should have the power and authority to edit language of summary statements and ballot language that it finds to be legally insufficient, deceptive, or misleading. Ballot measures must be presented in a clear manner. It is the responsibility of the judiciary to determine whether the proposed language is fair or deceptive. Accordingly, we urge to vote NO on HB 391.
