I support automatic sealing of records when person has served their time without effort and money by the individual. We are keeping too many from working who cannot afford our present system. I see it often affecting inability when released from jail unable to support their families and find work. Please make this automatic to help them move on with their lives and become productive members of our society

Expunged records must be closed, not destroyed, in order to protect the integrity and accountability of the individual and the process. Closed records are needed to keep track of whether and what offenses have been expunged, and for use by the courts, probation and parole officers, prosecuting attorneys, law enforcement and the department of corrections in the event an individual reoffends.
