THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.

Chairman Seitz and members of the committee, Missouri Confluence Waterkeeper is a grassroots, citizen-led conservation organization focused on clean water and dedicated to protecting fishable, swimmable water for all Missourians. Waterkeeper is a member of Waterkeeper Alliance, a global network of more than 340 independent clean water organizations across six continents, dedicated to protecting local waterways and defending right to fishable, swimmable, drinkable water. As an organization focused on water issues, we support HB 43. The Great Flood of 1993 was an important moment in Missouri's history and the lives of many Missourians. The devastation it wrought and the resiliency demonstrated by Missouri communities in its aftermath will forever be a part of our state's story. Designating an official work chronicling this historical event is an excellent way to ensure this important event is not forgotten, and continues to live on in the memories of Missourians.
