Associated Industries of Missouri supports this bill that would make products used to hide drug use illegal. In the employment setting, the use of such products has an impact on workplace injury investigations, workers' compensation claims, and the health and welfare of all employees.

I oppose HB 468. My worry is that too many legitimate products will be caught up in the net of this bill. I agree with the spirit of this bill, but I oppose the way this bill goes about solving the problem. This bill would be better if it prohibited the act of masking drug use, instead of targeting an unspecified number of and unnamed products.
