I am in favor of HB 494, because it helps to protect our children from viewing performances that have a sexual nature. Exposing children to this content, especially if it is in a public area where children may be (such as a park or outdoor theater), can have life long affects on them mentally. I strongly support protecting the minds of our children from these sorts of performances.

Consensus American societal norms have long held that our children are not capable of bearing the weight of adult sexuality or adult sexual content. Missouri children are being exploited by the progressive trans and grooming agenda and we must make sure Missouri parents are aware of what is being presented to their children. Drag shows are nothing more than adult performance theatre and should be classified as such.

I encourage you to pass this bill to protect the minds of MO children. Young minds are impressionable and have no need or use to witness depravity. I read where a school in Columbia, MO actually bussed kids to Drag Queen show and this is reprehensible. That is not education.

I have served on the Missouri Child Abuse and Neglect Review Board, having been appointed by former Gov. Matt Blunt. To expose or subject a minor to lewd or sexually explicit material or acts is considered child abuse in Missouri. No minor should be allowed to view in person, or in video format, such material or those exposing them to such material should be considered endangering that minor child. If a teacher or responsible authority approves of such exposure, they should lose their licensure! Any venue who permits this exposure should be fined substantially and closed.

Please do what you can to protect the innocence of Missouri children. If adults want to perform let them do so in adult settings. Children cannot un-see or un-learn what is shoved in their face. They do not have the capacity to fully understand what they are seeing and hearing. Children will be damaged for life by these performances that were once held in private behind closed doors. Children cannot protect themselves. Children cannot decide for themselves if they will see these performances if there are adults that can get away with pushing their agenda. PLEASE protect our innocent children.

As a culture we have an innate responsibility to protect children at all costs against abuse. When we allow sexual deviance such as homosexuality, transgenderism, etc, then we are just as guilty of that abuse. This has to stop.

The question is not "should adults be allowed to read to children in drag", but rather "why do adults want to read to children in drag"? This is an obviously sexual act done in front of children. It would be one thing to allow this in private, but these performances are occurring in public libraries. It is unconscionable that they be allowed to continue.

Cabaret and drag theatre has always been an adult-themed activity that promotes extreme gender stereotypes of women. The performers are hyper sexualized and their content is inappropriate for children. There is no logical reason for them to desire to perform before children other than trying to indoctrinate or groom them. I am a Democrat and I support this bill.

I totally agree with the spirit of the bill and that these kind of performances must not be in public places where they can be viewed by a minor. When I read the summary it is unclear if that is all that is addressed in this bill. I will not attend one and I do not agree with this kind of performance, but it does not seem clear that a private club or establishment with limited entrance would be allowed to prevent this kind of show. Please consider the wording carefully so the bill is not so easily challenged.

I Strongly support passage of HB494."Adult" performances, as described and discussed in this bill are pure pornography and should not be available to any children whether accompanied by an adult or not. Masquerading as free speech under the U.S. Constitution profanity and pornography have become so prevalent in our culture that is already difficult, if not impossible to shield young children from exposure to them, whether on the television, or even in school. A line must be drawn and at least some protection must be established where children will be protected from such filth. HB494 affords some degree of protection.As a father and a grandfather, who cares deeply for protecting all children from the degrading effects of this type of material, I urge swift passage of HB494.

We must call a spade a spade in regards to sexually oriented businesses. There are decency laws and they have served us well in the past. They must do the same now. Under age individuals should not be subjected to drag queen performances or story hours. Heard of "grooming"? Grooming of our children sexually includes introducing sexually geared entertainment to children that will break the parent-child bond (parents not respecting children's innocence) thus harm children and thus society. "Grooming" makes children more open to pedophiles and thus endangers children. There is even an organization called "Gays Against Grooming" which acknowledges this.

Protecting our children should be our number 1 priority. Any adult who commits the offense of engaging in an adult cabaret performance if the performance that is on public property or is in a location where the performance could be viewed by a child should be punished! Businesses should be prohibited from allowing any child to participate in ANY form of adult entertainment and especially drag shows. Children are innocent and we need to protect their innocence. I ask you to protect our children. Fight for them. Keep them safe! Thank you.

I have lived in Southwest Missouri and then Kansas City for the entirety of my life. I am a woman and I am also a lesbian. But my identity reaches far beyond those two things. Above all else I am a human. As a human I try to show empathy toward my fellow people. I understand that they have different experiences than I do. I understand that never can I know exactly what another person is experiencing. I can, however, let them make the best choices for themselves and their family. The Missouri legislature's obsession with regulating and controlling families in this state is where my empathy ends. Transgender children are not a political prop. They are real humans with needs, emotions, and values of their own. Are they and their families not the ones who should determine their own destiny? Are they not worthy of bodily autonomy? I supposed the bodily autonomy question shouldn't be left up to the MO GOP as we know what happens there. It's a drag show not a gun show where people are actually harmed

As a resident of the State of Missouri and voting citizen, I oppose this measure and any measures which limit the rights of those living in my state to pursue life and leisure without harassment. This regulation will inflict harm upon a number of individuals with nearly no benefit to the rest of society. I acknowledge that this issue is complex, and it's handling should be left to the communities which it effects, rather than being decided by blanket edict. This measure is an over-reach by the state into the lives of individuals and seems more like political performance than actual concern for the citizenry. As a conservative-lead house, I would expect more from the party of small government and personal freedoms.

Testimony of Physicians for Reproductive Health Before Missouri House of Representatives
 Physicians for Reproductive Health (PRH) appreciates the opportunity to testify on HB 170, HB 183, HB 337, HB 419, HB 463, HB 494, HB 498, and HB 540. PRH is a physician-led advocacy organization working to improve access to comprehensive health care, including gender affirming care. Our network includes physicians of all specialties from across the country, including physicians in Missouri, committed to meeting the health care needs of our patients. We are strongly opposed to these dangerous bills as they are not based in science, require providers to stop lifesaving medical care, and would interfere in not only the patient-provider relationship, but in Missourians ability to be healthy. Gender affirming care is just that; health care. As actual physicians who know the evidence and science behind gender affirming care, we know that the care we provide is not a political stunt like the one the House is pulling today; we are meeting the needs of people of all ages in our state as they come to us for support and health care. Gender-affirming care is any health care that centers and acknowledges the gender identity of the patient. This includes primary care, reproductive care, and any other health service where the patient’s gender identity is respected by medical providers. Cisgender people get gender-affirming care every time they go to their doctor: care that believes who they are, trusts their needs, and is in alignment with who they know themselves to be. Transgender, non-binary, and gender diverse individuals of all ages deserve gender-affirming care too. Gender-affirming care is safe, essential, life-saving health care that allows transgender and non-binary people to live their full and authentic lives. Leading medical organizations including the American Academy for Pediatrics, American Medical Association, American College of Obstetricians and Gynecologists, Endocrine Society, Pediatric Endocrine Society and World Professional Association for Transgender Youth support gender-affirming care for transgender and non-binary people. Bans and restrictions on this essential health care make patients and our communities less safe and healthy, and denies them access to the full range of the quality, compassionate, health care they deserve. The data repeatedly shows us that transgender and nonbinary youth are at an increased risk of depression and suicidal ideation compared to other young people, with recent studies finding that 66-72% of transgender youth are depressed and half considered suicide. Your proposed policies are directly harming the mental health and well-being of our community. The political dramatization of the “harm” that transgender people, queer people, and their rights have on communities is dangerous. LGBTQ people are no threat to the health and safety of communities. The real threat to the health and safety of communities is sitting here in this very room: the legislators working to pass these coercive, controlling, and misinformed pieces of legislation. The last-minute hearing on these bills makes it all the more clear that this was never about getting evidence-based information about LGBTQ communities and instead about trying to pass legislation filled with shameful lies fueled by transphobic and homophobic rhetoric. All people, no

matter their age or gender identity, should be able to attend school, play sports, and access health care in ways that affirm who they are. Bans targeting transgender youth sports participation are rooted in false discriminatory rhetoric. A person's gender identity may or may not be consistent with the sex someone was assigned at birth. Gender identity is central to how young people perceive themselves, and it is critical they are supported. When transgender and non-binary youth are affirmed by the people around them, their rates of depression and suicide drop significantly. Forcing young people to compete in sports that do not align with their gender identity is directly harmful to their well-being. There is also no evidence that allowing transgender student athletes to participate on the team that aligns with their gender identity would affect the fairness or the sport. Instead of passing legislation that puts the health care, dignity, and safety for trans people at risk, lawmakers should listen to trans people and the medical professionals who work directly with them, who understand the life-changing, positive impact of ensuring that they can access the gender-affirming care they need. We are the doctors who take care of your constituents. Believe us. Listen to us. Respect science and medicine. The wellbeing of your constituents, and of our patients, depends on it. Reject HB 170, HB 183, HB 337, HB 419, HB 463, HB 494, HB 498, and HB 540.

Another ridiculous bill. This isn't protecting children and ostracizes a whole community. As a school counselor to see this bill is offensive and appalling. Long term studies show that excluding children and not excepting students/children for who they are create long term mental illness. Confidence decreases, suicidal ideations increase. Talk about not promoting well-being. As a parent, I've taken my children to Pride Parades to show them people are individually perfect in different ways.

The purpose of these bills is to promolgate transphobic sentiment, and force people to detransition, move, or live in hiding. There is no other pupose than to go against medical science in order to promote an outdated ideology. This is a clear violation of the constiuation, and this sham hearing scheduled with just over 24 hours notice with a storm coming in has been scheduled to minimize public comment. You know what you are doing, and should be ashamed. These bills will directly lead to children and adults having deterioriating mental health up to attempting suicide. These bills will promote hatered of trans people, and we already have plenty of that. Are you ready for the blood on your hands? Are you gleeful for the children who will surely take their own lives? With these bills, you are telling trans people you would rather them die, hide, or leave than live as your neighbors. There's a saying in Missouri: Salus populi suprema lex esto. It means "the welfare of the people shall be the supreme law." It's our state motto. I say these obvious things that I believe you know, but you seem to have forgotten. You are not saving children, you are not saving the people of Missouri. You are working to the detriment of our neighbors, our friends, our kids, and ourselves out of fear. In the strongest possible terms, I urge you to vote against this legislation for the sake of our kids, and our future.

Do Missouri lawmakers have anything better to do, like I don't know, attract more businesses? Way to show you care nothing for the people and only for your own bigoted views than with this homophobic, big government intervention dictating what individuals can and cannot do. And the GOP call themselves the "party of small government and responsibility" More like the American version of the Taliban. Is that what you want Missouri to be like, the Taliban?

I (a cisgender male) won my Southern Baptist congregation's "reverse beauty pageant" when I was in high school. This piece of legislation takes "drag" performances out of context. This is also setting precedence for no dress up, costumes, plays, recitals, etc. in community schools, theaters, or venues (which affects non drag performers). This legislation also removes choice from parents and businesses to decide what is appropriate and who the patrons will be. It does nothing but harm communities. This bill is fear mongering.

This bill defines adult cabaret too broadly because it includes men dressing as women and women dressing as men in public spaces such as schools. Under this bill, it would presumably be against the law for a female teacher to dress as Abraham Lincoln for Halloween or a social studies presentation. It would be against this law for a male teacher to dress as Madame Marie Curie for Halloween or a science presentation. It would be a threat to children who wish to dress up for all the holiday events that happen in schools and other public places, even if the law doesn't target children. They would be influenced by the limitations of the adults around them. Additionally, the definition of what is male or female dress is very undefined. Does it mean that a woman who wears a pants suit into a school would be breaking a law? Would a man who wore a flowered shirt be breaking this law? This bill leaves too much up to chance. It also ignores this history of theatre where men traditionally played women's roles on stage. Children and adults should be allowed the opportunity to play all the roles in all theater even their gender doesn't match the gender of the character. Children in public spaces should be allowed to experience excellent entertainment and art on stage.

Literal obscenity laws. For what it's worth, there is nothing controversial about restricting viewing of pornographic performances/material from children. Codifying a strict definition of what constitutes "obscene" is going to lead to more unnecessary policing. There will be collateral damage. It's obvious what this is about though, and it's got nothing to do with "protecting children".

This bill is targeted, intentional, and cruel. The scale and scope of the harm laced in this bill is unprecedented. It targets, isolates, and attacks our most vulnerable population. We do not need to protect children from drag queens. We should NOT be criminalizing FREEDOM of expression. I fully oppose reclassifying drag shows as some sort of adult performance in need of further regulation or red tape prohibiting the artists' freedom of expression and restricting businesses from booking acts or activities in line with customer demand. If there is nudity or adult content, the laws on the books are adequate. These performers are artists who support local businesses and communities all over Missouri, and simply wear costumes. Frankly, it would be embarrassing for Missouri legislators to admit that they don't know the difference between an adult and drag performance, but this law has nothing to do with what legislators actually believe. It's an attempt at erasure, more government control over Missourians and their bodies, and an attempt to silence communities that don't politically support the legislators in power. This is a well-coordinated attack against artists, their communities, the LGBTQ+ community, and Missouri taxpayers who ask for more freedom from unnecessary government interference and undue regulation. According to this bill, venues one mile away from a highway would be forced to stop hosting events or close. Surely, Missouri taxpayers prefer legislation that drives economic growth instead of dictating decency based on a Missouri representative's personal or political aspirations. I call on the Missouri House to do better in prioritizing which legislation makes more sense to working families, and resurrecting culture wars to stay relevant should no longer be accepted as proper decorum for representatives sent to Jeff City to serve all of their constituents.

As a transgender performer, I am strongly opposed to this bill, which could put my livelihood at risk by disallowing me to perform without it being considered "sexually deviant" or whatever you morons are parroting these days, all because of my gender identity makes you uncomfortable. You're cowards and embarrassments to your state and country, and God will judge you far more harshly than I have done.

This bill is just hateful. Your attempts to sexualize something that isn't sexual is just a distraction. Your attempts to ban the very idea of looking like a gender that differs from one's biological sex is nothing sort of starting to ban the existence of LGBTQ+ people. Banning a person from existing is genocide. Plain and simple. PLEASE vote no on HB 494

I am the mother of a transgender child. His name is Chase. He always entertains us with his dry sense of humor. He is a straight A student. He is a member of future farmers of America (FFA) and even raised the cow that is currently feeding our family. He is building and painting sets for the high school play. He loves animals and calms every dog, cat, and mule he's ever pet. He cares for his siblings dearly and makes them homemade gifts on holidays. He loves being outdoors and is at ease kayaking our local rivers. As Chase would tell you himself, being transgender is the least interesting thing about him. He is so many other things. Its not a topic of conversation among his friends it school. It doesn't matter and his peers don't care. He's just Chase. A teenager in high school trying to become a happy and successful adult like everyone else. These bills attacking LBGTQIA+ youth in Missouri are inhumane, morally wrong, and full of misinformation. Offering "affirmation care," does not mean sex change. There are about a million steps in between a trans person coming out and surgery. And I can assure you, that we are not "coercing" our children into surgery. What we are doing is listening to them, finding counselors, psychiatrists, support groups, and anything else we can to support our children. These are all examples of affirmation care. With so many major issues impacting our state (poverty, education, crime, infrastructure), why is there so much attention/attacking on a group that is less than 1% of the population? If we are so concerned about our youth, why do we rank so low in child poverty and education? I encourage you to protect your child by any means you believe are right for them. I encourage you to protect my child with your vote. "This is a political mission that doesn't actually protect youth, but further defends the fears and phobias of some adults," Justice Horn

My name is Chris Lehman. I'm a cofounder of Nclusion Plus and I'm against each of these bills today. I'd like to offer my testimony because it's important that you understand more than your own lived experience and that you equitably & equally represent all of your constituents. You and I enjoy so many luxuries and privileges that others don't. The fact you each sit on that governmental throne is a testament to how you understood to leverage relationships, be in the right rooms at the right time, say the right things and surely at some point, you have had to censor what you wanted to do at the potential risk someone wouldn't agree with your lifestyle choice. Of all the things we could be doing. The bigger battles we could fight, the people we could use this time and resource to help- you all decide to expedite the kicking of an LGBTQIA+ person when they're down. There is a way to host all-ages appropriate drag shows for families and their loved ones to attend and enjoy the entertainment. LGBTQ art and culture is essential to our mental health wellbeing, social skill development, and in preventing suicide. You all do it on Sunday in church and we do it this way. If drag was our religion you couldn't infringe. Consider me drag-religious and this an attack on my beliefs. Before I go... I have to ask... what will your reflection on this vote be in a decade or two if you find out one of your own family identifies as gay, lesbian, bisexual, transgender, or anywhere along the spectrum?

This legislative session in Missouri is the most dangerous one we've seen in many years. Missouri has the dishonorable position of having introduced the most anti-LGBTQ bills of any state so far this year. I thought America was founded on principles of freedom, life, liberty, and pursuit of happiness. Maybe it's supposed to be, but the current Missouri legislature is working hard to target and oppress a minority group of people and children, who want nothing more than the rights and opportunities afforded to the rest of the country. They have a hard enough time in life, without the state government actively searching for ways to cause them more harm. This is a targeted hateful overreach and the Missouri government does not belong in Missouri families lives. All kids deserve to play sports as the gender they identify as. Kids' aren't losing out opportunities to be a professional, college scholarships or anything remotely like that, due to a few transgender kids that want to play sports. This is a non-issue in the state of Missouri, and an excuse for some lawmakers to target a vulnerable group of children. This state has so many more problems that need addressing than whether a transgender kid or two want to play a sport. Go fix some real problems in Missouri that require critical thinking, rather than picking on kids and family civil liberties. Missouri kids should be allowed to get treatment that the American Medical Association advocates for in this country. There is no place for the Missouri government to interject itself in to family medical decisions and civil liberties of the citizens. Missouri lawmakers should be working towards advancing all healthcare, not regressing it because some people don't understand it, or have personal experience. These bills will contribute to a downward trend of overall medical care, as quality doctors will leave the state, and new ones will not want to come in. The bill targeting adult cabaret performances is another solution in search of a real problem. There is no issue here, and Missourians are free to ignore and not attend performances they aren't interested in. This is another excuse to target a minority group of people, in order to take away their civil liberties, and damage their lives and other career opportunities. If these hateful bills become law, more businesses will leave the state. More people will leave the state. More money will leave the state. Fewer people and business will come to this state. I have lived almost my entire life in Missouri and have been proud to be from Missouri. However, I've watched sports teams leave for better opportunities and thrive. I've seen businesses leave for better opportunities and take jobs with them and thrive. I don't want to watch the state become more hateful, and become an more oppressive place, forcing more people to flee. Missouri doesn't have the same resources and allure of many other states in America. It has to work harder to compete. Don't give people and business another reason to leave or avoid Missouri. Please don't advance or pass HB 170, HB 183, HB 337, HB 419, HB 463, HB 540, and HB 498. Get rid of them and any other copycat bills like them. They are bad for the people of Missouri and they are bad for the business of Missouri. There is no place for this hate in Missouri, regardless of political party. All Americans and Missourians should be free to be who they want to be,

and live how they want to live.

Drag is an art that celebrates gender expression. Gender expression is how we present ourselves to the world, whether that be feminine, masculine, or in ways that don't fit in either box. Every single person expresses their gender identity. To attempt to outlaw art that explores the spectrum of gender violates the first amendment and it is cowardly.

People can make their own choices. Cabaret is entertainment that does not harm anyone. If Missouri can legalize gambling, which harms countless people, what is wrong with some women dancing suggestively on a stage? If you personally find this offensive, do not go.

Not all drag performances are adult in nature, just like not all plays, concerts, movies, music, games and all other forms of entertainment. Parents are the arbiter of deciding whether kids can see other forms of entertainment. Opposite gender dressing (drag) has been around for thousands of years; it's as old as Greek theater. Shakespeare employs it in As You Like It. These bills mention "prurient interests" which is a hugely subjective paradigm. What is prurient to one has no effect on another, or even repulsive. Prejudging what someone finds "prurient" is a dangerous thing. Additionally, what one family finds hugely offensive and not for children, other families are fine with. My dearest friend would not let her daughter, just 6 mos older than my son, see Finding Nemo or Elf. They, in turn let me know they thought I should not let my then 7 year old son see Lord of the Rings Fellowship of the Ring or Star Wars, or read all of Harry Potter and the Goblet of Fire. But you know what? My right as a parent was to ignore their judgement and move on. My son is just fine at nearly 25. So I guess all the idea of parental rights applies to only SOME parents and SOME rights. Would I take a minor to a "drag performance"? Depends on the content. If it was what was performed in CPS recently, sure. That was some performers dancing and singing in sparkly, fancy clothes, nothing more. This bill is anti-LGBTQIA+ plain and simple. I think that some folks are conflating transgender (which just TERRIFY them) and drag performers. Not all drag performers are transgender. This bill broadly defines "drag" to the point where I am hoping this bill doesn't pass at all, but if it does that it doesn't before the end of March because I have ticket to Tootsie at the Fox and need to know whom I can invite to attend with me.

Absolutely do not do this. Besides being an absolute 'government overreach', something Republicans are supposed to be against, it's based on false premises, fear, and lies. Drag shows are safe for all attendees - unless somebody with a gun shows up to try to stop them.

When the outrage over drag performers reading books to children first cropped up, I was one of many people who rolled our eyes, because we simply cannot fathom what is so frightening about children sitting in front of a person wearing bright, flashy clothes and over-the-top makeup. We especially struggled to understand the anger when children were being entertained with books...developing a love of reading and storytelling.If you don't appreciate drag as an art, don't go to a drag show. The solution to this feigned moral crisis and outrage is simple.But like so many other bills that are being discussed today, these bills were written out of a disdain and loathing for the existence of LGBTQ people. It's also that simple.These bills are written to be purposefully vague. Who gets to decide what is a "prurient interest"? What exactly does "similar entertainers, regardless of whether performed for consideration" mean? Those could easily be interpreted by someone who denies the humanity of a transgender person to claim that a trans woman's very presence in public is prurient because they view the trans experience as a sexual one. It isn't, by the way. And what about acts not performed for consideration, like a transgender student getting a role in a school play or a trans person singing along while attending the concert of their favorite singer...a singer who very well might have some performance attire that bends some gender rules?Morality can not be legislated. That's a rather common phrase in US politics, and conservatives love to argue that morality can in fact be legislated and point to many laws as evidence. The problem lies in what is deemed moral and who gets to decide. I don't believe there is any moral crisis when drag performers gets decked out and put on an amazing show. I don't believe there is any moral crisis when one of those drag performers reads to children. I don't believe there is a moral crisis when a parent chooses to take a minor child to a performance. I don't believe there is a moral crisis when people wear clothing or make-up that helps them feel good, because clothing and make-up have no gender. I do, however, view it as a moral crisis when those in power target certain groups of people and insert themselves into their lives without need. Especially when those people in power want to attach criminal charges to performance art. Especially when those people in power write potential laws in such an open, vague way that a small community of people — trans people — will be caught up in hysteria over policing new gender rules and targeted as well.

I first hand know these shows make sure that the audience knows if it is a family show or an adult 18 plus only show. I also know first hand that the adult shows are always at 9:00 and later in facilities where children are not allowed. I have never seen any of the entertainers try to persuade anybody I've only seen the entertainers do their numbers have fun and leave the area after the performance.

My name is Dr LYNNE BARBOUR & I am submitting this testimony as a concerned citizen. This bill unnecessarily targets one of the smallest populations in our state. These performances are done in bars that require someone to be 21 years old to enter as all bars do in the state of Missouri. This bill puts restrictions on a citizen's right to freedom of expression. According to the Departments of Higher Education & Workforce Development (DHEWD) & Economic Development (DED), MO is ranked LAST in GDP growth among 13 of its Midwest peer states. It's ranked 12th in labor productivity, 11th in per capita income, 9th in job growth & 8th in wage growth. WHY? Because of restrictive laws enacted by our elected officials. Companies do not want to establish in MO if we don't have a workforce to accommodate them. If companies do not see an environment where their employees can have life, liberty & the pursuit of happiness, they will not choose to establish in MO. I realize you may not think this has anything to do with cabaret performances. But, you must look at the big picture. Concentrate on more impactful issues like educating our citizens so that we can attract & retain companies that will employ our citizens & increase the quality of life for them. This bill is a waste of your time & our taxpayer money. It only isolates people & divides us. Use your time & platform to bring people together & make our state a place where people can live & work. Thank You

I am writing in serious opposition to the following bills: HB183, HB337, HB419, HB463, HB540, HB494, HB498. As a parent, it is upsetting to me that my friends whose children don't identify as binary or cisgender, would be targeted in such a way. It is firmly understood in the scientific and medical community that these people exist. They exist, and they identify themselves when they are CHILDREN. The only way to keep them safe from self-harm is to affirm their identities. The only way to keep them safe from harm from others is to build tolerance and allow them to be seen and understood. By attacking these children's capacity to participate in extra-curricular activities and to seek medical treatment (which is again, well documented as life-SAVING treatment), you are in a very real sense, erasing them. I beg you to do some actual research into transgender and non-binary children and adults. Please, look at the vast evidence we have at our disposal of how to keep ALL children safe and properly cared for. As a legislator, I think it's important to always consider the following about proposed laws: Who does this help? Who does this harm? These bills do nothing to help your constituents. All they do is harm. Thank you, Gina LaRose

I would ask that you please stop trying to use the biggest ones you can find in the thesaurus to marginalize the citizens of your state, and instead attend something light, lively, and family-friendly, like a local drag show. I believe individual establishments should set their own standards for hosting cabaret events, even if they are not a typical or primarily cabaret establishment. Drag is, by definition, self-expression in the boldest way and has acceptance built in so for young audiences to see it, enjoy it, and validate it, adds real value to their broadening perspectives. These bills are disgusting, and I am embarrassed to be a Missourian if this is how we even think about treating other people. Passing these bills would be extremely harmful to vulnerable people.

I grew up with Hee Haw full of sexual innuendo and women scantily clad. My grandmother loved Jack Lemmon, Milton Burle, Jonathon Winters; all of whom dressed in drag. If you're going to police drag shows and children's exposure to drag, I assume you will be policing the advertisement of "adult" super stores and jiggle shows that litter Hwy 70 between Columbia and KC or the football cheerleaders because...you know....the children. For a bunch of people who can't seem to complete a sentence without professing the word "freedom", you sure seem interested in restricting everyone else's freedom.

As a 16-year-old member of the LGBTQ+ community and a current drag performer, I strongly can't entirely agree with the matters presented among the representatives. Throughout my life through middle school and my recent high school, I have always been one of the odd ones out. Being a gay male, I don't entirely fit in with my peers being in a rural area. When I went to my first drag show in the Spring of 2022, I found myself and an outlet to express myself. Not one time in my experiences at drag shows have I ever felt violated or uncomfortable. When I go into a church fearing more than when I do at a drag show, that is a problem.

Drag is a creative, fun, and beautiful form of art. Shakespearean actors dressed in gender-play costumes, as only men were allowed to act and therefore played female characters. On Halloween, the population at large dresses in costume, as do actors in theater, television, and movies. Yet this form of art, pageantry, dance, and performance with particular significance to the LGBTQIA+ community and its artists have been specifically targeted by the state legislator, who wishes to impede upon first amendment rights to control this freedom of expression. Drag is a form of art that is liberating for many LGBTQIA+ people with deep cultural and emotional significance. Not only will banning it hurt people, but even introducing such a bill also further marginalizes this community by creating stigma, which has lead to violence, as we've seen with many anti-LGBTQIA+ shootings and murders. This bill will kill. Please oppose it.

This bill is ridiculous. It's clear the author of the bill has never attended performances of this type. This is a pathetic bill. All it does is show off how terrified you all are of LGBTQ+ people, who are hurting no one and participating in fun, harmless culture. Stop trying to restrict this, and stop equating every action a queer person takes to something that is purely sexual or inappropriate. We are not monsters. We are capable adults and talented performers who deserve the same rights to freedom of expression as anyone else.

When I saw Mike Parsons tweet about something going on in Columbia, I thought it was something like a school shooting. Unfortunately it was another day of fear-mongering all because innocent people were dressed in outfits you don't like and expressing themselves differently than you. I am a citizen of this state, concerned about the well-being of our youth and families affected by the 8 bills scheduled for the hearing this afternoon. This bill, in addition to the others on the schedule today, January 24, 2023, would take away the freedom to access gender-affirming health care, legislate kids' sports and ban trans kids from playing sports where most appropriate, and would attack drag shows. We have REAL issues in this state and these bills are a cruel distraction from solving real problems Missourians are facing. These bills would have real-life tragic consequences for youth, families, and businesses in this state.

HB 494 and 498Hello,With both of these bills, once again, we have a solution in search of a problem. I have never witnessed the things described in this bill, nor have I spoken with anyone who has witnessed the things described in this bill. Public nudity is already illegal. The text of HB 494 refers to "male or female impersonators who ... appeal to a prurient interest". How could this ever be determined? How could the legislature determine what is and isn't a prurient interest? The legislature's obsession with sexual matters and restrictions is alarming, and reminds one of right-wing movements and dictators throughout history taking an unwanted, unneeded and potentially damaging interest in the freedom of expression of its citizens and voters.These bills are nothing more than red meat for the Republican base, cynical bills that will only result in reducing the freedoms of the masses under the guise of "protecting our children", who are currently being victimized by purposely underfunded schools. I oppose these bills for these reasons.Thanks, Jason Gober

My name is Jen Bernstein, and I am submitting this testimony in opposition of HB 494 on behalf of the National Council of Jewish Women St. Louis (NCJWSTL). NCJWSTL is a non-profit organization in metropolitan St. Louis, representing over 5,000 members and supporters throughout the state. We focus our work on community service, advocacy, education and philanthropy to improve the quality of life for women, children and families while supporting individual and civil rights, and have been doing so since 1895. We are opposed to this bill because the Missouri legislature should have better things to do and let parents decide if we want our kids to see a drag show or not. Drag has also been a part of entertainment for centuries - Shakespeare famously utilized it.

Cabaret, drag, and other like performances are not inherently sexual and have nothing to do with the transgender community! It is a performance, source of income, and way of life, not unlike being an actor or politician. The people in opposition to any of the above clearly demonstrate their ignorance within those communities.

I am opposed to this bill. This bill defines "adult cabaret performances" so ambiguously, it will prevent many churches from putting on nativity performances if their congregation is small enough that they need to rely on girls to play some of the shepherds and wise men.

This bill clearly is an attempt to stop drag performances from happening in public spaces such as libraries because I have never heard of a strip club performance in a park or on a sidewalk. This bill was clearly crafted by someone who has never been to a library drag performance or else they would realize drag performances in libraries are completely different than those in gay clubs. Clearly drag performers would not do anything sexually explicit in front of children. This is common sense. You would know this if you ever attended a drag performance in a library. This bill was born of homophobia and transphobia.

I am a performer and I have acted as a gender not my own in some performances. These productions do not cause harm to children and if parents don't want their kids to see it, then they have the choice to not attend the performance. Nobody is forcing them. If you ban these types of performances, then you are taking away jobs from artists and you are taking away productions from audiences that do choose to attend these types of shows.

I am opposed to this act for so many reasons. As the Fundraising Director for Mid-Missouri PrideFest—I can speak directly to the positive impact that drag performers have on the lives of children. These performances—storylines, fairytale themed performances, and the like—inspire kids imagination and encourage growth. No child is ever exposed to adult themed content—those performances are reserved for adult spaces, and adult performers are able to determine the difference between those two. Further, as a mental health professional, I can speak to the fact that representation and identity affirmation matter. This bill is wrong and should be shot down.

Performance art is not a crime. The amount of "adult" content in most drag performances is less than what a child may see in a tv show or at Silver Dollar City. This bill is criminalizing an act of expression no different than acting in a play or singing in a choir. Should choir singing be made misdemeanor as well to align?

This bill exists to promote a moral panic about trans people. Trans people have existed for all of humanity, and they deserve to be treated with dignity and respect. What's more, this bill is poorly worded and does not even define what would be considered "adult", meaning it is very open to abuse and being selectively applied against minority groups.

This is another ridiculous, unnecessary, harmful bill that does nothing to protect or serve any citizen of Missouri. I find it continually intriguing that the party of "free speech" continues to churn out legislation that limits the freedoms and protections of its citizens (just kidding, I know that's secretly what you want). The definitions of "sexually oriented business" alone would be laughable if they weren't so childish and sad.

My name is Dr. Kerri Schafer and I live in Columbia, MO. I am a licensed psychologist, working with college students at the MU Counseling Center and on the board of The Center Project, Mid-Missouri's first and only LGBTQ community center. I oppose this bill. Drag is a creative and playful art form that people can choose to attend or not to attend. We don't need government input into defining drag or deciding who should be in attendance at a performance. Opposition to drag seems to be largely influenced by religious beliefs and reactions to drag performers' sexual orientation and breaking of norms of gender expression. Again, people can make individual choices in line with their religious beliefs and other values -- we don't need to and shouldn't codify them into law. Please vote against this pointless and misguided bill.

This bill unfairly and unreasonably groups drag performances into a category that includes adult bookstores or adult cinemas. There is nothing inherently prurient about drag performances. In fact, drag performances have been used to raise money for a great many causes through Drag Bingo and other events. Drag performers also help promote literacy. Drag performances have been an important part of LGBTQ+ culture and heritage for generations. There are also significant works of theater and art that use drag performances, including "Angels in America" and "Rent." This bill would seem to lump theater production companies into a category with an adult bookstore. This is laughable and offensive.

For the love of God! Quit creating issues where there are none. Quit pandering to the uneducated rubes & your political base. DO SOMETHING USEFUL & work to solve actual problems. What has happened to the legislators in MO? These bills are contrary to national and state values and plain common sense. The GOP claims to be Christian! Why are MO legislators so threatened by people unlike themselves? LBGTQ are not a threat to anyone, any more than heterosexuals are. Why not deal with ACTUAL issues - high maternal fetal morbidity and mortality rates? Poverty? Hunger? Homelessness? Mental health crises? ACT and think like the Christians you claim to be. Sponsoring bills such as these is shameful and wasteful spending of our tax dollars. Do good things instead of forcing your personal or political beliefs on others. THESE are not political issues. These are not problems that require a political intervention. DO work on REAL problems affecting MO residents, especially our vulnerable ones.

I am writing in opposition to the anti-LGBTQ and blatantly anti-transgender bills that are being discussed. Specifically, HB170, HB183, and HB337 which discriminate against transgender children and adults participating in school sports, HB 419, HB 463, HB540 which deny gender affirming care for those under age 18 as well as HB 494 and HB 498 which attack and criminalize drag performances. All of these bills are unnecessary and are a blatant attack on the rights of LGBTQIA Missourians! They horribly discriminatory and harmful and violate the human rights of Missourians. These bills are (horrible) solutions looking for a problem. They are a waste of time and they are extremely harmful. They will negatively impact the physical and mental health of LGBTQ+ Missourians, who already lead the nation in reports of self-harm. You will kill people if you pass these bills. Again, I strongly oppose all of these bills and they should be rejected.

Trans children deserve to live happy and healthy lives in Missouri and the United States - we cannot pick and chose which children to support and which to abandon. Bills like these have devastating effects on the LGBTQ+ community, and can lead young LGBTQ+ folks to depression, self-harm, increased suicidality, etc. Parents and families deserve the right to make decisions for themselves in regards to bodily autonomy, school activities, gender, and sexuality. If we pass draconian laws targeting trans children, we create a state that is dangerous for not only LGBTQ+ families, but for all Missourians. Why would anyone want to diminish what could be a happy and healthy childhood? Additionally, it seems that these laws could be further twisted to attack ALL women in the state of Missouri, not just trans women. We cannot be truly free until we all are free.

I have one major question for the House about this bill, though I do have several follow-ups. How, exactly, is this ban on “male or female impersonators” in public to be enforced? Is the House going to return to the “three-article” policy that was enforced in New York from the 1940s to the 1960s? If that is the case, I believe history showed how that turned out, as seen with the Stonewall riots and the many other riots that occurred in 1969. On a similar note, is this law also going to criminalize minors who are “male or female impersonators” for going to school, where they will be surrounded by other minors? How exactly is this bill to be enforced within private residences where minors exist? Will surveillance be placed inside the homes of every Missouri Citizen? I believe that this bill is flimsy at best, and impossible to enforce at worst, even without considering the ethical implications of what this bill is trying to do. Now, in terms of ethical implications, I would like to offer this House the definition of the word “genocide”, as defined by the United Nations. “In the present Convention, genocide means any of the following acts committed with intent to destroy, in whole or in part, a national, ethnical, racial or religious group, as such:Killing members of the group;Causing serious bodily or mental harm to members of the group;Deliberately inflicting on the group conditions of life calculated to bring about its physical destruction in whole or in part;Imposing measures intended to prevent births within the group;Forcibly transferring children of the group to another group.”This bill would attempt to perform parts c, d, and e of this definition on the transgender community, and while not explicitly mentioned in this definition, the queer community is still a minority group. Furthermore, for extra measure, if by any chance this bill was introduced for any religious reasons connected to Christianity, which is a common religion in this state, I would like to cite the Bible itself, in King James’ version, Matthew 7:1-3; “Judge not, that ye not be judged. For with what judgement ye judge, ye shall be judged: and with what measure ye mete, it shall be measured to you again.” The second commandment of the Bible, as well, states “Thou shalt love thy neighbor as thyself”. For any House members who are Christians, I would ask you to consider what this bill may mean, because this bill most certainly is not about loving thy neighbor. For anyone with compassion, I would urge you to vote against this bill. In case you still have doubts, I will leave you with some final remarks I have. Firstly, transgender people are not inherently dangerous. We are not out to steal your children away from you or “convert” them to “gender ideology”. We do no harm by simply existing as we always have throughout history. And if your child did tell you that they were transgender, would you truly let your hate consume you rather than be a good parent? Would you rather destroy your child than love them? I know that the cruelty is the point, but it doesn’t have to be. “Traditional family values”, as commonly promoted by Christianity, are valid, and transgender people do not destroy them by existing; the choice to conform to traditional values still remains valid. Transgender people existing is not an attack. I would ask the House to please consider compassion, and vote against this bill. It would be greatly appreciated by myself and many

other citizens of Missouri. Either way, I thank the House for your collective time.

Have any of you been to a drag show? A family drag show? Or a reading at a library? Drag is not porn. Drag is entertainment, and mostly by queer people. By targeting them, you are targeting queer people. Likely because you don't know them. Get to know them. Yes, there can be adult drag performances that are raunchy. But there can also be family friendly entertainment by drag artists. This is not a reason to host or entertain this bill. Vote No. Focus on real issues in our state please.

This proposed legislation is a thinly veiled attempt to further marginalize LGBTQ+ Missourians. Even under the language of HB 494, the G-rated drag performance by NclusionPlus voluntarily attended by Columbia Public School students that has so incensed Rep. Baker and others would not be implicated. If adopted, HB 494 would further chill artistic expression in a manner not dissimilar to 2022's SB 775. Drag performances, like books depicting sexual acts, do not inherently adhere to the prurient interest. One need look no further than centuries-old drag in Shakespeare's *As You Like It*, Mozart's *Marriage of Figaro*, and Japanese kabuki. Republican legislators hellbent on eroding faith in public schools have never seemed to mind the annual tradition of powderpuff football in which male high school students participate in exaggerated female dress. Spare us the sanctimony and oppose this misguided attempt to curtail artistic expression.

It is harmful to create legislation based on the VERY INCORRECT assumption that trans individuals and drag performers are predators. They are not. If you don't want to see them in performances, don't go. It is a complete overreach of government to create legislation barring these performances entirely. Keep in mind, also, that drag has been around for a very long time and has been included in many forms of entertainment that are fairly broadly considered as mainstream and "acceptable." Consider Mrs. Doubtfire, The Nutty Professor, and Medea.

Chairman Riley, Vice-Chairman Hicks, members of the committee I am submitting remarks on behalf of Pro Choice Missouri in opposition to HBs 494 & 498, a blatant attack on Missouri people and families' freedom of expression. Pro-Choice Missouri works to protect and expand every Missourians's rights to bodily autonomy, to access essential reproductive healthcare, to access accurate information in order to make the best decisions for ourselves and our families, and to parent our children in safety and dignity. Moreover, we work to ensure reproductive justice for all Missourians, which involves advocating to reduce disparities based on race, income-level, insurance coverage status, and other factors. These bills have nothing to do with protecting Missouri children and young people. These bills are about one thing: ideological control. In a state with some of the highest rates of domestic and interpersonal violence, it is important to stress that the vast majority of cases of childhood sexual abuse are perpetrated by a trusted adult in the child's life. If you want to protect young children from inappropriate sexual behavior you should focus on implementing comprehensive sexual education policies, protecting student athletes from predators like Larry Nassar who seek power over student athletes and families, and dismantling the so-called "troubled teen" industry that has shown to inflict immeasurable harm on hundreds, likely thousands, of Missouri children and teens. Transgender students and young people are more susceptible to bullying and sexual assault than cisgender students; Because of bullies, much like the sponsors of these bills, transgender youth are more than 3 times more likely to attempt suicide. Politically posturing to make headlines for being the MOST egregious towards the most vulnerable may get you more name recognition but you will be responsible for a wave of harm sure to follow this encroachment of Missourians freedom to expression. Missouri children deserve MORE than politicians wasting time to restrict how they dress, play, and express themselves. These bills will cause lasting harm in Missouri. Pro-Choice Missouri opposes the advancement of this bill, and urges you to vote NO. Thank you.

I reject this bill. It is clearly a response to the increased anti-drag show propaganda that is based on LGBTQ bigotry and religious (specifically Christian) nationalism. The attempt to misrepresent what drag shows is disgusting and will only fuel more violence towards LGBTQ folks. I hope that is not your goal; however, it is hard to believe that it is not with the onslaught of bills targeting LGBTQ people. There is no evidence that children are harmed by drag shows; however, there is countless evidence that the same cannot be said of religious institutions in which children may experience rejection for their identities or sexual abuse from religious leaders.

While I, like any sane person, oppose the idea of an adult performing nude in a public area where children can view it, the language in this bill is clearly written vaguely enough that nearly any performance or act can be deemed an "adult cabaret performance." I feel this is a violation of our freedom of speech and assembly. Note: I am a Callaway County resident, and would have attended in person to oppose these harmful bills. However, the choice to release them with only 24 hour notice was clearly deliberate to keep these bills quiet, and keep those who have full time jobs from being able to request time off in order to more vocally oppose.

My name is Melissa Cameron, and I am writing to express my opposition to HB 170. I strongly believe that all individuals, regardless of their sexual orientation or gender identity, should be treated with dignity and respect. This bill would discriminate against members of the LGBTQ community. It would have a detrimental impact on their mental and physical well-being and would send a message that they are not valued members of our society. It would create a hostile environment for LGBTQ individuals and would likely cause many talented and qualified individuals to leave the state. This would be a loss for all of us, as diversity and inclusion are essential to a strong and prosperous economy. I urge you to reject this discriminatory bill and work towards creating a more inclusive and equitable society. Thank you for your time and consideration. Sincerely, Melissa Cameron

I am a constituent, a taxpayer, a licensed insurance specialist... and a drag performer. I have been performing as a drag king in Kansas City for 7 years. I would wager many of you have never heard of a drag king. Well, we exist. We exist alongside non-binary performers, female drag queens, transgender performers of all types, and performers who don't fit the rigid mold of "king" or "queen" drag. This bill is utterly absurd. Drag performers are not comparable to strippers. Drag queens, especially, are completely covered, usually with 5-10 layers of pantyhose, padding, etc... and that's all before the actual clothing. I have never seen a drag queen even close to nude. Not only is it absurd, it will put many gay bars and gay-friendly restaurants out of business. If this is to "protect the children," it's a moot point... bars are 18+ or 21+ at all times. Also, any "family-friendly" drag shows at restaurants or cafes would be very careful to keep the performances PG. This bill would destroy the livelihood of bar owners and performers. It is nothing more than a thinly-veiled attack on the LGBTQ+ community. Perhaps the most insidious aspect of this is that you would essentially criminalize the existence of transgender people. Are cisgender women wearing pants dressing as the gender that doesn't match their genitals? Are you going to be inspecting the genitals of people to make sure it matches their style of dressing? Along the same vein, this bill would essentially make Pride illegal. Perhaps this is your intended purpose all along. But, please think... do you really want to push the gay community back into the closet? Back to pre-Stonewall era rules? Thank you.

I am writing in opposition to the anti-LGBTQ and blatantly anti-transgender bills that are being discussed. Specifically, HB170, HB183, and HB337 which discriminate against transgender children and adults participating in school sports, HB 419, HB 463, HB540 which deny gender affirming care for those under age 18 as well as HB 494 and HB 498 which attack and criminalize drag performances. All of these bills are unnecessary and are a blatant attack on the rights of LGBTQIA Missourians! They horribly discriminatory and harmful and violate the human rights of Missourians. These bills are (horrible) solutions looking for a problem. They are a waste of time and they are extremely harmful. They will negatively impact the physical and mental health of LGBTQ+ Missourians, who already lead the nation in reports of self-harm. You will kill people if you pass these bills. Again, I strongly oppose all of these bills and they should be rejected.

The attempt to label drag performances as a sexual act - clearly in order to restrict them as a whole in the state - is a blatant attack on freedom of speech. Drag is clearly not inherently sexual and can be appropriate for any age level depending on the individual context of the performance. This bill also clearly has room to be abused with people who are transgender - potentially banning them from "performing" in any capacity, drag-related or not. Please put the culture war aside and respect others' freedom of speech, even if you don't personally agree with it.

I am a woman who has lived her whole life in Missouri and I am ashamed that my state legislators are using their time to put forth such narrow minded laws. What happened to small government staying out of people's lives? The state of Missouri has a 99 problems but who attends cabaret performances, ain't one. By putting forth this bill shows me that you think a teenager seeing a dancer in person (that they could find as a You-Tube video in about 30 seconds) needs more government attention than teenagers who are thrown out of their homes, beaten by a parent, or not fed on a regular basis. If you care about children so much, why not increase the number of social workers and reduce their case load so they could protect children actually being abused and harmed? How about figuring out how to fix our roads, public transportation, homeless veterans, and children lacking a proper foster care system? Putting forward bills like this shows me as a voter that you care more about headlines and made-up "scandals" that are not real issues. Do better.

I am a primary care physician in the heart of Kansas City. I have over 14 years of experience serving this community. I provide high quality, top notch primary care to underserved and marginalized communities. I am the Health Commissioner for the Kansas City LGBT+ Commission and serve on this advisory board to the Mayor, City Council, and City Manager. I am the Medical Director for the LGBT+ Specialty Clinic at University Health. I hold several academic roles at the University of Missouri Kansas City School of Medicine including Docent, Clerkship Director, and Assistant Professor of Internal Medicine and Pediatrics. I am board certified in Internal Medicine and Pediatrics and see patients of all ages. This work is my specialty. I have worked with the LGBT+ community for many years and have experience with gender diverse kids, teenagers, and adults. All 9 of these bills should be strongly opposed. All of our national professional medication organizations including the American Academy of Pediatrics, American College of Physicians, and ACOG as well as five others, support and affirm the LGBT+ community and would vote against these bans. There is evidenced based medicine and science to support gender diversity. We have strict guidelines that we follow (See WPATH SOC 8 and UCSF). These bans are all hateful, discriminatory, and attention seeking for a political agenda. They ignore basic human decency. It is vital that the house votes against all 9 of these dangerous bills. WE know that the number of anti LGBT bills proposed in the past 5 years has skyrocketed. Ironically, this aligns closely to this country's culture wars. I am in the exam rooms today with LGBT+ patients. The work I do with these patients is the most fulfilling, important, and vital work I do as a physician but it is hard work. I will leave here today emotionally and physically exhausted because I spend time with these patients and I learn and listen to their stories. Ultimately, their voices should be heard/centered but in this day in age, it is dangerous to be out. These bills are dangerous and threaten their existence. I urge you to contact me for medical questions or a professional medical discussion on the science and evidence behind gender diversity. I strongly encourage you to vote against these bills. I would be there today with you if I was not with patients. I appreciate your time.

Nick S (he/him)19, Mus Ed student at MUI have enjoyed several privileges in my life. I'm white, cisgendered, have always been financially stable, had loving parents, and grown up here in Jefferson City. Along with those facts, I am here today proudly queer, and me, and anyone part of our community will remain proudly queer, no matter how much you legislate our freedoms away. As my main point today, I would like to state that if the legislative body here in Missouri and in the United States wanted to truly "protect our youth," they should also expedite discussions about the nearly 9 million starving children in the US - almost 200,000 being from Missouri (feeding America), the more than 330,000 students who have experienced gun violence at school since the Columbine shooting (wash post), and the over 4,000 sexual abuse cases against catholic priests in 2021 alone (US conf of cath bishops) in addition to expediting harsh anti-lgbtq legislation. As stated, there are several ways to truly protect the youth of Missouri and America. Anti-lgbtq laws are not one of those ways, and they purely seek to push all form of queerness back into the closet. Furthermore, categorizing all drag performance as sexually explicit is a scarily dangerous misrepresentation of the art, as well as the performers and viewers of drag. And even considering any general drag performer as a sexual predator is barbaric. Predators are predators, regardless of occupation, sex, gender identity, or sexual orientation. To put the generalization that drag, by nature, is sexually predatory is immensely dangerous to all queer folk, as well as perpetuates the delegitimization of true victims stories. Thank you for your time.

This bill represents a violation of human rights and an improper interference of church doctrine in public education, resulting in a violation of separation of church and state. It is harmful to the mental, emotional and social health of children and community members, and is completely hypocritical, given that the broad excuse for this bill and others like it is “parental rights”. This bill and it’s bigoted companion bills completely disregards the parental rights of parents of LGBTQ+ youth to make medically-supported healthcare, social, educational and recreational decisions for their children, while imposing the will of a subset of unrelated parents onto children who are not their own.

I run a small business that books music and food events. I am a transgender woman and many of the acts that we book feature transgender or non gender conforming people. We hope to open a cafe and venue that will be an all ages, alcohol free space for LGBTQ+ art and nightlife. There are almost no places for people who don't drink or aren't over 21 to hang out in a safe, affirming environment at night. The art and music world is dominated by businesses that sell alcohol. We want to create a safe, sober and supportive place for people of all ages and genders. But the way this legislation is written, we might be considered an "adult" business, just because we make space for people to express their gender however they want. There is nothing sexual about that. There is nothing inherently sexual about drag or wearing clothes that are assumed to be for people with different anatomy. SOME drag shows are more risque, just like some rock or country shows or even operas or classical theater is risque. Is Peter Pan considered adult or sexual when a woman plays the main character, as has often been the case? Is Shakespeare not appropriate for kids when his characters pretend to be another gender? Is a drag queen in a dress that covers her from neck to toe reading a kids book inherently sexual? I oppose this legislation as being too broad and trying to address a non existent problem.

I oppose legislation in this state to restrict the rights of LGBTQ+ individuals under the guise of protecting children. I know that most citizens of this state care deeply about the welfare of our children. But instead of providing funding for child hunger, child health care, child protection services, education, the arts or acts to protect children from gun violence - this house is responding to right wing fear mongering about LGBTQ+ individuals. Please reject these transparent and ineffective bills that will not protect our children or improve their quality of life - and instead focus on how we can provide more safety from gun violence in our communities, and a better quality of life for all Missouri youth.

I strongly oppose the creation of the offense of engaging in an adult cabaret performance when performing a drag show. Drag shows are a form of artistic expression and entertainment that have been enjoyed by audiences for decades. These performances are not meant to be sexually suggestive or offensive in any way, and they should not be criminalized. Creating an offense of engaging in an adult cabaret performance when performing a drag show would be a form of discrimination and would harm the LGBTQ+ community and the performers who rely on these performances for their livelihoods. It would also send a message that the government does not value or support the artistic contributions of the drag community. Additionally, many drag performers are members of the LGBTQ+ community and this criminalization would further marginalize them and make them vulnerable to discrimination, harassment, and violence. In conclusion, drag performances should not be criminalized and labeled as adult cabaret performances. They are an important form of artistic expression and entertainment that should be celebrated and protected, not criminalized. Such classification would be a serious violation of the rights of the LGBTQ+ community and the drag performers who rely on these performances for their livelihoods.

Define "male or female impersonators." We know you mean drag performers, everyone knows. We know that bills like these open the door for harassment of benign drag performances and trans people, to boot. What does it mean to "impersonate" a different sex? This is a nonsense bill, one that proves once again that our Missouri government has no understanding of the world moving past it.

These bills just keep getting worse... Drag performances seem to be the topic, but there is no nudity. This bill mentioning male or female impersonators is ridiculous, people are much more than the body parts they have, or how they chose to present themselves. Do we go around questioning everyone to make sure their attire matches what we think should be in their pants? No, and we should do that with performers. I don't care what body parts they have, people attend drag shows because it's entertainment, sometimes bad lip syncing, and jokes. All of which are appropriate for the audiences. ID's are required for "adult" performances, but it's really just more mature jokes or more mature songs. This appears to be another targeted attack on the LGBTQ community. Nobody is forcing you to attend any events, and the state shouldn't force these unfair and unneeded regulations on performers just because they don't agree with their attire choice. We all watched MASH, Mrs Doubtfire, To Wong Foo, etc and we all turned out just fine. And if you didn't watch it, then that was your choice, the state wasn't involved.

The vague language of this bill could have wide-ranging effects on many different entertainers. What exactly are 'go-go dancers'? Would this include back up dancers at a rock concert? Or perhaps, what if a band in the style of Queen were to perform with the lead singer in women's clothing? I've seen much more skin and suggestive dancing at Pop Rock concerts than I have at functions where performers were in drag. I object to the language of this bill. There are laws in place already to protect children from lewd acts. This bill only serves to target a certain type of entertainer out of fear and misinformation.

To the Legislatures currently hearing the anti-trans bills on the floor: Instead of focusing on real issues that affect Missourians, such as obeying the voice of the People and expanding Medicaid as approved in August of 2020, you GOP Legislatures are now trying to distract Missourians by targeting literal children. We see right past your tactics. Your entire illegitimate clown show has been a self-repeating cycle of creating issues that don't exist in the first place, then providing fluff solutions that look like you've solved something big. However, your political games will put children in harm's way. Denying kids to healthcare will do more damage to them in the long run and place more costs on the state. Additionally, criminalizing the existence of drag queens, trans people, and other adults with free will is a violation of our inalienable rights. You have no right to threaten us and children with structural oppression when your entire party has made a mockery of a governance.

(Repeat of statement by myself re: HB 498)I've had more time to sit with this and would like to add to my original statement. Trans people in Missouri are at risk with this bill. Defining a drag performance as "a performance in which a performer exhibits a gender different from the biological sex as assigned at birth" would absolutely be used to disallow trans people from doing things as simple as teaching. Please reconsider this harmful act as our attorney general is already using past legislation against drag performers beyond the scope it was intended for. I wish I was able to attend in person to deliver this, but please know myself and thousands of your constituents unequivocally dissent.(As an aside please refer to Rep Ed Lewis or Sen Caleb Rowden if that helps to de-anonymize my testimony--and to Mr. Lewis and Caleb I'm open to a conversation about this and other legislation.)

The fact that elected public officials are trying to make public drag performances a sex crime is astounding to me. Yes, some drag shows are for adults--and those are clearly marked as such and minors are not allowed anywhere near them. I have been to many drag shows in the past 10 years or so and have never witnessed an adult show where children were allowed in. This act would upend our annual pride shows, drag queens reading in libraries, and much more. This totalitarian act will do nothing but alienate the very drag performers you claim to represent. I'm also going to mention that the language in this document is transphobic--if this were to pass I, a trans man, who has been living as a man for almost 7 years and has transitioned, wouldn't be allowed to express myself as a man and perform karaoke. If this is not the case, please outline exactly how. These acts that are being read today show just how far the Republican party has fallen--from "anti-big government" to telling a man what he can and can't wear in public.

Drag performances are a form of art and gender expression. Gender identity does not determine sexual orientation. Events such as drag performances that include diverse gender expressions are not sexual performances or pornography. To pass such legislation is to discriminate against LGBTQ performers. Good afternoon. My name is the Rev Mike Angell. I am a pastor at the Episcopal Church of the Holy Communion in University City Missouri and I am here to voice my opposition to eight bills attacking the LGBTQ+ community. Eight bills, announced late yesterday, which seek to criminalize parents, punish doctors, and defund schools for allowing kids to play. You now have proposed more bills against trans kids than there are known trans athletes in our state. Doubtless today we will hear about the book of Genesis. We will likely hear that God created humanity male and female, from chapter 1, verse 27. That reading makes it sound like the gender binary is the point of the teaching. It isn't. There's a repetition in the verse: God created humanity in God's own image. Human beings have the capacity to do such good. Last night, my husband and I were explaining to my four year old why I needed to get up before five in the morning to be in Jefferson City, why I wouldn't be back in time to put him to bed. Some lawmakers want to make a law to keep your friends from playing sports, was the best I could explain. Now, our son is about the most gender normative kid you could imagine. He loves trucks, and dinosaurs, and he loves sports. He said, "that's mean! Dada, tell them not to be mean." Please stop this cruelty. Stop trying to win elections by unleashing ugly bullying. Let the doctors and parents and educators and coaches work together to decide what is best for our kids. Don't put big government in the way. The last thing I want to say is this, to every trans leader who is here, especially the kids who are out of school to fight back. You are made in the image of God, just as you are. Your courage inspires me. Whatever awful questions you face today. However scared you are, know, know that these proposed laws will not have the last word. Cruelty will not have the last word. You are loved, valued, seen, and infinitely worthy. And we will show up again and again to tell these legislators not to be mean.

This bill, which liken drag performances to pornography, is a violation of the 1st amendment and a violation of the right of business owners to host events in their business. This is a waste of government resources and a serious example of the government getting involved in something it should not be getting involved in. The government is not protecting freedom with this bill, it is only violating freedom.

If you don't like drag performances then here's a crazy idea.. don't go? ?? Laws should not be used to suppress people who don't look like you because you can't comprehend anything beyond your 4 white walls.

I've seen more grooming in a church and within family homes, not at a drag performance. It's hilarious that you won't even use drag for the title, we know you hate everyone that doesn't look or think like you. You're spending public time and money on divisive issues that stem from your religious beliefs rather than anything to actually improve the quality of life for Missourians. Our state has a median income of **LESS THAN \$31,000**; we are ranked around 30th for education; 42nd in healthcare; and some of you are too focused on what people have between their legs and if house members have a jacket with long sleeves? You people make a mockery of public office and I will be happy to stand alongside younger generations who will be the end to the out of touch bigoted boomer era.

This bill is a knee jerk reaction by a conservative lobby that wants to take away everyone else's freedoms. It smacks of Germany in 1933. Drag queens aren't coming for your kids. That's the clergy you're thinking of.

Apart from betraying an appalling degree of prudery, this bill appears designed to enable an oppressive attack on the LGBTQ community by criminalizing "male or female impersonators." Yes, I know the bill text mumbles something about "prurient interest," but that's vague enough to enable a cop to persecute drag queens having harmless fun, or transgender people just going about their lives, under color of law.

In addition to its obvious violation of the first amendment — both in principle and in spirit — this bill's discriminatory intent (and eventual discriminatory impact) are facially obvious from a plain reading of its language. The bill is a gross transgression against Missourians' freedom of expression and assembly, and should be withdrawn.

Thank you for your concern about protecting the children of Missouri. I read HB 494 and I am certain there are existing laws that prevent exposure to minors for the experiences contained in this bill. However, let's not forget the billboards advertising strip clubs, adult playlands and other sex shops that litter Missouri highways. I assume this material is acceptable to the author of this bill. If the Missouri legislature truly wants to get serious about protecting children, here are some actions that can be taken:-

Boarding schools that practice human trafficking and abuse have very low accountability and the authorities simply look the other way and allow the torture to persist. Even Missouri Attorneys General let these practices slide. For example, Agape school was recently shut down, but it is now open for business under a different name. No accountability either, I assume.-

Missouri has a problem with lead poisoning in children. In fact, Children in Missouri had elevated levels of lead in their blood at a greater rate than almost any other state. And more than 80% of Missouri children had some level of lead in their blood. There is no safe level of lead in a child's blood. Exposure to the metal can cause brain and nervous system damage, slow a child's growth and development and lead to learning, behavior, hearing and speech problems. I may have overlooked any introduced bills in Missouri Legislature that addresses this issue. Maybe they are buried under bills that are more performative. -

Major sources of childhood trauma are adverse childhood experiences, or ACEs. CDC defines ACEs as all types of abuse, neglect, and other potentially traumatic experiences that occur to people under the age of 18. Examples of ACEs include exposure to physical, emotional, or sexual abuse; physical and emotional neglect; and witnessing violence, serious mental illness, or substance misuse in the home. As the number of ACEs increase, so too, does the risk for long-term negative effects on learning, behavior, and health. I assume Missouri will continue underfunding and understaffing agencies that protect children. -

A recent article in the American Journal of Nursing ties youth suicide spike to lax gun regulation. Easier access to firearms was associated with more deaths. Can't we support gun owners while protecting children from careless firearm practices? -

What about the children in foster care, even the ones that the state loses track of? Missouri has experienced a 49% increase in the number of children in foster care since 2009, now at approximately 14,000, and existing strategies are not reducing the number of children coming into foster care or increasing family and community stability.-

I'm also sure that having a significant number of schools reducing schooling to only four days a week will have adverse outcome on future prospects for Missouri's children, but let's continue to underfund our K-12 education system.

I am a concerned Missourian who opposes HB494. While this bill seems fine on the surface, it has some issues. First of all, we already have laws on the books protecting minors from explicit performances, so this bill is useless. Second, the phrase "prurient interest" used in the definition is vague. Some people see ANY performance by transgender people or drag performers as inherently sexual, under this law these people may go after these groups using vague language. Third, even if these abuses of the law are unlikely to succeed, they would create a chilling effect on free speech. For this reason, I encourage you all to vote NO on HB494 or at least improve the definitions.

I am highly concerned with aligning a man performing in a dress in the same line as a stripper. They are not the same! Drag shows are normally 21+ with an occasional 18+. If a drag performer is singing to a younger audience, how is that worse than most rock concerts? I mean Motley Crue had stripper/dancers at their show last summer, and many performers are clothed less than the Drag performers. Are we going to restrict these people too and not allow kids, or are we only selecting a man in a dress?

These bills do nothing but further divide people between political extremes. They are garbage aimed squarely at taking transgender folks out of public spaces and indeed actually making our existence illegal. You hold in your hands the power to actively harm thousands of Missourians and you have chosen violence over kindness, hate over love. There is nothing that your chosen targets, the transgender community, can do to convince you that we are your neighbors, caretakers, friends, family, children, teachers, partners, and above all, that we are human too. May your choice to destroy us haunt you forever.

This is a media stunt, a distraction, from the real work the MOleg was elected to do. Missourians face the loss of local affordable healthcare, low wages, unattainable housing, and the defunding of public education. As a rural leader representing residents of Southcentral Missouri, it is my duty to once again ask that our quality of life no longer be ignored. Stop advancing a culture war that is wasting residents' tax dollars while members of this House and their buddies gain fame and wealth with tax-cut legislation.

No one is taking their children to adult cabaret performances. These shows occur at bars and children aren't allowed admittance. Men have been dressing up for hundreds of years because they wouldn't allow women to perform on stage. It's dress up. That's all. Kids get it when someone in drag reads a book to them. Don't overthink it. Older adults are the problem. Just ask the vast majority of young people who are poised to be the largest voting bloc.

Advocates of Planned Parenthood of the St. Louis Region and Southwest Missouri opposes HB 498 and HB 494 as dangerous, discriminatory, and unconscionable. PPSLRSWMO proudly provides essential, equitable, and lifesaving care to transgender, nonbinary, and gender diverse individuals. By even introducing this legislation, its sponsors have already done unconscionable harm. This narrative adds fuel to discrimination and hostility against transgender, nonbinary, and gender diverse people and entire communities, and further contributes to radical attempts to deny them their fundamental humanity. Transgender communities are already at risk for pervasive mistreatment and violence. What we know to be true, and what the data confirms, is that we can optimize the health of transgender and nonbinary individuals by affirming their identities and securing their safety, not by leveraging reckless attacks on their humanity. Please oppose HB 494 and HB 498.

Not only will this negatively affect drag performers, it will also inevitably affect trans people just living their lives. I will use my platform to support trans rights, encourage my colleagues and followers to directly oppose any politicians that are in opposition of trans rights, as well as fund community action against any politician that votes in opposition.

This bill is a transparent attempt to render it illegal for transgender adults to live their lives, threatening them with harassment, fines, and prison simply for existing as themselves. What ever happened to First Amendment? What happened to Land of the Free? There is zero public benefit to antagonizing a vanishingly small group of Americans just trying to get by. Jesus would not approve of this.

This is a bizarrely and needlessly specific detailing of what the author considers "obscene" - but it's even more bizarre to restrict it cross dressers and dancers: Clowns and Stand up comics performing "prurient" material would not violate the law, but drag queens would? Also, shirtless dancers engaged in sexually suggestive moves are a mainstay of popular music. I don't care for that myself, but I don't see why, given the ubiquity of that, there need be a specific law to target drag.

I am a 3rd year medical student in Missouri, and I oppose HB 498. Drag is not inherently sexual, just it is not inherently sexual to cast a character with an actor of the opposite gender- for example many times a woman is cast as Peter Pan. Classifying drag as a sexual business would also apply to theaters, where dressing up as the opposite gender is part of many shows. Calling drag "sexually oriented" is discriminatory and inconsistent.

I stand in firm opposition to HB 494, which like HB 498 seeks to define Drag entertainment as being sexually explicit or "adult cabaret". While there may indeed be performances that are more sexually explicit, this broad-brush legislation fails to recognize or exclude performances that are more theatrical in nature.

House Bills 494 and 498 are wastes of time and the language used is incredibly superfluous. 494 unduly restricts the types of businesses that consenting adult patrons are able to participate in and constitutes an infringement on individual freedoms.

There is absolutely nothing inherently sexual about drag. Drag queens are literally just people, oftentimes men, dressing up as characters and entertaining audiences. There are huge differences between adult performances and family-friendly ones, and I've only ever seen sexual drag shows in 18+ venues. Drag queen storytime is innocent. So what if men want to wear makeup and dresses? That's on you if you are uncomfortable with how they express themselves. Reading to children is harmless. Drag queens are some of the nicest and most interesting people I've ever met. And of course, they are real people in and out of costume who are simply being their authentic selves and entertaining people of all ages.

This bill needs an amendment specifying that adult entertainment may not be advertised where children will see, such as on billboards alongside Missouri's highways.
