This shortsighted bill will leave our Guard unprepared in the event of illness. The COVID-19 vaccine has proven safe and effective in preventing serious illness and death. Any claim to the contrary is not based on scientific fact. Any national or international deployment of the Missouri Guard would still require them to receive the required vaccination so this would just serve to delay our Guard in the response to any national emergency.

This shortsighted bill will leave our Guard unprepared in the event of illness. COVID-19 is a deadly contagion. People who are suckers for conspiracy theories have no business making policy.
