1 Title XIX of the federal Social Security Act (42 U.S.C. Section [~~301,~~] 1396 et seq.), as amended, for
2 nursing facilities. The MO HealthNet division may recognize through its payment methodology for
3 nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The
4 MO HealthNet division when determining the amount of the benefit payments to be made on behalf
5 of persons under the age of twenty-one in a nursing facility may consider nursing facilities
6 furnishing care to persons under the age of twenty-one as a classification separate from other
7 nursing facilities;

8 (5) Nursing home costs for participants receiving benefit payments under subdivision (4) of
9 this subsection for those days, which shall not exceed twelve per any period of six consecutive
10 months, during which the participant is on a temporary leave of absence from the hospital or nursing
11 home, provided that no such participant shall be allowed a temporary leave of absence unless it is
12 specifically provided for in his or her plan of care. As used in this subdivision, the term "temporary
13 leave of absence" shall include all periods of time during which a participant is away from the
14 hospital or nursing home overnight because he or she is visiting a friend or relative;

15 (6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or
16 elsewhere;

17 (7) Subject to appropriation, up to twenty visits per year for services limited to
18 examinations, diagnoses, adjustments, and manipulations and treatments of malpositioned
19 articulations and structures of the body provided by licensed chiropractic physicians practicing
20 within their scope of practice. Nothing in this subdivision shall be interpreted to otherwise expand
21 MO HealthNet services;

22 (8) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an
23 advanced practice registered nurse; except that no payment for drugs and medicines prescribed on
24 and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice
25 registered nurse may be made on behalf of any person who qualifies for prescription drug coverage
26 under the provisions of P.L. 108-173;

27 (9) Emergency ambulance services and, effective January 1, 1990, medically necessary
28 transportation to scheduled, physician-prescribed nonelective treatments;

29 (10) Early and periodic screening and diagnosis of individuals who are under the age of
30 twenty-one to ascertain their physical or mental defects, and health care, treatment, and other
31 measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services
32 shall be provided in accordance with the provisions of Section 6403 of [~~P.L.~~] Pub. L. 101-239 (42
33 U.S.C. Sections 1396a and 1396d), as amended, and federal regulations promulgated thereunder;

34 (11) Home health care services;

35 (12) Family planning as defined by federal rules and regulations; provided, however, that
36 such family planning services shall not include abortions or any abortifacient drug or device that is
37 used for the purpose of inducing an abortion unless such abortions are certified in writing by a
38 physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the
39 mother would be endangered if the fetus were carried to term;

1 (13) Inpatient psychiatric hospital services for individuals under age twenty-one as defined
2 in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

3 (14) Outpatient surgical procedures, including presurgical diagnostic services performed in
4 ambulatory surgical facilities which are licensed by the department of health and senior services of
5 the state of Missouri; except, that such outpatient surgical services shall not include persons who are
6 eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the
7 federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX,
8 Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

9 (15) Personal care services which are medically oriented tasks having to do with a person's
10 physical requirements, as opposed to housekeeping requirements, which enable a person to be
11 treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a
12 hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be
13 rendered by an individual not a member of the participant's family who is qualified to provide such
14 services where the services are prescribed by a physician in accordance with a plan of treatment and
15 are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those
16 persons who would otherwise require placement in a hospital, intermediate care facility, or skilled
17 nursing facility. Benefits payable for personal care services shall not exceed for any one participant
18 one hundred percent of the average statewide charge for care and treatment in an intermediate care
19 facility for a comparable period of time. Such services, when delivered in a residential care facility
20 or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the
21 services the resident requires and the frequency of the services. A resident of such facility who
22 qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician,
23 qualify for the tier level with the fewest services. The rate paid to providers for each tier of service
24 shall be set subject to appropriations. Subject to appropriations, each resident of such facility who
25 qualifies for assistance under section 208.030 and meets the level of care required in this section
26 shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care
27 services per day. Authorized units of personal care services shall not be reduced or tier level
28 lowered unless an order approving such reduction or lowering is obtained from the resident's
29 personal physician. Such authorized units of personal care services or tier level shall be transferred
30 with such resident if he or she transfers to another such facility. Such provision shall terminate upon
31 receipt of relevant waivers from the federal Department of Health and Human Services. If the
32 Centers for Medicare and Medicaid Services determines that such provision does not comply with
33 the state plan, this provision shall be null and void. The MO HealthNet division shall notify the
34 revisor of statutes as to whether the relevant waivers are approved or a determination of
35 noncompliance is made;

36 (16) Mental health services. The state plan for providing medical assistance under Title
37 XIX of the Social Security Act, 42 U.S.C. Section ~~[304]~~ 1396 et seq., as amended, shall include the
38 following mental health services when such services are provided by community mental health
39 facilities operated by the department of mental health or designated by the department of mental

1 health as a community mental health facility or as an alcohol and drug abuse facility or as a child-
2 serving agency within the comprehensive children's mental health service system established in
3 section 630.097. The department of mental health shall establish by administrative rule the
4 definition and criteria for designation as a community mental health facility and for designation as
5 an alcohol and drug abuse facility. Such mental health services shall include:

6 (a) Outpatient mental health services including preventive, diagnostic, therapeutic,
7 rehabilitative, and palliative interventions rendered to individuals in an individual or group setting
8 by a mental health professional in accordance with a plan of treatment appropriately established,
9 implemented, monitored, and revised under the auspices of a therapeutic team as a part of client
10 services management;

11 (b) Clinic mental health services including preventive, diagnostic, therapeutic,
12 rehabilitative, and palliative interventions rendered to individuals in an individual or group setting
13 by a mental health professional in accordance with a plan of treatment appropriately established,
14 implemented, monitored, and revised under the auspices of a therapeutic team as a part of client
15 services management;

16 (c) Rehabilitative mental health and alcohol and drug abuse services including home and
17 community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions
18 rendered to individuals in an individual or group setting by a mental health or alcohol and drug
19 abuse professional in accordance with a plan of treatment appropriately established, implemented,
20 monitored, and revised under the auspices of a therapeutic team as a part of client services
21 management. As used in this section, mental health professional and alcohol and drug abuse
22 professional shall be defined by the department of mental health pursuant to duly promulgated rules.
23 With respect to services established by this subdivision, the department of social services, MO
24 HealthNet division, shall enter into an agreement with the department of mental health. Matching
25 funds for outpatient mental health services, clinic mental health services, and rehabilitation services
26 for mental health and alcohol and drug abuse shall be certified by the department of mental health to
27 the MO HealthNet division. The agreement shall establish a mechanism for the joint
28 implementation of the provisions of this subdivision. In addition, the agreement shall establish a
29 mechanism by which rates for services may be jointly developed;

30 (17) Such additional services as defined by the MO HealthNet division to be furnished
31 under waivers of federal statutory requirements as provided for and authorized by the federal Social
32 Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

33 (18) The services of an advanced practice registered nurse with a collaborative practice
34 agreement to the extent that such services are provided in accordance with chapters 334 and 335,
35 and regulations promulgated thereunder;

36 (19) Nursing home costs for participants receiving benefit payments under subdivision (4)
37 of this subsection to reserve a bed for the participant in the nursing home during the time that the
38 participant is absent due to admission to a hospital for services which cannot be performed on an
39 outpatient basis, subject to the provisions of this subdivision:

1 (a) The provisions of this subdivision shall apply only if:

2 a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO
3 HealthNet certified licensed beds, according to the most recent quarterly census provided to the
4 department of health and senior services which was taken prior to when the participant is admitted
5 to the hospital; and

6 b. The patient is admitted to a hospital for a medical condition with an anticipated stay of
7 three days or less;

8 (b) The payment to be made under this subdivision shall be provided for a maximum of
9 three days per hospital stay;

10 (c) For each day that nursing home costs are paid on behalf of a participant under this
11 subdivision during any period of six consecutive months such participant shall, during the same
12 period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise
13 available temporary leave of absence days provided under subdivision (5) of this subsection; and

14 (d) The provisions of this subdivision shall not apply unless the nursing home receives
15 notice from the participant or the participant's responsible party that the participant intends to return
16 to the nursing home following the hospital stay. If the nursing home receives such notification and
17 all other provisions of this subsection have been satisfied, the nursing home shall provide notice to
18 the participant or the participant's responsible party prior to release of the reserved bed;

19 (20) Prescribed medically necessary durable medical equipment. An electronic web-based
20 prior authorization system using best medical evidence and care and treatment guidelines consistent
21 with national standards shall be used to verify medical need;

22 (21) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated
23 program of active professional medical attention within a home, outpatient and inpatient care which
24 treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary
25 team. The program provides relief of severe pain or other physical symptoms and supportive care to
26 meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses
27 which are experienced during the final stages of illness, and during dying and bereavement and
28 meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418.
29 The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and
30 board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five
31 percent of the rate of reimbursement which would have been paid for facility services in that nursing
32 home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239
33 (Omnibus Budget Reconciliation Act of 1989);

34 (22) Prescribed medically necessary dental services. Such services shall be subject to
35 appropriations. An electronic web-based prior authorization system using best medical evidence
36 and care and treatment guidelines consistent with national standards shall be used to verify medical
37 need;

38 (23) Prescribed medically necessary optometric services. Such services shall be subject to
39 appropriations. An electronic web-based prior authorization system using best medical evidence

1 and care and treatment guidelines consistent with national standards shall be used to verify medical
2 need;

3 (24) Blood clotting products-related services. For persons diagnosed with a bleeding
4 disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section
5 338.400, such services include:

6 (a) Home delivery of blood clotting products and ancillary infusion equipment and supplies,
7 including the emergency deliveries of the product when medically necessary;

8 (b) Medically necessary ancillary infusion equipment and supplies required to administer
9 the blood clotting products; and

10 (c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home
11 health care agency trained in bleeding disorders when deemed necessary by the participant's treating
12 physician;

13 (25) Childbirth education classes for pregnant women and a support person;

14 (26) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report
15 the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of
16 the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by
17 third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide
18 to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and
19 for third-party payor average dental reimbursement rates. Such plan shall be subject to
20 appropriation and the division shall include in its annual budget request to the governor the
21 necessary funding needed to complete the four-year plan developed under this subdivision.

22 2. Additional benefit payments for medical assistance shall be made on behalf of those
23 eligible needy children, pregnant women and blind persons with any payments to be made on the
24 basis of the reasonable cost of the care or reasonable charge for the services as defined and
25 determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

26 (1) Dental services;

27 (2) Services of podiatrists as defined in section 330.010;

28 (3) Optometric services as described in section 336.010;

29 (4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids,
30 and wheelchairs;

31 (5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated
32 program of active professional medical attention within a home, outpatient and inpatient care which
33 treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary
34 team. The program provides relief of severe pain or other physical symptoms and supportive care to
35 meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses
36 which are experienced during the final stages of illness, and during dying and bereavement and
37 meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418.
38 The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and
39 board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five

1 percent of the rate of reimbursement which would have been paid for facility services in that nursing
2 home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239
3 (Omnibus Budget Reconciliation Act of 1989);

4 (6) Comprehensive day rehabilitation services beginning early posttrauma as part of a
5 coordinated system of care for individuals with disabling impairments. Rehabilitation services must
6 be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan
7 developed, implemented, and monitored through an interdisciplinary assessment designed to restore
8 an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet
9 division shall establish by administrative rule the definition and criteria for designation of a
10 comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any
11 rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority
12 delegated in this subdivision shall become effective only if it complies with and is subject to all of
13 the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are
14 nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to
15 review, to delay the effective date, or to disapprove and annul a rule are subsequently held
16 unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after
17 August 28, 2005, shall be invalid and void.

18 3. The MO HealthNet division may require any participant receiving MO HealthNet
19 benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1,
20 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services
21 except for those services covered under subdivisions (15) and (16) of subsection 1 of this section
22 and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the
23 federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When
24 substitution of a generic drug is permitted by the prescriber according to section 338.056, and a
25 generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or
26 delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal
27 Social Security Act. A provider of goods or services described under this section must collect from
28 all participants the additional payment that may be required by the MO HealthNet division under
29 authority granted herein, if the division exercises that authority, to remain eligible as a provider.
30 Any payments made by participants under this section shall be in addition to and not in lieu of
31 payments made by the state for goods or services described herein except the participant portion of
32 the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to
33 pharmacists. A provider may collect the co-payment at the time a service is provided or at a later
34 date. A provider shall not refuse to provide a service if a participant is unable to pay a required
35 payment. If it is the routine business practice of a provider to terminate future services to an
36 individual with an unclaimed debt, the provider may include uncollected co-payments under this
37 practice. Providers who elect not to undertake the provision of services based on a history of bad
38 debt shall give participants advance notice and a reasonable opportunity for payment. A provider,
39 representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall

1 not make co-payment for a participant. This subsection shall not apply to other qualified children,
2 pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not
3 approve the MO HealthNet state plan amendment submitted by the department of social services
4 that would allow a provider to deny future services to an individual with uncollected co-payments,
5 the denial of services shall not be allowed. The department of social services shall inform providers
6 regarding the acceptability of denying services as the result of unpaid co-payments.

7 4. The MO HealthNet division shall have the right to collect medication samples from
8 participants in order to maintain program integrity.

9 5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection
10 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and
11 services are available under the state plan for MO HealthNet benefits at least to the extent that such
12 care and services are available to the general population in the geographic area, as required under
13 subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated
14 thereunder.

15 6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health
16 centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L.
17 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated
18 thereunder.

19 7. Beginning July 1, 1990, the department of social services shall provide notification and
20 referral of children below age five, and pregnant, breast-feeding, or postpartum women who are
21 determined to be eligible for MO HealthNet benefits under section 208.151 to the special
22 supplemental food programs for women, infants and children administered by the department of
23 health and senior services. Such notification and referral shall conform to the requirements of
24 Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

25 8. Providers of long-term care services shall be reimbursed for their costs in accordance
26 with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a,
27 as amended, and regulations promulgated thereunder.

28 9. Reimbursement rates to long-term care providers with respect to a total change in
29 ownership, at arm's length, for any facility previously licensed and certified for participation in the
30 MO HealthNet program shall not increase payments in excess of the increase that would result from
31 the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a
32 (a)(13)(C).

33 10. The MO HealthNet division may enroll qualified residential care facilities and assisted
34 living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

35 11. Any income earned by individuals eligible for certified extended employment at a
36 sheltered workshop under chapter 178 shall not be considered as income for purposes of
37 determining eligibility under this section.

38 12. If the Missouri Medicaid audit and compliance unit changes any interpretation or
39 application of the requirements for reimbursement for MO HealthNet services from the

1 interpretation or application that has been applied previously by the state in any audit of a MO
2 HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO
3 HealthNet providers five business days before such change shall take effect. Failure of the Missouri
4 Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to
5 continue to receive and retain reimbursement until such notification is provided and shall waive any
6 liability of such provider for recoupment or other loss of any payments previously made prior to the
7 five business days after such notice has been sent. Each provider shall provide the Missouri
8 Medicaid audit and compliance unit a valid email address and shall agree to receive
9 communications electronically. The notification required under this section shall be delivered in
10 writing by the United States Postal Service or electronic mail to each provider.

11 13. Nothing in this section shall be construed to abrogate or limit the department's statutory
12 requirement to promulgate rules under chapter 536.

13 14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social,
14 and psychophysiological services for the prevention, treatment, or management of physical health
15 problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement
16 codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT)
17 coding system. Providers eligible for such reimbursement shall include psychologists.

18 15. There shall be no payments made under this section for gender transition surgeries,
19 cross-sex hormones, or puberty-blocking drugs, as such terms are defined in section 191.1720, for
20 the purpose of a gender transition.

21 16. The department of social services shall study the impact that the childbirth education
22 classes provided under subdivision (25) of subsection 1 of this section have on infant and maternal
23 mortality among pregnant women of color. The department of social services shall submit a report
24 to the general assembly with the results of the study before January 1, 2027.

25 208.662. 1. There is hereby established within the department of social services the "Show-
26 Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-
27 income unborn child. The program shall be established under the authority of Title XXI of the
28 federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42
29 CFR 457.1.

30 2. For an unborn child to be enrolled in the show-me healthy babies program, his or her
31 mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the
32 Medicaid program, as it is administered by the state, and shall not have access to affordable
33 employer-subsidized health care insurance or other affordable health care coverage that includes
34 coverage for the unborn child. In addition, the unborn child shall be in a family with income
35 eligibility of no more than three hundred percent of the federal poverty level, or the equivalent
36 modified adjusted gross income, unless the income eligibility is set lower by the general assembly
37 through appropriations. In calculating family size as it relates to income eligibility, the family shall
38 include, in addition to other family members, the unborn child, or in the case of a mother with a
39 multiple pregnancy, all unborn children.

1 3. Coverage for an unborn child enrolled in the show-me healthy babies program shall
2 include all prenatal care and pregnancy-related services that benefit the health of the unborn child
3 and that promote healthy labor, delivery, and birth, including childbirth education classes. Coverage
4 need not include services that are solely for the benefit of the pregnant mother, that are unrelated to
5 maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child.
6 However, the department may include pregnancy-related assistance as defined in 42 U.S.C. Section
7 1397ll.

8 4. There shall be no waiting period before an unborn child may be enrolled in the show-me
9 healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage
10 shall include the period from conception to birth. The department shall develop a presumptive
11 eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

12 5. Coverage for the child shall continue for up to one year after birth, unless otherwise
13 prohibited by law or unless otherwise limited by the general assembly through appropriations.

14 6. (1) Pregnancy-related and postpartum coverage for the mother shall begin on the day the
15 pregnancy ends and extend through the last day of the month that includes the sixtieth day after the
16 pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general
17 assembly through appropriations. The department may include pregnancy-related assistance as
18 defined in 42 U.S.C. Section 1397ll.

19 (2) (a) Subject to approval of any necessary state plan amendments or waivers, beginning
20 on July 6, 2023, mothers eligible to receive coverage under this section shall receive medical
21 assistance benefits during the pregnancy and during the twelve-month period that begins on the last
22 day of the woman's pregnancy and ends on the last day of the month in which such twelve-month
23 period ends, consistent with the provisions of 42 U.S.C. Section 1397gg(e)(1)(J). The department
24 shall seek any necessary state plan amendments or waivers to implement the provisions of this
25 subdivision when the number of ineligible MO HealthNet participants removed from the program in
26 2023 pursuant to section 208.239 exceeds the projected number of beneficiaries likely to enroll in
27 benefits in 2023 under this subdivision and subdivision (28) of subsection 1 of section 208.151, as
28 determined by the department, by at least one hundred individuals.

29 (b) The provisions of this subdivision shall remain in effect for any period of time during
30 which the federal authority under 42 U.S.C. Section 1397gg(e)(1)(J), as amended, or any successor
31 statutes or implementing regulations, is in effect.

32 7. The department shall provide coverage for an unborn child enrolled in the show-me
33 healthy babies program in the same manner in which the department provides coverage for the

35 8. The department shall provide information about the show-me healthy babies program to
36 maternity homes as defined in section 135.600, pregnancy resource centers as defined in section
37 135.630, and other similar agencies and programs in the state that assist unborn children and their
38 mothers. The department shall consider allowing such agencies and programs to assist in the

1 enrollment of unborn children in the program, and in making determinations about presumptive
2 eligibility and verification of the pregnancy.

3 9. Within sixty days after August 28, 2014, the department shall submit a state plan
4 amendment or seek any necessary waivers from the federal Department of Health and Human
5 Services requesting approval for the show-me healthy babies program.

6 10. At least annually, the department shall prepare and submit a report to the governor, the

8 projecting the cost savings and benefits, if any, to the state, counties, local communities, school
9 districts, law enforcement agencies, correctional centers, health care providers, employers, other
10 public and private entities, and persons by enrolling unborn children in the show-me healthy babies
11 program. The analysis and projection of cost savings and benefits, if any, may include but need not
12 be limited to:

13 (1) The higher federal matching rate for having an unborn child enrolled in the show-me
14 healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled
15 in MO HealthNet or other federal programs;

16 (2) The efficacy in providing services to unborn children through managed care
17 organizations, group or individual health insurance providers or premium assistance, or through
18 other nontraditional arrangements of providing health care;

19 (3) The change in the proportion of unborn children who receive care in the first trimester of
20 pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of
21 other barriers, and any resulting or projected decrease in health problems and other problems for
22 unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy
23 and childhood;

24 (4) The change in healthy behaviors by pregnant women, such as the cessation of the use of
25 tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term
26 and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems;
27 breathing and respiratory problems; feeding and digestive problems; and other physical, mental,
28 educational, and behavioral problems; and

29 (5) The change in infant and maternal mortality, preterm births and low birth weight babies
30 and any resulting or projected decrease in short-term and long-term medical and other interventions.

31 11. The show-me healthy babies program shall not be deemed an entitlement program, but
32 instead shall be subject to a federal allotment or other federal appropriations and matching state
33 appropriations.

34 12. Nothing in this section shall be construed as obligating the state to continue the show-
35 me healthy babies program if the allotment or payments from the federal government end or are not
36 sufficient for the program to operate, or if the general assembly does not appropriate funds for the
37 program.

38 13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a
39 mandate imposed by the federal government on the state."; and
