- (4) "Restraint" includes, but is not limited to, mechanical restraint, physical restraint, and prone restraint;
- (5) "Seclusion", the involuntary confinement of a student alone in a room or area that the student is physically prevented from leaving and that complies with the building code in effect in the school district. Seclusion shall not include the following:
- (a) A timeout, which is a behavior management technique that is part of an approved program, involves the monitored separation of the student in a nonlocked setting, and is implemented for the purpose of calming;

- (d) Other appropriate disciplinary measures.
- 2. [The school discipline policy under section 160.261 shall reserve confining a student in seclusion for situations or conditions in which there is imminent danger of physical harm to self or others.
- 3.] For all school years beginning on or after July 1, 2022, no school district, charter school, or publicly contracted private provider shall use any mechanical, physical, or prone restraint technique that:
 - (1) Obstructs views of the student's face;
- (2) Obstructs the student's respiratory airway, impairs the student's breathing or respiratory capacity, or restricts the movement required for normal breathing to cause positional or postural asphyxia;
- (3) Places pressure or weight on or causes the compression of the student's chest, lungs, sternum, diaphragm, back, abdomen, or genitals;
 - (4) Obstructs the student's circulation of blood;
- (5) Involves pushing on or into the student's mouth, nose, eyes, or any part of the face or involves covering the face or body with anything including, but not limited to, soft objects such as pillows, blankets, or washcloths;
 - (6) Endangers the student's life or significantly exacerbates the student's medical condition;
 - (7) Is purposely designed to inflict pain;
- (8) Restricts the student from communicating. If an employee physically restrains a student who uses sign language or an augmentative mode of communication as the student's primary mode of communication, the student shall be permitted to have the student's hands free of restraint for brief periods unless an employee determines that such freedom appears likely to result in harm to self or others.
- [4-] 3. (1) By July 1, 2011, the local board of education of each school district shall adopt a written policy that comprehensively addresses the use of restrictive behavioral interventions as a form of discipline or behavior management technique. The policy shall be consistent with professionally accepted practices and standards of student discipline, behavior management, health and safety, including the safe schools act. The policy shall include but not be limited to:

- (c) Specific implementation requirements associated with a restrictive behavioral intervention such as time limits, facility specifications, training requirements or supervision requirements; and
- (d) Documentation, notice and permission requirements associated with use of a restrictive behavioral intervention.
- (2) Before July 1, 2022, each written policy adopted under this subsection shall be updated to prohibit the school district, charter school, or publicly contracted private provider from using any restraint that employs any technique listed in subsection 3 of this section.
- (3) Before July 1, 2022, each written policy adopted under this subsection shall be updated to state that the school district, charter school, or publicly contracted private provider will reserve restraint or seclusion for situations or conditions in which there is imminent danger of physical harm to self or others.
- [5.] 4. Before July 1, 2022, each school district, charter school, and publicly contracted private provider shall ensure that the policy adopted under subsection 4 of this section requires the following:
- (1) Any student placed in seclusion or restraint shall be removed from such seclusion or restraint as soon as the school district, charter school, or publicly contracted private provider determines that the student is no longer an imminent danger of physical harm to self or others;

Personnel who use seclusion or restraint shall annually complete mandatory training in the specific seclusion and restraint techniques the school district, charter school, or publicly contracted private provider uses under this section;
- (3) (a) Each time seclusion or restraint is used for a student, the incident shall be monitored by a member of the school district, charter school, or publicly contracted private provider personnel, and a report shall be completed by the school district, charter school, or publicly contracted private provider that contains, at a minimum, the following:

- (4) The school district, charter school, or publicly contracted private provider shall attempt to notify the parents or legal guardians as soon as possible but no later than one hour after the end of the school day on which the use of seclusion or restraint occurred. Notification shall be oral or electronic and shall include a statement indicating that the school district, charter school, or publicly contracted private provider will provide the parents or legal guardians a copy of the report described in subdivision (3) of this subsection within five school days;
