5 192.2554. 1. The department shall have the following powers and duties:

6 (1) After inspection, to grant licenses to persons to operate prescribed pediatric extended
7 care facilities if satisfied as to the good character and intent of the applicant and that such applicant
8 is qualified and equipped to render care or service conducive to the welfare of children;

13 and regulations promulgated by the department. The director may revoke or suspend a license when
14 the licensee surrenders the license; and

15 (3) To promulgate rules and regulations the department deems necessary or proper in order
16 to establish standards of service and care to be rendered by such licensees to children. Such rules
17 and regulations shall include, at a minimum, requirements related to the following:

23 2. The department shall have the right to enter the premises of an applicant for or holder of a
24 license at any time during the hours of operation of a facility to determine compliance with sections
25 192.2550 to 192.2560 and applicable rules promulgated thereunder. Entry shall also be granted for
26 investigative purposes involving complaints regarding the operations of a prescribed pediatric
27 extended care facility. The department may make inspections, announced or unannounced, as it
28 deems necessary to carry out the provisions of sections 192.2550 to 192.2560.

29 3. The applicant for or holder of a license shall cooperate with the investigation and
30 inspection.

31 4. Failure to comply with any lawful request of the department in connection with the
32 investigation and inspection is a ground for refusal to issue a license or for the revocation of a
33 license.

34 5. Any prescribed pediatric extended care facility may request a variance from a rule or
35 regulation promulgated under sections 192.2550 to 192.2560. The request for a variance shall be
36 made in writing to the department and shall include the reasons the facility is requesting the
37 variance. The department shall not approve any variance request that endangers the health or safety
38 of the children served by the facility.

1 6. Any rule or portion of a rule, as that term is defined in section 536.010, that is created
2 under the authority delegated in sections 192.2550 to 192.2560 shall become effective only if it
3 complies with and is subject to all of the provisions of chapter 536 and, if applicable, section
4 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the
5 general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and
6 annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any
7 rule proposed or adopted after August 28, 2024, shall be invalid and void.

8 192.2556. 1. All applicants for or holders of a license to operate a prescribed pediatric
9 extended care facility shall have an active, nonsuspended license to operate a child care facility
10 issued by the department of elementary and secondary education.

11 2. All persons employed by the prescribed pediatric extended care facility for compensation,
12 including contract employees or self-employed individuals, and individuals or volunteers whose
13 activities involve the care or supervision of children for a prescribed pediatric extended care
14 provider or unsupervised access to children who are cared for or supervised by a prescribed
15 pediatric extended care provider shall be considered a child care staff member, as that term is
16 defined in section 210.1080, and shall comply with all requirements under that section and
17 regulations promulgated thereunder.

18 192.2558. 1. If the department proposes to deny, place on probation, or revoke a license, the
19 department shall serve upon the applicant or licensee written notice of the proposed action to be
20 taken. The notice shall contain a statement of the type of action proposed, the basis for the action,
21 the date the action will become effective, and a statement that the applicant or licensee shall have
22 thirty days to request in writing a hearing before the administrative hearing commission and that
23 such request shall be made to the department. If no written request for a hearing is received by the
24 department within thirty days of the delivery or mailing by certified mail of the notice to the
25 applicant or licensee, the proposed discipline shall take effect on the thirty-first day after such
26 delivery or mailing of the notice to the applicant or licensee. If the applicant or licensee makes a
27 written request for a hearing, the department shall file a complaint with the administrative hearing
28 commission within thirty days of receipt of the request for a hearing.

29 2. The department shall immediately suspend and propose to revoke any prescribed
30 pediatric extended care facility license if the department of elementary and secondary education
31 immediately suspends the licensee's license to operate a child care facility. The immediate
32 suspension of the license to operate a child care facility shall be sufficient grounds for the
33 department of health and senior services to immediately suspend and revoke the prescribed pediatric
34 extended care facility license.

35 3. The department shall immediately suspend and propose to revoke any prescribed
36 pediatric extended care facility license if the department of elementary and secondary education
37 revokes the licensee's license to operate a child care facility. The revocation of the license to
38 operate a child care facility shall be sufficient grounds for the department of health and senior
39 services to immediately suspend and revoke the prescribed pediatric extended care facility license.

1 4. The department may immediately suspend any license simultaneously with the notice of
2 the proposed action to be taken in subsection 1 of this section if the department finds that there is a
3 threat of imminent bodily harm to the children in the care of the prescribed pediatric extended care
4 facility.

5 5. The notice of immediate suspension shall include the basis of the immediate suspension
6 and the appeal rights of the licensee under this section. The licensee may appeal the decision to
7 immediately suspend the license to the department. The appeal shall be filed within ten days from
8 the delivery or mailing by certified mail of the notice of appeal. A hearing shall be conducted by
9 the department within fifteen days from the date the appeal is filed. The immediate suspension shall
10 continue in effect until the conclusion of the proceedings, including review thereof, unless sooner
11 withdrawn by the department or stayed by a court of competent jurisdiction.

12 6. Any person aggrieved by a final decision of the department made in the administration of
13 sections 192.2550 to 192.2560 shall be entitled to judicial review thereof as provided in chapter 536.

14 7. In cases of imminent bodily harm to children in the care of a prescribed pediatric
15 extended care facility, including an unlicensed facility not exempt under section 192.2552, the
16 department may file suit in the circuit court of the county in which the prescribed pediatric extended
17 care facility is located for injunctive relief, which may include removing children from the facility,
18 overseeing the operation of the facility, or closing the facility. The department may request that the
19 attorney general bring the action in place of the department. Failure by the department to file suit
20 under the provisions of this subsection shall not be construed as creating any civil liability or
21 incurring other obligations or duties, except as otherwise specified.

22 192.2560. 1. Nothing contained in sections 192.2550 to 192.2560 shall permit the public
23 disclosure by the department of confidential medical, social, personal, or financial records of any
24 child in the care of any prescribed pediatric extended care facility, except when disclosed in a
25 manner that does not identify any child or when ordered to do so by a court of competent
26 jurisdiction. Such records shall be accessible without court order for examination and copying only
27 to the following persons or offices, or to their designees:

28 (1) The department or any person or agency designated by the department;

29 (2) The department of elementary and secondary education or any person or agency
30 designated by the department of elementary and secondary education;

39 received by the department relating to the quality of care of children in the care of a prescribed

1 pediatric extended care provider shall be accessible to the public for examination and copying,
2 provided that such reports are disclosed in a manner that does not identify the complainant or any
3 particular child."; and
