1           2. For all fiscal years beginning on or after July 1, 2019, a taxpayer shall be allowed to  
2 claim a tax credit against the taxpayer's state tax liability in an amount equal to fifty percent of the  
3 amount of such taxpayer's contributions to a diaper bank.

4           3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state  
5 tax liability for the tax year for which the credit is claimed, and such taxpayer shall not be allowed  
6 to claim a tax credit in excess of fifty thousand dollars per tax year. However, any tax credit that  
7 cannot be claimed in the tax year the contribution was made may be carried over only to the next  
8 subsequent tax year. No tax credit issued under this section shall be assigned, transferred, or sold.

9           4. Except for any excess credit that is carried over under subsection 3 of this section, no  
10 taxpayer shall be allowed to claim a tax credit unless the taxpayer contributes at least one hundred  
11 dollars to one or more diaper banks during the tax year for which the credit is claimed.

12           5. The department shall determine, at least annually, which entities in this state qualify as  
13 diaper banks. The department may require of an entity seeking to be classified as a diaper bank any  
14 information which is reasonably necessary to make such a determination. The department shall  
15 classify an entity as a diaper bank if such entity satisfies the definition under subsection 1 of this  
16 section.

17           6. The department shall establish a procedure by which a taxpayer can determine if an entity  
18 has been classified as a diaper bank.

19           7. Diaper banks may decline a contribution from a taxpayer.

20           8. The cumulative amount of tax credits that may be claimed by all the taxpayers  
21 contributing to diaper banks in any one fiscal year shall not exceed five hundred thousand dollars.  
22 Tax credits shall be issued in the order contributions are received. If the amount of tax credits  
23 redeemed in a tax year is less than five hundred thousand dollars, the difference shall be added to  
24 the cumulative limit created under this subsection for the next fiscal year and carried over to  
25 subsequent fiscal years until claimed.

26           9. The department shall establish a procedure by which, from the beginning of the fiscal  
27 year until some point in time later in the fiscal year to be determined by the department, the  
28 cumulative amount of tax credits are equally apportioned among all entities classified as diaper  
29 banks. If a diaper bank fails to use all, or some percentage to be determined by the department, of  
30 its apportioned tax credits during this predetermined period of time, the department may reapportion  
31 such unused tax credits to diaper banks that have used all, or some percentage to be determined by  
32 the department, of their apportioned tax credits during this predetermined period of time. The  
33 department may establish multiple periods each fiscal year and reapportion accordingly. To the  
34 maximum extent possible, the department shall establish the procedure described under this  
35 subsection in such a manner as to ensure that taxpayers can claim as many of the tax credits as  
36 possible, up to the cumulative limit created under subsection 8 of this section.

37           10. Each diaper bank shall provide information to the department concerning the identity of  
38 each taxpayer making a contribution and the amount of the contribution. The department shall

1 provide the information to the department of revenue. The department shall be subject to the  
2 confidentiality and penalty provisions of section 32.057 relating to the disclosure of tax information.

3 11. Under section 23.253 of the Missouri sunset act:

4 (1) The provisions of the program authorized under this section shall automatically sunset  
5 on December thirty-first six years after August 28, [~~2018~~] 2024, unless reauthorized by an act of the  
6 general assembly;

7 (2) If such program is reauthorized, the program authorized under this section shall  
8 automatically sunset on December thirty-first six years after the effective date of the reauthorization  
9 of this section;

10 (3) This section shall terminate on September first of the calendar year immediately  
11 following the calendar year in which the program authorized under this section is sunset; and

12 (4) The provisions of this subsection shall not be construed to limit or in any way impair the  
13 department's ability to issue tax credits authorized on or before the date the program authorized  
14 under this section expires or a taxpayer's ability to redeem such tax credits."; and

15  
16 Further amend said bill, Page 8, Section 143.121, Line 244, by inserting after all of said section and  
17 line the following:

32 excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed  
33 in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold  
34 ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which  
35 are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be  
36 used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be

38 registered pursuant to the provisions of the Missouri pesticide registration [~~law~~] act, sections  
39 [~~281.220~~] 281.210 to 281.310, which are to be used in connection with the growth or production of  
40 crops, fruit trees or orchards applied before, during, or after planting, the crop of which when

1 harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in  
2 processed form at retail;

3 (2) Materials, manufactured goods, machinery and parts which when used in manufacturing,  
4 processing, compounding, mining, producing or fabricating become a component part or ingredient  
5 of the new personal property resulting from such manufacturing, processing, compounding, mining,  
6 producing or fabricating and which new personal property is intended to be sold ultimately for final  
7 use or consumption; and materials, including without limitation, gases and manufactured goods,  
8 including without limitation slagging materials and firebrick, which are ultimately consumed in the  
9 manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part,  
10 component parts or ingredients of steel products intended to be sold ultimately for final use or  
11 consumption;

12 (3) Materials, replacement parts and equipment purchased for use directly upon, and for the  
13 repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or

15 (4) Replacement machinery, equipment, and parts and the materials and supplies solely  
16 required for the installation or construction of such replacement machinery, equipment, and parts,  
17 used directly in manufacturing, mining, fabricating or producing a product which is intended to be  
18 sold ultimately for final use or consumption; and machinery and equipment, and the materials and  
19 supplies required solely for the operation, installation or construction of such machinery and  
20 equipment, purchased and used to establish new, or to replace or expand existing, material recovery  
21 processing plants in this state. For the purposes of this subdivision, a "material recovery processing  
22 plant" means a facility that has as its primary purpose the recovery of materials into a usable product  
23 or a different form which is used in producing a new product and shall include a facility or  
24 equipment which are used exclusively for the collection of recovered materials for delivery to a  
25 material recovery processing plant but shall not include motor vehicles used on highways. For  
26 purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant  
27 to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and  
28 section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the  
29 term "product" includes telecommunications services and the term "manufacturing" shall include the  
30 production, or production and transmission, of telecommunications services. The preceding  
31 sentence does not make a substantive change in the law and is intended to clarify that the term  
32 "manufacturing" has included and continues to include the production and transmission of  
33 "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection,  
34 as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two  
35 sentences reaffirm legislative intent consistent with the interpretation of this subdivision and  
36 subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d  
37 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo.  
38 banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those  
39 exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the

1 extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78  
2 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d  
3 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the  
4 Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc  
5 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and  
6 *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby  
7 affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use  
8 of a product previously recovered. The material recovery processing plant shall qualify under the  
9 provisions of this section regardless of ownership of the material being recovered;

10 (5) Machinery and equipment, and parts and the materials and supplies solely required for  
11 the installation or construction of such machinery and equipment, purchased and used to establish  
12 new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery  
13 and equipment is used directly in manufacturing, mining or fabricating a product which is intended  
14 to be sold ultimately for final use or consumption. The construction and application of this  
15 subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of*  
16 *Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78  
17 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d  
18 226 (Mo. banc 2005), is hereby affirmed;

21 United States government;

37 this subsection, in facilities owned or leased by the taxpayer, if the total cost of electrical energy so  
38 used exceeds ten percent of the total cost of production, either primary or secondary, exclusive of  
39 the cost of electrical energy so used or if the raw materials used in such processing contain at least

1 twenty-five percent recovered materials as defined in section 260.200. There shall be a rebuttable  
2 presumption that the raw materials used in the primary manufacture of automobiles contain at least  
3 twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any  
4 mode of treatment, act or series of acts performed upon materials to transform and reduce them to a  
5 different state or thing, including treatment necessary to maintain or preserve such processing by the
