6 the persons are eligible to file a joint federal income tax return and reside at the same address at any  
7 time during the taxable year, then the credit may only be allowed if claimed on a combined Missouri

9 A claimant shall not be allowed a property tax credit unless the claimant or spouse has attained the  
10 age of sixty-five on or before the last day of the calendar year and the claimant or spouse was a  
11 resident of Missouri for the entire year, or the claimant or spouse is a veteran of any branch of the  
12 Armed Forces of the United States or this state who became one hundred percent disabled as a result

14 and such claimant or spouse provides proof of such disability in such form and manner, and at such  
15 times, as the director of revenue may require, or if the claimant has reached the age of sixty on or  
16 before the last day of the calendar year and such claimant received surviving spouse Social Security  
17 benefits during the calendar year and the claimant provides proof, as required by the director of  
18 revenue, that the claimant received surviving spouse Social Security benefits during the calendar  
19 year for which the credit will be claimed. ~~[A claimant shall not be allowed a property tax credit if~~  
20 ~~the claimant filed a valid claim for a credit under section 137.106 in the year following the year for~~  
21 ~~which the property tax credit is claimed.]~~ The residency requirement shall be deemed to have been  
22 fulfilled for the purpose of determining the eligibility of a surviving spouse for a property tax credit  
23 if a person of the age of sixty-five years or older who would have otherwise met the requirements  
24 for a property tax credit dies before the last day of the calendar year. The residency requirement  
25 shall also be deemed to have been fulfilled for the purpose of determining the eligibility of a  
26 claimant who would have otherwise met the requirements for a property tax credit but who dies  
27 before the last day of the calendar year;

28 (2) "Disabled", the inability to engage in any substantial gainful activity by reason of any

1 A claimant shall not be required to be gainfully employed prior to such disability to qualify for a  
2 property tax credit;

3 (3) "Gross rent", amount paid by a claimant to a landlord for the rental, at arm's length, of a  
4 homestead during the calendar year, exclusive of charges for health and personal care services and  
5 food furnished as part of the rental agreement, whether or not expressly set out in the rental  
6 agreement. If the director of revenue determines that the landlord and tenant have not dealt at arm's  
7 length, and that the gross rent is excessive, then he shall determine the gross rent based upon a  
8 reasonable amount of rent. Gross rent shall be deemed to be paid only if actually paid prior to the  
9 date a return is filed. The director of revenue may prescribe regulations requiring a return of  
10 information by a landlord receiving rent, certifying for a calendar year the amount of gross rent  
11 received from a tenant claiming a property tax credit and shall, by regulation, provide a method for  
12 certification by the claimant of the amount of gross rent paid for any calendar year for which a claim  
13 is made. The regulations authorized by this subdivision may require a landlord or a tenant or both to  
14 provide data relating to health and personal care services and to food. Neither a landlord nor a  
15 tenant may be required to provide data relating to utilities, furniture, home furnishings or  
16 appliances;

17 (4) "Homestead", the dwelling in Missouri owned or rented by the claimant and not to  
18 exceed five acres of land surrounding it as is reasonably necessary for use of the dwelling as a  
19 home. It may consist of part of a multidwelling or multipurpose building and part of the land upon  
20 which it is built. "Owned" includes a vendee in possession under a land contract and one or more  
21 tenants by the entireties, joint tenants, or tenants in common and includes a claimant actually in  
22 possession if he was the immediate former owner of record, if a lineal descendant is presently the  
23 owner of record, and if the claimant actually pays all taxes upon the property. It may include a  
24 mobile home;

25 (5) "Income", Missouri adjusted gross income as defined in section 143.121 less two  
26 thousand dollars for all calendar years ending on or before December 31, 2024, or in the case of a  
27 homestead owned and occupied, for the entire year, by the claimant, for all calendar years ending on  
28 or before December 31, 2024, less four thousand dollars as an exemption for the claimant's spouse  
29 residing at the same address, and for all calendar years beginning on or after January 1, 2025, less  
30 five thousand dollars, or in the case of a homestead owned and occupied, for the entire year, by the  
31 claimant, less five thousand dollars, as an exemption for the claimant's spouse residing at the same  
32 address; and increased, where necessary, to reflect the following:

33 (a) Social Security, railroad retirement, and veterans payments and benefits unless the  
34 claimant is a one hundred percent service-connected, disabled veteran or a spouse of a one hundred  
35 percent service-connected, disabled veteran. The one hundred percent service-connected disabled  
36 veteran shall not be required to list veterans payments and benefits;

37 (b) The total amount of all other public and private pensions and annuities;

38 (c) Public relief, public assistance, and unemployment benefits received in cash, other than  
39 benefits received under this chapter;

2 (e) Interest on the obligations of the United States, any state, or any of their subdivisions  
3 and instrumentalities;

4 (6) "Property taxes accrued", property taxes paid, exclusive of special assessments,  
5 penalties, interest, and charges for service levied on a claimant's homestead in any calendar year.  
6 Property taxes shall qualify for the credit only if actually paid prior to the date a return is filed. The  
7 director of revenue shall require a tax receipt or other proof of property tax payment. If a homestead  
8 is owned only partially by claimant, then "property taxes accrued" is that part of property taxes  
9 levied on the homestead which was actually paid by the claimant. For purposes of this subdivision,  
10 property taxes are "levied" when the tax roll is delivered to the director of revenue for collection. If  
11 a claimant owns a homestead part of the preceding calendar year and rents it or a different  
12 homestead for part of the same year, "property taxes accrued" means only taxes levied on the  
13 homestead both owned and occupied by the claimant, multiplied by the percentage of twelve months  
14 that such property was owned and occupied as the homestead of the claimant during the year. When  
15 a claimant owns and occupies two or more different homesteads in the same calendar year, property  
16 taxes accrued shall be the sum of taxes allocable to those several properties occupied by the  
17 claimant as a homestead for the year. If a homestead is an integral part of a larger unit such as a  
18 farm, or multipurpose or multidwelling building, property taxes accrued shall be that percentage of  
19 the total property taxes accrued as the value of the homestead is of the total value. For purposes of  
20 this subdivision "unit" refers to the parcel of property covered by a single tax statement of which the  
21 homestead is a part;

22 (7) "Rent constituting property taxes accrued", twenty percent of the gross rent paid by a  
23 claimant and spouse in the calendar year.

27 beginning on or after January 1, 2008, but ending on or before December 31, 2024, the maximum  
28 upper limit shall be the sum of twenty-seven thousand five hundred dollars. In the case of a  
29 homestead owned and occupied for the entire year by the claimant, for all calendar years ending on

 6 subdivision (1) of this subsection. The property tax shall be in increments of twenty-five dollars and  
 7 the income in increments of three hundred dollars. The credit shall be the amount rounded to the  
 8 nearest whole dollar computed on the basis of the property tax and income at the midpoints of each  
 9 increment. As used in this subsection, the term "accumulative" means an increase by continuous or  
 10 repeated application of the percent to the income increment at each three hundred dollar level.

 19 nearest whole dollar computed on the basis of the property tax and income at the midpoints of each  
 20 increment. As used in this subsection, the term "accumulative" means an increase by continuous or  
 21 repeated application of the percent to the income increment at each four-hundred-ninety-five-dollar  
 22 level.

23           4. Notwithstanding subsection 4 of section 32.057, the department of revenue or any duly  
 24 authorized employee or agent shall determine whether any taxpayer filing a report or return with the
