

HOUSE AMENDMENT NO. _____
TO
HOUSE AMENDMENT NO. _____

Offered By

1 AMEND House Amendment No. _____ to House Committee Substitute for House Bill No. 2058,
2 Page 1, Lines 1-2, by deleting the phrase "1-20, by deleting all of said section and lines" and
3 inserting in lieu thereof the following:

4
5 "10-15, by deleting said lines and inserting in lieu thereof the following:

6
7 "states a change."; and

8
9 Further amend said bill, Page 10, Section 67.2677, Line 85, by inserting after all of said section and
10 line the following:

11
12 "115.240. The election authority for any political subdivision or special district shall label
13 ballot measures relating to taxation that are submitted by such political subdivision or special
14 district to a vote of the people numerically or alphabetically in the order in which they are
15 submitted. No such ballot measure shall be labeled in a descriptive manner aside from its numerical
16 or alphabetical designation. Election authorities may coordinate with each other, or with the
17 secretary of state, to maintain a database or other record to facilitate numerical or alphabetical
18 assignment.

19 "137.067. Notwithstanding any provision of law to the contrary, any ballot measure seeking
20 approval to add, change, or modify a tax on real property shall express the effect of the proposed
21 change within the ballot language in terms of the change in real dollars owed per one hundred
22 thousand dollars of a property's market valuation.

23 137.073. 1. As used in this section, the following terms mean:

24 (1) "General reassessment", changes in value, entered in the assessor's books, of a
25 substantial portion of the parcels of real property within a county resulting wholly or partly from
26 reappraisal of value or other actions of the assessor or county equalization body or ordered by the
27 state tax commission or any court;

28 (2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each
29 purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax
30 rate authorized by election, including bond interest and sinking fund;

Action Taken _____ Date _____

1 (3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the
2 provisions of this section or when a court has determined the tax rate; except that, other provisions
3 of law to the contrary notwithstanding, a school district may levy the operating levy for school
4 purposes required for the current year pursuant to subsection 2 of section 163.021, less all
5 adjustments required pursuant to Article X, Section 22 of the Missouri Constitution, if such tax rate
6 does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum
7 tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political
8 subdivision as provided in this section;

9 (4) "Tax revenue", when referring to the previous year, means the actual receipts from ad
10 valorem levies on all classes of property, including state-assessed property, in the immediately
11 preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected
12 in the fiscal year and plus an additional allowance for the revenue which would have been collected
13 from property which was annexed by such political subdivision but which was not previously used
14 in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any
15 receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these
16 terms are defined in section 386.020, which were assessed by the assessor of a county or city in the
17 previous year but are assessed by the state tax commission in the current year. All school districts
18 and those counties levying sales taxes pursuant to chapter 67 shall include in the calculation of tax
19 revenue an amount equivalent to that by which they reduced property tax levies as a result of sales
20 tax pursuant to section 67.505 and section 164.013 or as excess home dock city or county fees as
21 provided in ~~subsection 4 of~~ section 313.820 in the immediately preceding fiscal year but not
22 including any amount calculated to adjust for prior years. For purposes of political subdivisions
23 which were authorized to levy a tax in the prior year but which did not levy such tax or levied a
24 reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by
25 law, shall mean the revenues equal to the amount that would have been available if the voluntary
26 rate reduction had not been made.

27 2. Whenever changes in assessed valuation are entered in the assessor's books for any
28 personal property, in the aggregate, or for any subclass of real property as such subclasses are
29 established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016,
30 the county clerk in all counties and the assessor of St. Louis City shall notify each political
31 subdivision wholly or partially within the county or St. Louis City of the change in valuation of each
32 subclass of real property, individually, and personal property, in the aggregate, exclusive of new
33 construction and improvements. All political subdivisions shall immediately revise the applicable
34 rates of levy for each purpose for each subclass of real property, individually, and personal property,
35 in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable
36 property, exclusive of new construction and improvements, substantially the same amount of tax
37 revenue as was produced in the previous year for each subclass of real property, individually, and
38 personal property, in the aggregate, except that the rate shall not exceed the greater of the most
39 recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2)

1 of subsection 5 of this section. Any political subdivision that has received approval from voters for
2 a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax
3 revenue as the amount of revenue that would have been derived by applying the voter-approved
4 increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently
5 certified by the city or county clerk on or before the date of the election in which such increase is
6 approved, increased by the percentage increase in the consumer price index, as provided by law,
7 except that the rate shall not exceed the greater of the most recent voter-approved rate or the most
8 recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Such
9 tax revenue shall not include any receipts from ad valorem levies on any real property which was
10 assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a
11 county or city in the current year in a different subclass of real property. Where the taxing authority
12 is a school district for the purposes of revising the applicable rates of levy for each subclass of real
13 property, the tax revenues from state-assessed railroad and utility property shall be apportioned and
14 attributed to each subclass of real property based on the percentage of the total assessed valuation of
15 the county that each subclass of real property represents in the current taxable year. As provided in
16 Section 22 of Article X of the constitution, a political subdivision may also revise each levy to allow
17 for inflationary assessment growth occurring within the political subdivision. The inflationary
18 growth factor for any such subclass of real property or personal property shall be limited to the
19 actual assessment growth in such subclass or class, exclusive of new construction and
20 improvements, and exclusive of the assessed value on any real property which was assessed by the
21 assessor of a county or city in the current year in a different subclass of real property, but not to
22 exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a
23 political subdivision from the various tax rates determined in this subsection be different than the
24 tax revenue that would have been determined from a single tax rate as calculated pursuant to the
25 method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall
26 revise the tax rates of those subclasses of real property, individually, and/or personal property, in the
27 aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such
28 revision shall yield an amount equal to such difference and shall be apportioned among such
29 subclasses of real property, individually, and/or personal property, in the aggregate, based on the
30 relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction.
31 Such revision in the tax rates of each class or subclass shall be made by computing the percentage of
32 current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the
33 total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction,
34 multiplying the resulting percentages by the revenue difference between the single rate calculation
35 and the calculations pursuant to this subsection and dividing by the respective adjusted current year
36 assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon
37 each class or subclass of property. The adjustment computed herein shall be multiplied by one
38 hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial
39 rate computed for each class or subclass of property. For school districts that levy separate tax rates

1 on each subclass of real property and personal property in the aggregate, if voters approved a ballot
2 before January 1, 2011, that presented separate stated tax rates to be applied to the different
3 subclasses of real property and personal property in the aggregate, or increases the separate rates
4 that may be levied on the different subclasses of real property and personal property in the aggregate
5 by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a
6 blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section.
7 Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for
8 personal property shall cause such levy to increase over the levy for personal property from the prior
9 year.

10 3. (1) Where the taxing authority is a school district, it shall be required to revise the rates
11 of levy to the extent necessary to produce from all taxable property, including state-assessed railroad
12 and utility property, which shall be separately estimated in addition to other data required in
13 complying with section 164.011, substantially the amount of tax revenue permitted in this section.
14 In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's
15 reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the
16 event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the
17 estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that
18 the estimates used result in receipt of excess revenues, which would have required a lower rate if the
19 actual information had been known, the school district shall reduce the tax rate ceiling in the
20 following year to compensate for the excess receipts, and the recalculated rate shall become the tax
21 rate ceiling for purposes of this section.

22 (2) For any political subdivision which experiences a reduction in the amount of assessed
23 valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to
24 sections 138.430 to 138.433, or due to clerical errors or corrections in the calculation or recordation
25 of any assessed valuation:

26 (a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes
27 to compensate for the reduction in assessed value occurring after the political subdivision calculated
28 the tax rate ceiling for the particular subclass of real property or for personal property, in the
29 aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the
30 next calculation of the tax rate for the particular subclass of real property or for personal property, in
31 the aggregate, after the reduction in assessed valuation has been determined and shall be calculated
32 in a manner that results in the revised tax rate ceiling being the same as it would have been had the
33 corrected or finalized assessment been available at the time of the prior calculation;

34 (b) In addition, for up to three years following the determination of the reduction in assessed
35 valuation as a result of circumstances defined in this subdivision, such political subdivision may
36 levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in
37 paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected
38 or finalized assessment been available at the time of the prior calculation.

1 4. (1) In order to implement the provisions of this section and Section 22 of Article X of the
2 Constitution of Missouri, the term improvements shall apply to both real and personal property. In
3 order to determine the value of new construction and improvements, each county assessor shall
4 maintain a record of real property valuations in such a manner as to identify each year the increase
5 in valuation for each political subdivision in the county as a result of new construction and
6 improvements. The value of new construction and improvements shall include the additional
7 assessed value of all improvements or additions to real property which were begun after and were
8 not part of the prior year's assessment, except that the additional assessed value of all improvements
9 or additions to real property which had been totally or partially exempt from ad valorem taxes
10 pursuant to sections 99.800 to 99.865, sections 135.200 to 135.255, and section 353.110 shall be
11 included in the value of new construction and improvements when the property becomes totally or
12 partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in
13 valuation of personal property for the current year over that of the previous year is the equivalent of
14 the new construction and improvements factor for personal property. Notwithstanding any opt-out
15 implemented pursuant to subsection 14 of section 137.115, the assessor shall certify the amount of
16 new construction and improvements and the amount of assessed value on any real property which
17 was assessed by the assessor of a county or city in such previous year but is assessed by the assessor
18 of a county or city in the current year in a different subclass of real property separately for each of
19 the three subclasses of real property for each political subdivision to the county clerk in order that
20 political subdivisions shall have this information for the purpose of calculating tax rates pursuant to
21 this section and Section 22, Article X, Constitution of Missouri. In addition, the state tax
22 commission shall certify each year to each county clerk the increase in the general price level as
23 measured by the Consumer Price Index for All Urban Consumers for the United States, or its
24 successor publications, as defined and officially reported by the United States Department of Labor,
25 or its successor agency. The state tax commission shall certify the increase in such index on the
26 latest twelve-month basis available on February first of each year over the immediately preceding
27 prior twelve-month period in order that political subdivisions shall have this information available in
28 setting their tax rates according to law and Section 22 of Article X of the Constitution of Missouri.
29 For purposes of implementing the provisions of this section and Section 22 of Article X of the
30 Missouri Constitution, the term "property" means all taxable property, including state-assessed
31 property.

32 (2) Each political subdivision required to revise rates of levy pursuant to this section or
33 Section 22 of Article X of the Constitution of Missouri shall calculate each tax rate it is authorized
34 to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided
35 in this section and Section 22 of Article X of the Constitution of Missouri, separately and without
36 regard to annual tax rate reductions provided in section 67.505 and section 164.013. Each political
37 subdivision shall set each tax rate it is authorized to levy using the calculation that produces the
38 lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of
39 Section 10(c) of Article X of the Constitution of Missouri, that the provisions of such section be

1 applicable to tax rate revisions mandated pursuant to Section 22 of Article X of the Constitution of
2 Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and
3 other provisions not in conflict with Section 22 of Article X of the Constitution of Missouri. Annual
4 tax rate reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as
5 established pursuant to this section and Section 22 of Article X of the Constitution of Missouri,
6 unless otherwise provided by law.

7 5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section
8 shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall
9 be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more
10 than a simple majority pursuant to any provision of law or the constitution, the tax rate increase
11 must receive approval by at least the majority required.

12 (2) When voters approve an increase in the tax rate, the amount of the increase shall be
13 added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not
14 exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for
15 approval rather than describing the amount of increase in the question, the stated tax rate approved
16 shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling.
17 The increased tax rate ceiling as approved shall be adjusted such that when applied to the current
18 total assessed valuation of the political subdivision, excluding new construction and improvements
19 since the date of the election approving such increase, the revenue derived from the adjusted tax rate
20 ceiling is equal to the sum of: the amount of revenue which would have been derived by applying
21 the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision,
22 as most recently certified by the city or county clerk on or before the date of the election in which
23 such increase is approved, increased by the percentage increase in the consumer price index, as
24 provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the
25 political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax
26 rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed
27 in this section to yield the sum of: the amount of revenue that would be derived by applying such
28 voter-approved increased rate to the total assessed valuation, as most recently certified by the city or
29 county clerk on or before the date of the election in which such increase was approved, increased by
30 the percentage increase in the consumer price index, as provided by law, from the date of the
31 election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

32 (3) The provisions of subdivision (2) of this subsection notwithstanding, if prior to the
33 expiration of a temporary levy increase, voters approve a subsequent levy increase, the new tax rate
34 ceiling shall remain in effect only until such time as the temporary levy expires under the terms
35 originally approved by a vote of the people, at which time the tax rate ceiling shall be decreased by
36 the amount of the temporary levy increase. If, prior to the expiration of a temporary levy increase,
37 voters of a political subdivision are asked to approve an additional, permanent increase to the
38 political subdivision's tax rate ceiling, voters shall be submitted ballot language that clearly indicates
39 that if the permanent levy increase is approved, the temporary levy shall be made permanent.

1 (4) The governing body of any political subdivision may levy a tax rate lower than its tax
 2 rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not
 3 exceeding the tax rate ceiling without voter approval in the manner provided under subdivision [(4)]
 4 (5) of this subsection. Nothing in this section shall be construed as prohibiting a political
 5 subdivision from voluntarily levying a tax rate lower than that which is required under the
 6 provisions of this section or from seeking voter approval of a reduction to such political
 7 subdivision's tax rate ceiling.

8 [(4)] (5) In a year of general reassessment, a governing body whose tax rate is lower than its
 9 tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if
 10 its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing
 11 body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a
 12 public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior
 13 to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any
 14 political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction
 15 required by law resulting from sales tax collections. The provisions of this subdivision shall not
 16 apply to any political subdivision which has received voter approval for an increase to its tax rate
 17 ceiling subsequent to setting its most recent tax rate.

18 (6) (a) As used in this subdivision, the following terms mean:

19 a. "Current tax rate ceiling", the tax rate ceiling in effect before the voters approved a higher
 20 tax rate in a 2023 election;

21 b. "Increased tax rate ceiling", the new tax rate ceiling in effect after the voters approved a
 22 higher tax rate in a 2023 election.

23 (b) Notwithstanding any other provision of law to the contrary, for the general reassessment
 24 performed in 2023, when the required majority of voters in a school district serving a census-
 25 designated place with more than twenty-seven thousand but fewer than thirty thousand inhabitants
 26 and located in a county with more than one million inhabitants passes an increase in the school
 27 district's tax rate, the school district shall use the current tax rate ceiling and the increase approved
 28 by the voters in establishing the rates of levy for the tax year immediately following the election.

29 (c) If the assessed valuation of real property in such school district is reduced in such tax
 30 year immediately following the election, such school district may raise its rates of levy so that the
 31 revenue received from its local real property tax rates equals the amount the school district would
 32 have received from the increased rates of levy had there been no reduction in the assessed valuation
 33 of real property in the school district.

34 (d) Using the increased tax rate ceiling shall be revenue neutral as required in Article X,
 35 Section 22 of the Constitution of Missouri.

36 6. (1) For the purposes of calculating state aid for public schools pursuant to section
 37 163.031, each taxing authority which is a school district shall determine its proposed tax rate as a
 38 blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first
 39 determining the total tax revenue of the property within the jurisdiction of the taxing authority,

1 which amount shall be equal to the sum of the products of multiplying the assessed valuation of
2 each class and subclass of property by the corresponding tax rate for such class or subclass, then
3 dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then
4 multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school
5 district, such blended rate shall also be used by such school district for calculating revenue from
6 state-assessed railroad and utility property as defined in chapter 151 and for apportioning the tax
7 rate by purpose.

8 (2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the
9 county commission in the county or counties where the tax rate applies of its tax rate ceiling and its
10 proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the
11 nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-
12 hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round
13 up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-
14 hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a
15 fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent.
16 Any taxing authority levying a property tax rate shall provide data, in such form as shall be
17 prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All
18 forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not
19 be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the
20 calculation of rates pursuant to this section which do not currently exist in rule form or that have
21 been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for
22 debt service shall provide data, in such form as shall be prescribed by the state auditor by rule,
23 substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for
24 annual debt service requirements will be prima facie valid if, after making the payment for which
25 the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following
26 year's payments. The county clerk shall keep on file and available for public inspection all such
27 information for a period of three years. The clerk shall, within three days of receipt, forward a copy
28 of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data
29 to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such
30 information and return to the county clerk his or her findings as to compliance of the tax rate ceiling
31 with this section and as to compliance of any proposed tax rate for debt service with Missouri law.
32 If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri
33 law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may
34 request a taxing authority to submit documentation supporting such taxing authority's proposed tax
35 rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing
36 authority and shall file a copy of the findings with the information received from the taxing
37 authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk
38 of the state auditor's findings and any request for supporting documentation to accept or reject in
39 writing the rate change certified by the state auditor and to submit all requested information to the

1 state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted
2 to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate
3 change certified by the state auditor and the state auditor does not receive supporting information
4 which justifies the taxing authority's original or any subsequent proposed tax rate, then the state
5 auditor shall refer the perceived violations of such taxing authority to the attorney general's office
6 and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from
7 levying a violative tax rate.

8 (3) In the event that the taxing authority incorrectly completes the forms created and
9 promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing authority
10 may submit amended forms with an explanation for the needed changes. If such amended forms are
11 filed under regulations prescribed by the state auditor, the state auditor shall take into consideration
12 such amended forms for the purposes of this subsection.

13 7. No tax rate shall be extended on the tax rolls by the county clerk unless the political
14 subdivision has complied with the foregoing provisions of this section.

15 8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with
16 the provisions of this section, the taxpayer may make a formal complaint with the prosecuting
17 attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the
18 filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an
19 action as representative of a class of all taxpayers within a taxing authority if the class is so
20 numerous that joinder of all members is impracticable, if there are questions of law or fact common
21 to the class, if the claims or defenses of the representative parties are typical of the claims or
22 defenses of the class, and if the representative parties will fairly and adequately protect the interests
23 of the class. In any class action maintained pursuant to this section, the court may direct to the
24 members of the class a notice to be published at least once each week for four consecutive weeks in
25 a newspaper of general circulation published in the county where the civil action is commenced and
26 in other counties within the jurisdiction of a taxing authority. The notice shall advise each member
27 that the court will exclude him or her from the class if he or she so requests by a specified date, that
28 the judgment, whether favorable or not, will include all members who do not request exclusion, and
29 that any member who does not request exclusion may, if he or she desires, enter an appearance. In
30 any class action brought pursuant to this section, the court, in addition to the relief requested, shall
31 assess against the taxing authority found to be in violation of this section the reasonable costs of
32 bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be
33 awarded any attorney or association of attorneys who receive public funds from any source for their
34 services. Any action brought pursuant to this section shall be set for hearing as soon as practicable
35 after the cause is at issue.

36 9. If in any action, including a class action, the court issues an order requiring a taxing
37 authority to revise the tax rates as provided in this section or enjoins a taxing authority from the
38 collection of a tax because of its failure to revise the rate of levy as provided in this section, any
39 taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her

1 taxes in part, whether or not the taxes are paid under protest as provided in section 139.031 or
2 otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced
3 by the original levy and the amount produced by the revised levy. The township or county collector
4 of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The
5 taxing authority refusing to revise the rate of levy as provided in this section shall make available to
6 the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall
7 receive any interest on any money erroneously paid by him or her pursuant to this subsection.
8 Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority
9 to refund any tax erroneously paid prior to or during the third tax year preceding the current tax
10 year.

11 10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created
12 under the authority delegated in this section shall become effective only if it complies with and is
13 subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and
14 chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to
15 chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently
16 held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after
17 August 28, 2004, shall be invalid and void."; and

18
