FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Elementary and Secondary Education** and the **Office of Administration - Budget and Planning** each assume the proposal will have no fiscal impact on their respective organizations.

Officials from the **Mississippi County Recorder’s Office** assume the proposal will have no fiscal impact on their organization.

Oversight notes the proposal removes the annual reporting requirement for home schooled children. Oversight is uncertain how many recorders of deeds charge a service cost for notices filed but assumes this proposal could reduce the number of notices filed. Therefore, Oversight will reflect a \$0 (no fee charged for noticed filed) to an unknown loss to county recorders.

FISCAL DESCRIPTION

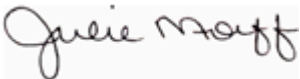

Currently, parents or guardians of a home school child may provide a declaration of enrollment stating said parent or guardian's intent to home school within 30 days of the establishment of the home school and annually thereafter.

This bill removes the annual reporting requirement for such home schooled children.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
