FISCAL ANALYSIS

ASSUMPTION

67.3000- Tax Credit for Sporting Events - Tickets

Officials from the **Department of Revenue (DOR)** note:

This section is modifying the Sporting Events tax credit program that awards tax credits based on tickets sold to an event. The current program awards a credit of \$5 per ticket sold or \$10 per registered participant. The credit is refundable and administered by the Department of Economic Development (DED). No more than \$2.7 million of the current \$3 million cap is available for events held in St. Louis or Kansas City.

For informational purposes, DOR is providing the authorizations, issuances and redemptions since it was created in 2013.

| Year | Authorized | Issued | Total Redeemed |
|---------------|-------------------|----------------|-----------------------|
| FY 2023 | \$446,618.79 | \$369,986.65 | \$1,011,839.85 |
| FY 2022 | \$886,980.00 | \$1,599,747.12 | \$886,432.00 |
| FY 2021 | \$7,799,425.00 | \$404,970.00 | \$128,770.00 |
| FY 2020 | \$1,185,000.00 | \$1,132,640.00 | \$1,391,995.00 |
| FY 2019 | \$1,265,000.00 | \$293,810.00 | \$1,420,500.00 |
| FY 2018 | \$1,335,000.00 | \$1,584,090.00 | \$1,276,180.00 |
| FY 2017 | \$5,296,200.00 | \$2,175,700.00 | \$1,316,815.00 |

| FY 2014 | \$0.00 | \$0.00 | \$0.00 |
| FY 2013 | \$0.00 | \$0.00 | \$0.00 |
| FY 2012 | \$0.00 | \$0.00 | \$0.00 |
| TOTALS | \$19,885,731.79 | \$8,154,478.77 | \$8,035,865.15 |

This proposal is increasing the amount of the credit from \$5 per ticket sold to \$6 per ticket sold. It is also increasing the credit from \$10 for every person registered to \$12 per person. This proposal is also increasing the cap on the program from \$3 million to \$6 million and increasing the amount that Kansas City and St. Louis can receive from \$2.7 million of the cap to \$5.5 million of the cap. The increase in the cap to \$6 million will result in an additional loss to general revenue of \$3 million annually.

Currently, this tax credit is a refundable credit. Applicants for the credit must submit an application with DED to be approved for the credits. This proposal adds language requiring DOR to issue those refunds within 90 days of the applicant’s submission of a valid tax credit

certificate. This proposal implies that an applicant for the tax credit will not have to file a tax return but just submit their tax certificate and DOR should refund the credit.

Officials from the **Office of Administration – Budget & Planning (B&P)** note:

Section 67.3000 - This is a current program that is due to sunset on August 28, 2025 has a cap of \$3,000,000. This proposal will increase the cap to \$6,000,000, so the TSR impact is a negative \$3M. This proposal states that a refundable tax credit is issued to the applicant for either \$6 for every admission ticket sold to such event or \$12 for every registered participant if such event was participated-based. The current program is the least of: One hundred percent of eligible costs incurred by the applicant; an amount equal to \$5 for every admission ticket sold to such event; or an amount equal to \$10 for every paid participant registration if such event was participant-based and did not sell admission tickets. Removing the cost reimbursement for the ticket sales credit may change the current utilization rates of the program.

Officials from the **Department of Economic Development (DED)** note:

This is a current program that is due to sunset on August 28, 2025 has a cap of \$3,000,000. This fiscal note will increase the cap to \$6,000,000, which means the overall TSR impact is a negative \$3M. This fiscal note states that the issued a refundable tax credit to the applicant for either \$6 for every admission ticket sold to such event or \$12 for every registered participant if such event was participated-based. The current program is the least of: One hundred percent of eligible costs incurred by the applicant; an amount equal to \$5 for every admission ticket sold to such event; or an amount equal to \$10 for every paid participant registration if such event was participant-based and did not sell admission tickets.

Oversight notes due to the high authorization in the tax credits, under this Section in FY 2017 and 2021, and anticipation of various Missouri sporting events in the future (i.e. Kansas City Chiefs repeated Super Bowl appearances, Kansas City hosting the Soccer World Cup in 2026, etc.) it is reasonable to expect tax credit issuances up to the maximum cap of \$6 million annually.

Oversight notes the proposal, subsection 5 of section 67.3000 allows for increase to the current cap of \$3 million to up to \$6 million annually beginning effective August 28, 2024 (FY 2025). Therefore, Oversight will note an impact of up to \$3 million dollars in additional tax credits, beginning FY 2025, in the fiscal note.

Oversight notes that the average redemption costs from 2019 to 2023 was \$967,907.

Oversight notes that this section sunsets in FY 2026; however, subsection 67.3005.5 allows the program to continue for another 6 years after August 28, 2025. Therefore, for purpose of this fiscal note, **Oversight** will show the average redemption totals from 2019 to 2023 as a continuance cost of this program in addition to the \$3 million maximum cap, as an ongoing cost in FY 2027 and thereafter.

Oversight notes, for informational purpose, there is a potential the various events across Missouri will be able to receive up to the maximum of \$6 million annually.

Section 67.3005 - Sporting Event Prepay Tax Credit Program

DOR notes this section modifies the provision of the Amateur Sporting Events Prepay tax credit program. The Prepay tax credit program gives a tax credit to donors who help sponsor these types of events. The current credit is equal to 50% of the donation collected. The current program does not allow this credit to be refunded and it has a \$10 million annual cap.

For informational purposes, DOR is providing the issuances and redemptions since the program was created in 2013.

| Year | Authorized | Issued | Total Redeemed |
|---------------|-------------------|---------------|-----------------------|
| FY 2023 | \$31,060.00 | \$0.00 | \$15,000 |
| FY 2022 | \$21,700.00 | \$0.00 | \$22,500 |
| FY 2021 | \$25,000.00 | \$50,000.00 | \$27,500 |
| FY 2020 | \$25,000.00 | \$0.00 | \$22,500 |
| FY 2019 | \$28,549.22 | \$28,549.22 | \$18,549 |
| FY 2018 | \$22,500.00 | \$22,500.00 | \$20,000 |
| FY 2017 | \$18,750.00 | \$39,250.00 | \$12,500 |
| FY 2016 | \$23,000.00 | \$39,250.00 | \$0 |
| FY 2015 | \$14,000.00 | \$14,000.00 | \$0 |
| FY 2014 | \$0.00 | \$0.00 | \$0 |
| FY 2013 | \$0.00 | \$0.00 | \$0 |
| FY 2012 | \$0.00 | \$0.00 | \$0 |
| TOTALS | \$209,559.22 | \$193,549.22 | \$138,549 |

This proposal lowers the cap on the program from \$10 million to \$5 million annually. It also extends the sunset date on the program from 2019 to six years after 2025. This credit is expected to result in a savings to the state and general revenue of \$5 million annually.

This proposal will result in DOR needing to modify the DOR MO-TC form, computer programs and website. These changes are estimated to cost \$8,923. DOR can handle the modifications of this program with existing staff.

Oversight notes the officials from DOR assume that DOR can handle the modifications of this program with existing staff and resources. Therefore, **Oversight** will reflect a zero impact in the fiscal note for DOR.

Oversight notes the proposal, subsection 3 of section 67.3005, allows for a decrease in the current cap of \$10 million to up to no more than \$5 million annually beginning August 28, 2024 (FY 2025).

Oversight notes in recent years the data shows that on average there was \$26,262 in Authorizations, \$15,710 in Issuances, and \$21,210 in Redemptions respectively. Therefore, Oversight will not reflect any potential savings, as the current data trends show it will not reach the estimated \$5 million amount.

Oversight notes, for information purpose, that under this Section the certified sponsor or local organizing committee applying for the tax credit will be able to receive up to the maximum amount of tax credits of \$5 million in FY 2027 and annually thereafter.

Oversight notes that this section sunsets in FY 2026; however, this proposal allows the program to continue for 6 years after August 28, 2025. Therefore, **Oversight**, for purpose of this fiscal note, will reflect the average redemption totals from 2019 to 2023 in the amount of \$21,210, as a continuance cost of this program in FY 2027 and annually thereafter.

Officials from the **Oversight Division** state they are responsible for providing a Sunset Report pursuant to Section 23.253 RSMo; however, Oversight will be able to absorb the cost with the current budget authority.

Bills as whole:

Officials from the **Office of Administration – Budget & Planning (B&P)** stat this legislation will extend 67.3000 RSMo that is due to sunset in August 28, 2025. The current cap is \$3,000,000 and this fiscal note increases the cap to \$6,000,000. Additionally, this legislation decreases the current cap in 67.3005 RSMo from \$10,000,000 to \$5,000,000. The overall effect is a savings of \$2,000,000 to TSR.

Officials from the **Department of Economic Development (DED)** state this legislation will extend 67.3000 RSMo that is due to sunset in August 28, 2025. The current cap is \$3,000,000 and this fiscal note increases the cap to \$6,000,000. Additionally, this legislation decreases the current cap in 67.3005 RSMo from \$10,000,000 to \$5,000,000. The overall effect is a savings of \$2,000,000 to TSR.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain

amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

FISCAL IMPACT – Small Business

A direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This bill provides a tax credit to nonprofit organizations, described as "certified sponsors," that are active members of the Sports Events and Tourism Association.

Such certified sponsor shall supply the Department of Economic Development (DED) with a ticket sales or box office statement verifying the total number of tickets sold for a qualifying sporting event, or, if such event was participant based, a list of all registered participants, no more than 90 days after the sporting event.

After DED receives documentation of the ticket sales or registered participants, it shall issue refundable tax credits in the following manner:

- 1) An amount equal to \$6 for every admissions ticket; or
- 2) An amount equal to \$12 for every registered participant.

The Department of Revenue shall pay the amount of the refundable tax credit to the applicant within 90 days of the applicant's submission of a valid tax credit certificate.

The amount of tax credits issued by the DED shall not exceed \$6 million in any fiscal year. For all events located within the following counties, the total amount of tax credits issued shall not exceed \$5.5 million in any fiscal year:

This program shall automatically sunset six years after August 28, 2025.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
