## FISCAL ANALYSIS

### ASSUMPTION

#### §210.497 - Provisions allowing certain facilities or organizations to register with a qualified association

Officials from the **Office of Attorney General (AGO)** assume any potential litigation costs arising from this proposal can be absorbed with existing resources. However, the AGO may seek additional appropriations if the proposal results in a significant increase in litigation or investigation.

**Oversight** does not have any information to the contrary. Therefore, Oversight assumes the AGO will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the AGO for fiscal note purposes.

Officials from the **Office of the Governor** state this bill adds to the Governor's current load of appointment duties. Individually, additional requirements should not fiscally impact the Office of the Governor. However, the cumulative impact of additional appointment duties across all enacted legislation may require additional resources for the Office of the Governor.

**Oversight** does not have any information to the contrary. Therefore, Oversight assumes the Office of the Governor will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the Office of the Governor for fiscal note purposes.

Officials from the **Department of Elementary and Secondary Education, the Department of Health and Senior Services, the Department of Public Safety, Division of Fire Safety and Missouri Highway Patrol, the Department of Social Services, the Missouri Office of Prosecution Services, the Missouri Senate, the Office of Administration, the Office of the State Courts Administrator and the Newton County Health Department**, each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

**Oversight** only reflects the responses received from state agencies and political subdivisions; however, other local public health agencies and fire protection districts were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.
