FISCAL ANALYSIS

ASSUMPTION

Section 334.104.13 – Advance Practice Registered Nurses

Officials from the **Department of Health and Senior Services (DHSS)** state this proposal allows advanced practice registered nurses who have been in a collaborative practice arrangement for a cumulative 2,000-documented hours with a collaborating physician and whose license is in good standing to be exempt from entering into or remaining in a collaborative arrangement in order to practice in the state.

Currently, when an advanced practice registered nurse applies for certification through the Bureau of Narcotics and Dangerous Drugs (BNDD), they are required to submit the name and license number of their collaborating physician. The system will not issue without that data completed. BNDD will need to have ITSD amend the current database to allow nurse practitioners to be “exempted” and not be required to complete that information. The estimated cost is \$28,350.

IT Consultants – one-time costs in FY 2028

- Requirements Gathering = 25 hours at a rate of \$105 = \$2,625
- Analysis = 20 hours at a rate of \$105 = \$2,100
- Design = 40 hours at a rate of \$105 = \$4,200
- Development = 125 hours at a rate of \$105 = \$13,125
- Test = 20 hours at a rate of \$105 = \$2,100
- Implementation = 20 hours at a rate of \$105 = \$2,100
- Project Management = 20 hours at a rate of \$105 = \$2,100
- On-going Support = None required
- Section Total IT Consultants = 270 hours at a rate of \$105 = \$28,350

Total General Revenue Expenditures **\$28,350**

Oversight does not have any information to the contrary. Therefore, Oversight will reflect the estimated ITSD provided by DHSS to the General Revenue Fund in the fiscal note.

Officials from the **Department of Commerce and Insurance** assume the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note.

Certain small medical businesses could be impacted by this proposal.

FISCAL DESCRIPTION

This proposal allows advanced practice registered nurses who have been in a collaborative practice arrangement for a cumulative 2,000-documented hours with a collaborating physician and whose license is in good standing to be exempt from entering into or remaining in a collaborative arrangement in order to practice in the state.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
