FISCAL ANALYSIS

ASSUMPTION

§67.5122 - Uniform Small Wireless Facility Deployment Act

Officials from the **City of Kansas City** assume a negative fiscal impact of an indeterminate amount for this proposal.

Oversight assumes this proposal removes the expiration date (January 1, 2025) of the act and allows the continuation of §§67.5110 to 67.5121 which is intended to encourage and streamline the deployment of small wireless facilities. Oversight will reflect a potential negative unknown fiscal impact to local political subdivisions for this proposal based on the response from the City of Kansas City.

Officials from the **Department of Commerce and Insurance**, the **Department of Natural Resources**, the **Missouri Department of Transportation** and the **City of Osceola** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other cities and counties were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.
