FISCAL ANALYSIS

ASSUMPTION

Officials from the **State Tax Commission (STC)** have determined that this bill requires blighted property and property used for industrial development projects that are totally or partially exempt from property taxes be reported to the State Tax Commission for inclusion in its annual report. This bill could have a negative impact on the commission and the counties for the cost to upgrade the computer programs used to capture this data.

Officials from the **Office of Administration - Budget and Planning** assume the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

Oversight notes the STC did not provide a cost estimate from the Office of Administration – Information Technology. Oversight assumes the impact to upgrade computers programs would be a one-time cost and assumes this cost would not be material. Therefore, Oversight will reflect a zero impact in the fiscal note.

Oversight has presented this fiscal note on the best current information available. Upon the receipt of additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note.
