30 **assessments created under this subsection shall be used only for the purpose of**  
31 **compliance with the requirements of such federal law and for no other purpose.**

32 **(d) As permitted by federal law and applicable waivers, the state board of**  
33 **education shall ensure that standardized assessments are administered to the minimum**

45 to the contrary notwithstanding, the commissioner of education may, upon request of the  
46 school district, present a plan for the waiver of rules and regulations to any such school, to be  
47 known as "Outstanding Schools Waivers", consistent with the provisions of subsection 4 of  
48 this section.

49       4. For any school that meets the criteria established by the state board of education for  
50 three successive school years pursuant to the provisions of subsection 3 of this section, by  
51 August first following the third such school year, the commissioner of education shall present  
52 a plan to the superintendent of the school district in which such school is located for the  
53 waiver of rules and regulations to promote flexibility in the operations of the school and to  
54 enhance and encourage efficiency in the delivery of instructional services. The provisions of  
55 other law to the contrary notwithstanding, the plan presented to the superintendent shall

57 section 160.257, in the school. Further, the provisions of other law to the contrary  
58 notwithstanding, the plan shall detail a means for the waiver of requirements otherwise

85 **feedback that can be used for academic improvement;**

95 **indicators aligned to core areas of school quality and function and appropriate measures**  
96 **for each indicator.**

97           **(5) Local assessments and school quality indicators may be submitted to the**  
98 **department for review and comment. The department shall, by rule, establish a process**  
99 **for such review and comment. The department may support local development of**  
100 **curriculum-embedded assessments by developing model units with embedded**  
101 **assessments, which school districts and charter schools may adopt or adapt to**  
102 **develop their own assessments. The department may also identify and catalog high-**  
103 **quality curricula that include embedded assessments.**

104           **(6) Any local assessment or assessment system or local school quality indicator**  
105 **submitted to the department may be used by any school district or charter school and**

119 pursuant to section 162.675, shall be assessed by an alternate assessment established pursuant  
120 to this subsection upon a determination by the student's individualized education program  
121 team that such alternate assessment is more appropriate to assess the student's knowledge,
