### AN ACT

To repeal sections 287.120, 287.230, 287.240, and 537.610, RSMo, and to enact in lieu thereof four new sections relating to liability of employers.

---

---

*Be it enacted by the General Assembly of the state of Missouri, as follows:*

Section A. Sections 287.120, 287.230, 287.240, and 537.610, RSMo, are repealed  
2 and four new sections enacted in lieu thereof, to be known as sections 287.120, 287.230,  
3 287.240, and 537.610, to read as follows:

287.120. 1. Every employer subject to the provisions of this chapter shall be liable,  
2 irrespective of negligence, to furnish compensation under the provisions of this chapter for  
3 personal injury or death of the employee by accident or occupational disease arising out of  
4 and in the course of the employee's employment. Any employee of such employer shall not  
5 be liable for any injury or death for which compensation is recoverable under this chapter and  
6 every employer and employees of such employer shall be released from all other liability  
7 whatsoever, whether to the employee or any other person, except that an employee shall not  
8 be released from liability for injury or death if the employee engaged in an affirmative  
9 negligent act that purposefully and dangerously caused or increased the risk of injury. The  
10 term "accident" as used in this section shall include, but not be limited to, injury or death of  
11 the employee caused by the unprovoked violence or assault against the employee by any  
12 person.

13 2. The rights and remedies herein granted to an employee shall exclude all other  
14 rights and remedies of the employee, the employee's spouse, parents, personal  
15 representatives, dependents, heirs or next kin, at common law or otherwise, on account of

EXPLANATION — Matter enclosed in bold-faced brackets **[thus]** in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

16 such injury or death by accident or occupational disease, except such rights and remedies as  
17 are not provided for by this chapter.

18 3. No compensation shall be allowed under this chapter for the injury or death due to  
19 the employee's intentional self-inflicted injury, but the burden of proof of intentional self-  
20 inflicted injury shall be on the employer or the person contesting the claim for allowance.

21 4. Where the injury **or death** is caused by the failure of the employer to comply with  
22 any **safety standard issued by the employer or the occupational safety and health**  
23 **administration, regulation, or** statute in this state or any lawful order of the division or the  
24 commission, the compensation and death benefit provided for under this chapter shall be  
25 increased [~~fifteen~~] **at least twenty-five but not more than fifty** percent.

26 5. Where the injury is caused by the failure of the employee to use safety devices  
27 where provided by the employer, or from the employee's failure to obey any reasonable rule  
28 adopted by the employer for the safety of employees, the compensation and death benefit  
29 provided for herein shall be reduced at least twenty-five but not more than fifty percent;  
30 provided, that it is shown that the employee had actual knowledge of the rule so adopted by  
31 the employer; and provided, further, that the employer had, prior to the injury, made a  
32 reasonable effort to cause his or her employees to use the safety device or devices and to obey  
33 or follow the rule so adopted for the safety of the employees.

34 6. (1) Where the employee fails to obey any rule or policy adopted by the employer  
35 relating to a drug-free workplace or the use of alcohol or nonprescribed controlled drugs in  
36 the workplace, the compensation and death benefit provided for herein shall be reduced fifty  
37 percent if the injury was sustained in conjunction with the use of alcohol or nonprescribed  
38 controlled drugs.

39 (2) If, however, the use of alcohol or nonprescribed controlled drugs in violation of  
40 the employer's rule or policy is the proximate cause of the injury, then the benefits or  
41 compensation otherwise payable under this chapter for death or disability shall be forfeited.

42 (3) The voluntary use of alcohol to the percentage of blood alcohol sufficient under  
43 Missouri law to constitute legal intoxication shall give rise to a rebuttable presumption that  
44 the voluntary use of alcohol under such circumstances was the proximate cause of the injury.  
45 A preponderance of the evidence standard shall apply to rebut such presumption. An  
46 employee's refusal to take a test for alcohol or a nonprescribed controlled substance, as  
47 defined by section 195.010, at the request of the employer shall result in the forfeiture of  
48 benefits under this chapter if the employer had sufficient cause to suspect use of alcohol or a  
49 nonprescribed controlled substance by the claimant or if the employer's policy clearly  
50 authorizes post-injury testing.

51 (4) Any positive test result for a nonprescribed controlled drug or the metabolites of  
52 such drug from an employee shall give rise to a rebuttable presumption, which may be

53 rebutted by a preponderance of evidence, that the tested nonprescribed controlled drug was in  
54 the employee's system at the time of the accident or injury and that the injury was sustained in  
55 conjunction with the use of the tested nonprescribed controlled drug if:

56 (a) The initial testing was administered within twenty-four hours of the accident or  
57 injury;

58 (b) Notice was given to the employee of the test results within fourteen calendar days  
59 of the insurer or group self-insurer receiving actual notice of the confirmatory test results;

60 (c) The employee was given an opportunity to perform a second test upon the original  
61 sample; and

62 (d) The initial or any subsequent testing that forms the basis of the presumption was  
63 confirmed by mass spectrometry using generally accepted medical or forensic testing  
64 procedures.

65 7. Where the employee's participation in a recreational activity or program is the  
66 prevailing cause of the injury, benefits or compensation otherwise payable under this chapter  
67 for death or disability shall be forfeited regardless that the employer may have promoted,  
68 sponsored or supported the recreational activity or program, expressly or impliedly, in whole  
69 or in part. The forfeiture of benefits or compensation shall not apply when:

70 (1) The employee was directly ordered by the employer to participate in such  
71 recreational activity or program;

72 (2) The employee was paid wages or travel expenses while participating in such  
73 recreational activity or program; or

74 (3) The injury from such recreational activity or program occurs on the employer's  
75 premises due to an unsafe condition and the employer had actual knowledge of the  
76 employee's participation in the recreational activity or program and of the unsafe condition of  
77 the premises and failed to either curtail the recreational activity or program or cure the unsafe  
78 condition.

79 8. Mental injury resulting from work-related stress does not arise out of and in the  
80 course of the employment, unless it is demonstrated that the stress is work related and was  
81 extraordinary and unusual. The amount of work stress shall be measured by objective  
82 standards and actual events.

83 9. A mental injury is not considered to arise out of and in the course of the  
84 employment if it resulted from any disciplinary action, work evaluation, job transfer, layoff,  
85 demotion, termination or any similar action taken in good faith by the employer.

86 10. The ability of a firefighter to receive benefits for psychological stress under  
87 section 287.067 shall not be diminished by the provisions of subsections 8 and 9 of this  
88 section.

89           **11. The provisions of subsection 2 of this section shall not apply to any cause of**  
90 **action that may be brought on behalf of an unborn child or their representative in the**  
91 **case of an injury or death which caused the death of an unborn child.**

287.230. 1. (1) The death of the injured employee shall not affect the liability of the  
2 employer to furnish compensation as in this chapter provided, so far as the liability has  
3 accrued and become payable at the time of the death, and any accrued and unpaid  
4 compensation due the employee shall be paid to his **or her** dependents without  
5 administration, or if there are no dependents, to his **or her** personal representative, **a**  
6 **family member as defined under this subsection**, or other persons entitled thereto, but the  
7 death shall be deemed to be the termination of the disability.

8           **(2) For the purposes of this subsection, the term "family member" shall include**  
9 **the adult child or children, natural, illegitimate, adopted, or posthumous, who did not**  
10 **qualify as a dependent under section 287.240 due to age or dependency; a parent of the**  
11 **deceased, natural or adoptive; a grandparent of the deceased, natural or adoptive; a**  
12 **sibling of the deceased; an adult next of kin; or the conservator of a dependent child if**  
13 **such child has no representative to bring a claim on his or her own behalf.**

14           2. Where an employee is entitled to compensation under this chapter, exclusive of  
15 compensation as provided for in section 287.200, for an injury received and death ensues for  
16 any cause not resulting from the injury for which the employee was entitled to compensation,  
17 payments of the unpaid unaccrued compensation under section 287.190 and no other  
18 compensation for the injury shall be paid to the surviving dependents at the time of death.

19           3. In applying the provisions of this chapter, it is the intent of the legislature to reject  
20 and abrogate the holding in *Schoemehl v. Treasurer of the State of Missouri*, 217 S.W.3d 900  
21 (Mo. 2007), and all cases citing, interpreting, applying, or following this case.

287.240. If the injury causes death, either with or without disability, the compensation  
2 therefor shall be as provided in this section:

3           (1) In all cases the employer shall pay direct to the persons furnishing the same the  
4 reasonable expense of the burial of the deceased employee not exceeding ~~[five]~~ **fifteen**  
5 thousand dollars. But no person shall be entitled to compensation for the burial expenses of a  
6 deceased employee unless he or she has furnished the same by authority of the widow or  
7 widower, the nearest relative of the deceased employee in the county of his or her death, his  
8 or her personal representative, or the employer, who shall have the right to give the authority  
9 in the order named. All fees and charges under this section shall be fair and reasonable~~;~~ **and**  
10 shall be subject to regulation by the division or the commission ~~[and shall be limited to such~~  
11 ~~as are fair and reasonable for similar service to persons of a like standard of living]~~. The  
12 division or the commission shall also have jurisdiction to hear and determine all disputes as to  
13 the charges. If the deceased employee leaves no dependents, the death benefit in this

14 subdivision provided shall be the limit of the liability of the employer under this chapter on  
15 account of the death, except as herein provided for burial expenses and except as provided in  
16 section 287.140; provided that in all cases when the employer admits or does not deny  
17 liability for the burial expense, it shall be paid within thirty days after written notice, that the  
18 service has been rendered, has been delivered to the employer. The notice may be sent by  
19 registered mail, return receipt requested, or may be made by personal delivery;

20 (2) The employer shall also pay to the dependents of the employee a death benefit  
21 based on the employee's average weekly earnings during the year immediately preceding the  
22 injury that results in the death of the employee, as provided in section 287.250. The amount  
23 of compensation for death, which shall be paid in installments in the same manner that  
24 compensation is required to be paid under this chapter, shall be computed as follows:

25 (a) If the injury which caused the death occurred on or after September 28, 1983, but  
26 before September 28, 1986, the weekly compensation shall be an amount equal to sixty-six  
27 and two-thirds percent of the employee's average weekly earnings during the year  
28 immediately preceding the injury; provided that the weekly compensation paid under this  
29 paragraph shall not exceed an amount equal to seventy percent of the state average weekly  
30 wage, as such wage is determined by the division of employment security, as of the July first  
31 immediately preceding the date of injury;

32 (b) If the injury which caused the death occurred on or after September 28, 1986, but  
33 before August 28, 1990, the weekly compensation shall be an amount equal to sixty-six and  
34 two-thirds percent of the employee's average weekly earnings during the year immediately  
35 preceding the injury; provided that the weekly compensation paid under this paragraph shall  
36 not exceed an amount equal to seventy-five percent of the state average weekly wage, as such  
37 wage is determined by the division of employment security, as of the July first immediately  
38 preceding the date of injury;

39 (c) If the injury which caused the death occurred on or after August 28, 1990, but  
40 before August 28, 1991, the weekly compensation shall be an amount equal to sixty-six and  
41 two-thirds percent of the injured employee's average weekly earnings as of the date of the  
42 injury; provided that the weekly compensation paid under this paragraph shall not exceed an  
43 amount equal to one hundred percent of the state average weekly wage;

44 (d) If the injury which caused the death occurred on or after August 28, 1991, the  
45 weekly compensation shall be an amount equal to sixty-six and two-thirds percent of the  
46 injured employee's average weekly earnings as of the date of the injury; provided that the  
47 weekly compensation paid under this paragraph shall not exceed an amount equal to one  
48 hundred five percent of the state average weekly wage;

49 (e) If the injury which caused the death occurred on or after September 28, 1981, the  
50 weekly compensation shall in no event be less than forty dollars per week;

51 (3) The word "dependent" as used in this chapter shall mean:

52 (a) A wife upon a husband with whom she lives or who is legally liable for her  
53 support, and a husband upon a wife with whom he lives or who is legally liable for his  
54 support; provided that on the death or remarriage of a widow or widower, the death benefit  
55 shall cease unless there be other dependents entitled to any death benefits under this chapter.  
56 In the event of remarriage, a lump sum payment equal in amount to the benefits due for a  
57 period of two years shall be paid to the widow or widower. Thereupon the periodic death  
58 benefits shall cease unless there are other dependents entitled to any death benefit under this  
59 chapter, in which event the periodic benefits to which such widow or widower would have  
60 been entitled had he or she not died or remarried shall be divided among such other  
61 dependents and paid to them during their period of entitlement under this chapter; or

62 (b) A natural, posthumous, or adopted child or children, whether legitimate or  
63 illegitimate, including any stepchild claimable by the deceased on his or her federal tax return  
64 at the time of injury, under the age of eighteen years, or over that age if physically or mentally  
65 incapacitated from wage earning, upon the parent legally liable for the support or with whom  
66 he, she, or they are living at the time of the death of the parent. In case there is a wife or a  
67 husband mentally or physically incapacitated from wage earning, dependent upon a wife or  
68 husband, and a child or more than one child thus dependent, the death benefit shall be divided  
69 among them in such proportion as may be determined by the commission after considering  
70 their ages and other facts bearing on the dependency. In all other cases questions of the  
71 degree of dependency shall be determined in accordance with the facts at the time of the  
72 injury, and in such other cases if there is more than one person wholly dependent the death  
73 benefit shall be divided equally among them. The payment of death benefits to a child or  
74 other dependent as provided in this paragraph shall cease when the dependent dies, attains the  
75 age of eighteen years, or becomes physically and mentally capable of wage earning over that  
76 age, or until twenty-two years of age if the child of the deceased is in attendance and remains  
77 as a full-time student in any accredited educational institution, or if at eighteen years of age  
78 the dependent child is a member of the Armed Forces of the United States on active duty;  
79 provided, however, that such dependent child shall be entitled to compensation during four  
80 years of full-time attendance at a fully accredited educational institution to commence prior to  
81 twenty-three years of age and immediately upon cessation of his or her active duty in the  
82 Armed Forces, unless there are other dependents entitled to the death benefit under this  
83 chapter;

84 (4) The division or the commission may, in its discretion, order or award the share of  
85 compensation of any such child to be paid to the parent, grandparent, or other adult next of  
86 kin or conservator of the child for the latter's support, maintenance and education, which  
87 order or award upon notice to the parties may be modified from time to time by the

88 commission in its discretion with respect to the person to whom shall be paid the amount of  
89 the order or award remaining unpaid at the time of the modification;

90 (5) The payments of compensation by the employer in accordance with the order or  
91 award of the division or the commission shall discharge the employer from all further  
92 obligations as to the compensation;

93 (6) All death benefits in this chapter shall be paid in installments in the same manner  
94 as provided for disability compensation;

95 (7) Every employer shall keep a record of the correct names and addresses of the  
96 dependents of each of his or her employees, and upon the death of an employee by accident  
97 arising out of and in the course of his or her employment shall so far as possible immediately  
98 furnish the division with such names and addresses;

99 (8) Dependents receiving death benefits under the provisions of this chapter shall  
100 annually report to the division as to marital status in the case of a widow or widower or age  
101 and physical or mental condition of a dependent child. The division shall provide forms for  
102 the making of such reports.

537.610. 1. The commissioner of administration, through the purchasing division,  
2 and the governing body of each political subdivision of this state, notwithstanding any other  
3 provision of law, may purchase liability insurance for tort claims, made against the state or the  
4 political subdivision, but the maximum amount of such coverage shall not exceed ~~[two]~~ **four**  
5 million dollars for all claims arising out of a single occurrence and shall not exceed ~~[three]~~  
6 **five** hundred thousand dollars for any one person in a single accident or occurrence, except  
7 for those claims governed by the provisions of the Missouri workers' compensation law,  
8 chapter 287, and no amount in excess of the above limits shall be awarded or settled upon.  
9 Sovereign immunity for the state of Missouri and its political subdivisions is waived only to  
10 the maximum amount of and only for the purposes covered by such policy of insurance  
11 purchased pursuant to the provisions of this section and in such amount and for such purposes  
12 provided in any self-insurance plan duly adopted by the governing body of any political  
13 subdivision of the state.

14 2. The liability of the state and its public entities on claims within the scope of  
15 sections 537.600 to 537.650, shall not exceed ~~[two]~~ **four** million dollars for all claims arising  
16 out of a single accident or occurrence and shall not exceed ~~[three]~~ **five** hundred thousand  
17 dollars for any one person in a single accident or occurrence, except for those claims  
18 governed by the provisions of the Missouri workers' compensation law, chapter 287.

19 3. No award for damages on any claim against a public entity within the scope of  
20 sections 537.600 to 537.650, shall include punitive or exemplary damages, **provided that**  
21 **punitive or exemplary damages may be awarded when the plaintiff shows by clear and**  
22 **convincing evidence that the public entity violated a safety standard issued by the**

23 **employer or the federal occupational safety and health administration, regulation, or**  
24 **statute of this state, or any lawful order of a court or other judicial body.**

25         4. If the amount awarded to or settled upon multiple claimants exceeds [~~two~~] **four**  
26 million dollars, any party may apply to any circuit court to apportion to each claimant his  
27 proper share of the total amount limited by subsection 1 of this section. The share  
28 apportioned each claimant shall be in the proportion that the ratio of the award or settlement  
29 made to him bears to the aggregate awards and settlements for all claims arising out of the  
30 accident or occurrence, but the share shall not exceed [~~three~~] **five** hundred thousand dollars.

31         5. The limitation on awards for liability provided for in this section shall be increased  
32 or decreased on an annual basis effective January first of each year in accordance with the  
33 Implicit Price Deflator for Personal Consumption Expenditures as published by the Bureau of  
34 Economic Analysis of the United States Department of Commerce. The current value of the  
35 limitation shall be calculated by the director of the department of commerce and insurance,  
36 who shall furnish that value to the secretary of state, who shall publish such value in the  
37 Missouri Register as soon after each January first as practicable, but it shall otherwise be  
38 exempt from the provisions of section 536.021.

39         6. Any claim filed against any public entity under this section shall be subject to the  
40 penalties provided by supreme court rule 55.03, or any successor rule.
