

Michael L. Parson

GOVERNOR
STATE OF MISSOURI

June 28, 2024

TO THE SECRETARY OF STATE
OF THE STATE OF MISSOURI
102nd GENERAL ASSEMBLY
SECOND REGULAR SESSION

Herewith I return to you Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2002 entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the State Board of Education and the Department of Elementary and Secondary Education, and the several divisions and programs thereof, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2024, and ending June 30, 2025.

Section 2.046

I hereby veto \$10,000,000 Department of Elementary and Secondary Education Federal Emergency Relief 2021 Fund for the Close the Gap Program. Given the short-term nature of this funding source, it is not prudent to start a new program cycle, therefore, funding is limited to existing obligations from the Fiscal Year 2024 budget. Further, expenditures under this program should prioritize tutoring services provided to eligible children and not technology equipment purchases.

From \$25,000,000 to \$15,000,000 from Department of Elementary and Secondary Education Federal Emergency Relief 2021 Fund.

From \$25,000,000 to \$15,000,000 in total for the section.

RECEIVED

JUL 01 2024

CHIEF CLERK

Section 2.047

I hereby veto \$50,000 general revenue for a summer enrichment program grant. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

From \$100,000 to \$50,000 from General Revenue Fund.
From \$100,000 to \$50,000 in total for the section.

Section 2.061

I hereby veto \$100,000 general revenue for a teacher recruitment and retention organization. The passage of SB 727 (2024) will cost the State an estimated \$400 million more annually for K-12 education once fully implemented. Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. While the State may have a fund balance this fiscal year, we must maintain a balanced budget that keeps future obligations in mind, ensuring the State can maintain a AAA bond rating and continue to meet its statutory and constitutional obligations in the years to come. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, this program has been previously funded with one-time federal relief funds. This Administration has been clear it is not financially responsible to continue funding programs with State funds that were originally funded with federal relief funding that is now expiring.

Said section is vetoed in its entirety from \$100,000 to \$0 from General Revenue Fund.
From \$100,000 to \$0 in total for the section.

Fully funding the K-12 foundation formula alone in Fiscal Year 2026 is currently estimated to cost an additional \$300 million over the Fiscal Year 2025 appropriation level. Beyond this addition of nearly one billion dollars in annual obligated funding through 2031, the General Assembly spent nearly \$300 million more general revenue than my Fiscal Year 2025 recommended budget in their Truly Agreed and Finally Passed budget. My Administration has consistently prioritized the State's fiscal stability – not only for today, but for years to come. Maintaining a balanced budget that keeps future obligations in mind allows the State to maintain a AAA bond rating. In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly.

In light of all these factors, I have vetoed this provision in an effort to help ensure the financial stability of Missouri beyond my Administration and the current General Assembly. Additionally, my Administration is concerned about the feasibility of such a time-limited study given the unpredictable nature of the events this study is meant to address. Further, this provides ongoing funds for a study that is specifically designated for a six-month time period.

Said section is vetoed in its entirety from \$750,000 to \$0 from General Revenue Fund.
From \$750,000 to \$0 in total for the section.

The department is subject to State purchasing laws set forth in Chapter 34, RSMo, and must follow those laws when selecting a vendor rather than contracting with a particular vendor.
