

HB 1928 -- CHILD CARE PROVIDER LICENSING

SPONSOR: Gragg

Currently, any program licensed as a child care provider that provides child care to school-age children located and operated on elementary or secondary school property shall be deemed in compliance with child care licensure requirements relating to safety, health, and fire. This bill expands this provision to apply to all licensed programs providing child care to only school-age children, regardless of where such program is located and operated.

This bill is the same as SB 899 (2024).
