

HB 2091 -- SPECIALTY LICENSE PLATE

SPONSOR: O'Donnell

This bill creates special vehicle license plates for veterans who served in Afghanistan and Iraq.

The bill specifies that any person who served in Operation Enduring Freedom and Operation Iraqi Freedom, and is either currently serving or honorably discharged, can apply for the plates by providing proof of service and paying a \$15 fee. The plates can be personalized at no extra cost.

The bill states that there is no limit on the number of plates a person can obtain, as long as he or she owns the vehicle, and that the plates are not transferable to anyone else.
