

HB 2248 -- HEMP EXTRACT

SPONSOR: Francis

COMMITTEE ACTION: Voted "Do Pass by Consent" by the Standing Committee on Agriculture Policy by a vote of 18 to 0.

This bill repeals a provision of current law relating to hemp extract for treatment (192.207, RSMo).

PROPONENTS: Supporters say that there are currently no registrants for the program. The program was repealed last session but this section was inadvertently left in statute. This bill would repeal the last section of the program.

Testifying in person for the bill was Representative Francis and Ben Terrell, Department of Health and Senior Services.

OPPONENTS: There was no opposition voiced to the committee.
