

HB 2552 -- ALLERGIES IN CHILD CARE FACILITIES

SPONSOR: Schulte

This bill adds child care facilities to the list of authorized entities for which a physician may prescribe an epinephrine auto-injector.

The bill requires licensed child care providers to adopt a policy on allergy prevention and response, with priority given to addressing deadly food-borne allergies. The policy must contain elements specified in the bill and be adopted before July 1, 2026.

The Department of Elementary and Secondary Education must develop a model policy or policies on allergy prevention and response before July 1, 2025.

This bill is the same as HB 2036 (2024) and is similar to HB 1270 (2023).
