

HJR 177 -- CONSTITUTIONAL AMENDMENTS

SPONSOR: Davidson

Currently, initiative petitions must receive signatures from 8% of voters in two-thirds of the State's Congressional districts in order to place an amendment to the Constitution on the ballot. Upon voter approval, this Constitutional amendment would change that requirement to 7%.

Currently, initiative petitions proposing amendments to the Constitution must receive approval from a simple majority of the votes cast thereon in order to pass.

Upon voter approval, this resolution would require initiative petitions proposing amendments to the Constitution to receive approval from a number of votes greater than or equal to a majority of registered voters in order to pass.

Only citizens of the United States properly registered to vote in the state of Missouri shall be considered legal voters.

This resolution is the same as HJR 24 (2023) and similar to HJR 133 (2022).
