**I support this bill. I hear gunfire in my neighborhood on a regular basis, and I live in a sought after area of Kansas City. Gunfire has been close enough to me that I have a bullet hole in my roof and a bullet lodged somewhere in my attic. We have to address the proliferation of guns in our lives and this bill can help strengthen the penalty side of sensible gun regulation.**

As responsible Missourians, can we not all agree to keeping our families, friends and communities safe from gun violence? I am ashamed and fearful that Missouri is considered a “failed” state for lack of strong gun laws (Everytown). American children are twelve times more likely to be killed by a gun than children in other countries (Centers for Disease Control).

Last year Blair's Law passed both the House and Senate. It increases the penalty for celebratory gunfire that killed an innocent 11-year-old girl. I can't put it any better than Blair's mother: "It deserves to be a law. People that commit that crime deserve to have a punishment greater than just basically, a parking ticket." Please pass HB1437 and HB1477

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

Please find below a letter of support from St. Louis City Public Safety Director Charles Coyle outlining his support for the passage of Blair's Law: As the Director of Public Safety for the City of St. Louis, I write to support HB 1437 & HB 1477. While crime is falling in the City of St. Louis, the use of firearms remains a significant concern. Over 90 percent of the homicides committed in the St. Louis region are committed by firearm. Blair's Law would provide that a person commits the new offense of "unlawful discharge of a firearm" if, with criminal negligence, they discharge a firearm within or into the limits of a municipality, including into the air. This is an important step in the right direction to mitigate the harm of stray bullets in our City. In 2024, the number of homicides in St. Louis fell by 21 percent and Part I crimes overall are down by 22 percent. While these reductions are significant, it does not lessen our urgency to save lives. If you visit St. Louis, particularly on the Fourth of July or New Years, you have likely heard the celebratory gunfire that peppers the noise of the night celebrations. This gunfire does not come without consequences. This proposal is named for the tragic loss of Blair Shanahanlane in the Kansas City area. St. Louis does not stand apart from this type of tragedy. During New Years celebrations this year, our Police Department recorded 501 shots fired from December 31st to 2 am on 1/1/24. The previous year, this number stood at 324.1 Right now, state law prohibits the "unlawful discharge of a weapon" (571.030, RSMo.) when that weapon is fired into a building or vehicle. It also provides for specific instances in which "unlawful discharge" occurs, such as within a certain distance from certain kinds of buildings and on highways. "Blair's Law" provides that "unlawful discharge" includes celebratory. In 2023 and in 2024, the St. Louis Metropolitan Police seized over 2,600 firearms in St. Louis pursuant to the commission of a crime. The guns seized included over 120 so-called "ghost guns" during that same time period. We can do more to protect our residents with the passage of HB 1437 & HB 1477 and I encourage you to support it. Sincerely, Charles Coyle Director of Public Safety

Of course celebratory gun fire should be prohibited. I met a young mother who's son, Michael was shot and killed by random gun fire. The family had no idea he was shot until they went to the hospital and the staff told the parents how Michael died. He was 4 years old. Of course, Blair, the bill's namesake was also a similar victim. I support these bills. Also, I was a staff nurse at the VA in St. Louis in the ER. We always cautioned our patients to stay indoors as did we, (we avoided going outside onto the dock) on New Year's Eve because of the danger of gun fire.

<b>THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.</b>		

As a boy, my father taught me the four universal laws of gun safety.1. Treat every firearm as if it is loaded.2. Never point the muzzle at anything you are not willing to destroy.3. Keep your finger off the trigger until your sights are on the target and you are ready to fire.4. Be sure of your target, AND what is behind it.He told me that if I followed these laws religiously, and treated every firearm I touched with respect, but not fear, they would be powerful tools for hunting, self-defense, and recreational enjoyment. I have since taught those same rules to my own children, and enforced them strictly everywhere we go.The act of raising a firearm into the air haphazardly and firing at random in some sort of sick "celebration" is a disgrace to every law-abiding gun owner in America. That kind of recklessness perpetuates the stereotype of the ignorant gun-nut perpetuated by the gun control lobby, and this bill will address that specific behavior, without going too far. It will codify what is already criminal behavior, in my opinion, and will give law enforcement the ability to do something about this morally bankrupt behavior. Thank you.

I support HB 1437 and thank the sponsor for joining the several before her in continuing to push for this. (See testimony on HB 1477 for more thoughts on Blair's Law portion of bill). I also support the fix to language that would allow farmers/ranchers the ability to freely protect livestock from predators while in stationary vehicles. As I heard one man testify on this one year say something to the effect of, "We're going to keep doing it anyway, so you might as well fix it." Susan Myers, Missouri State Director - Women for Gun Rights

HB 1477 and HB 1437 would make Blair's law, which prohibits the unauthorized discharging of a firearm within or into city limits, a state offense; penalties escalate for repeated offenses. These bills are necessary for public safety. Last year celebratory gunfire caused the death of four Missourians. Gun owners must be held responsible for their actions. Similar legislation passed both houses of the legislature last year. I respectfully ask your support for HB 1477 and HB 1437. Thank you for this opportunity to express my view.

**We already have laws on the books to prosecute these types of crime. We do not need any more gun laws to stop these crimes. We need pro-active police and a justice system that penalizes criminals. These types of crime will draw down once the perpetrators learn they will do serious time for their actions. And again, we do not need any more gun laws that seem to end up being used against law abiding citizens rather than the criminals. Do you want to get really serious about crime, then send law enforcement into gangland and start making arrests coupled with prosecution and serious sentences.**

MISSOURI HOUSE OF REPRESENTATIVES
