The Missouri Ethics Commission is tasked with regulating campaign finance committees. These committees often use electronic means for collecting contributions and making expenditures. Right now, the MEC system for reporting has an option for denoting whether the expenditure was made using credit cards or debit cards in the committee's name. We also have a way to report payments on credit cards in the committee's name. Therefore, this bill will help codify a system that is already in use and would potentially help new committees when faced with this question in the future.
