I SUPPORT HB 1807 on 1 condition.... DESE is held accountable and punished if it fails to abide by the spirit of this bill and fails to enforce the provisions of this bill. My concern is with the following language: "The department of elementary and secondary education shall investigate any report of a violation of this section. If the department determines that any school district, public school, or school employee has violated this section, the department shall notify the violator of the violation and order the violator to immediately cease and desist any further activity in violation of this section."This bill needs further safeguards for the event that DESE intentionally looks the other way and ignores violations of this bill. Who will hold DESE (department of elementary and secondary education) accountable?
