**Associated Industries of Missouri supports the bill that lowers the corporation income tax rate, making Missouri more competitive with other states and nations. HOWEVER, we strongly urge the sponsor to remove subsection 6, subdivision (2) that would prohibit banks and other financial institutions from enjoying this tax cut. The provisions of section 148.720, RSMo, were passed into law in 2018 to address this very situation and to be sure financial institutions, that do not pay corporation income tax, could enjoy the benefit of corporation income tax reductions because of the way the financial institutions tax is calculated. If this provision is not removed, we would be forced to oppose the bill because it would not provide equal benefit to all corporations.**

I am against reducing the corporate income tax to \$0. If corporations, according to the Supreme Court, are "people" with rights of free speech, and can take their money and give it to political parties, then they should be paying taxes like the rest of us. This law allows corporations to spend more on political causes - whereas the money collected in taxes goes to support the infrastructure and the services Missouri provides to its people. Ultimately, the government of Missouri should be focused on people. Thank you for considering my comments.
