Unconstitutional. G Day is obviously God day. Unless you are prepared to be sued under The Religious Freedom Restoration Act, or want to personally meet The Freedom From Religion Foundation, I suggest you drop this nonsense. No one has a right to force their religion upon the private sector. This is a move that HITLER would make. Keep your Abrahamic religion in your churches. What about other worshipped deities? There are over 3000 Gods. Are you prepared to equally give them days of worship recognition? If you do this, be prepared for the backlash that comes with such.
