Good afternoon, Madame Chair, and members of the Higher Education Committee. I appreciate the opportunity to testify on behalf of the University of Missouri Flagship Council. My name is Chuck Brazeale and I am the current chair of the board. The University of Missouri Flagship Council joins with the University of Missouri System in support of establishing provisions related to a performance funding formula for universities and two-year college systems that promotes student outcomes and student success. As the state's American Association of Universities (AAU) major public research and land grant university and Research 1 institution, the formula should include professional degrees, research, land grant universities, and agricultural/extension programs in the funding formula. We look forward to the work of the interim committee in developing a funding model to be used for appropriating funding for our state's public higher education institutions that is stable and sustainable. Thank you for the opportunity to testify and I'll be happy to answer any questions.
