Opposed to sending National Guard troops to Texas. Waste of taxpayer money and not helpful.

For too long, extremist lawmakers have shaped the immigration debate through misinformation and rhetoric that demonizes people seeking safety and a better life. The result is a punitive, enforcement-oriented approach to immigration policy that has caused great harm and worsened humanitarian and operational challenges in the midst of a global increase in forced migration. Trying to out-do the extremists with increasingly harsh stances will never work politically and will come at an unbearable human cost. Missouri should instead acknowledge immigrants' deep connections to our communities, champion their contributions to the United States, and uphold values of welcoming and respect for human rights.

I'm opposed to this bill- we are not a border state- we don't have a problem with immigrants here- I don't want my taxes paying for more militarization at the border. We need to restructure the immigration system to be able to properly process and manage asylum and other types of cases. Immigrants are good for the economy. We need to help vulnerable people fleeing horrific violence; it's a moral and Christian obligation.

I oppose this resolution. Missouri National Guard should protect Missourians unless deployed by the President. They shouldn't be sent to the border to engage in a xenophobic publicity stunt.

Missouri is not a border state. There is no reason to spend money to send troops to the border. Instead, we should spend money on education issues like teachers salaries or early education.

Protecting national borders is a Federal responsibility, please don't spend Missouri taxpayers hard earned money for sending MO National Guard to the border. Use that money to help Missouri residents by improving access to healthcare, teachers' salary and more.
