Missouri Farm Bureau supports this bill, due to its tightening of requirements for an initiative petition and giving more integrity to the process as a whole. Missouri Farm Bureau has multiple member adopted policies in support of reforming the initiative petition process. Some of the relevant policies include: -We believe the ability of out-of-state interests to instigate changes to Missouri's Constitution through the initiative petition process should be severely restricted. -We support requiring signature gatherers be registered Missouri voters. -We support limiting the use of professional signature gathering organizations for initiative petition efforts, including prohibiting payment on a per-signature basis and requiring them to register with the state. -We support legislation to reform Missouri's initiative petition process and give preference to concurrent majority ratification (CMR).

I am very much in favor of immediately restoring voting rights upon release to the formerly incarcerated. The laws of this country directly affect them and they should have the right to vote for or against those who make those laws. Also, just as we should try to eradicate racial bias in convictions, we should also try to eradicate it in the right to vote.

I strongly oppose HJR 119 Since 1907 Missouri voters have had the opportunity to make desired changes through the citizens initiative process and there is no legitimate reason to make it harder for our voices to be heard. I urge you to vote no on the changes in HJR 119 and any changes making the initiative petition process more difficult and less democratic.

I enthusiastically support HJR 119 as a wise and important bill concerning Constitutional amendments. The adoption of a Constitutional amendment should be undertaken with extreme caution, lest it not fully reflect the will of Missouri's citizens in changing a Constitutional provision that was arrived at with great deliberation and broad consent. It is a best practice and common sense to allow voters in each Congressional district to have the opportunity to review and comment on all initiative petitions proposing amendments to the Constitution in a public forum. It is vital that only properly registered US citizens be allowed to vote on such matters. And perhaps most important in this resolution, changing the threshold for passage to 55% of votes cast helps to avoid a lightly-considered change to the extremely serious matter of a change to the Missouri Constitution. I applaud Rep. Hinman for putting forth this bill / resolution.

The initiative petition is a difficult process in its current state. To gather the signatures and required language takes a large effort that prevents sloppy legal language. It should be left as is; an opportunity for Missourians to popularly propose legislation.

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

I am writing to express my **STRONG OPPOSITION** to the proposed bill HJR 119, sponsored by Rep. Dave Hinman in the 102nd General Assembly. HJR 119 proposes an amendment to the Constitution of Missouri that, upon voter approval, increases the threshold for any measure referred to the people to be in excess of a majority of votes statewide, and in a majority of the state Senate districts for approval. This bill undermines the principle of "one person, one vote" by giving disproportionate power to certain districts, regardless of their population size. This is gross government overreach, and instead of helping residents of this great state, individuals elected by the people are trying to use their position to silence not only their own constituents, but every legal resident of the state of Missouri as well. The citizens of the great state of Missouri deserve to be represented fairly and have their freedoms preserved. This amendment instead treats constituents as subjects to be ruled over, and goes against everything this state stands for and is an attempt to chip away at the freedoms of legal United States citizens who are Missouri residents. Furthermore, this bill could potentially disenfranchise many Missouri residents. The actual effect of the bill would be to limit the ability of Missouri citizens to effect change through the ballot box. It is the role of the legislature to ensure that the rights and freedoms of all Missouri residents are preserved. HJR 76 does the opposite, and as such I urge you to oppose this bill, and instead focus on legislation that preserves the rights and freedoms of all Missouri residents. Thank you for your time and consideration. Sincerely, Benjamin Murray

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

The initiative petition process is an important tool of direct democracy that allows Missourians to be able to vote on issues important to them. When the legislature fails to address these issues, the initiative petition gives power to ordinary citizens. This bill limits the voice of the citizens of the state by adding restrictions and changing the bar for passage. The initiative process, as it is now, has been a part of the MO constitution for 100 years and MO voters rely on and expect this right to be preserved. The process is already rigorous and expensive, connecting with hundreds of thousands of voters statewide to sign on before a measure even gets considered for the ballot. It costs millions to reach out to citizens across the state. Adding additional barriers does nothing more than censure the voice of the people. The current ballot initiative process is a non-partisan tool to address citizens' priorities. The ballot initiative process is the only recourse voters have when politicians fail to address the issues that matter to them. I oppose attempts to change the Initiative petition process . Do not raise the threshold for passage to 54%. Keep one person, one vote in Missouri.

I oppose any changes to the Missouri's citizens' initiative petition. There is nothing wrong with the current system. The initiative petition process has been used many times by citizens to enact legislation that improved Missouri for all Missourians. The process has also been used to protect Missourians' rights from special interests and short-sighted politicians. Missourians believe in majority rule, not weakening it by surrendering their power to Culture War driven radical politicians. The MO GOP has already gerrymandered the voting districts. Changing the petition process would allow 40.1% of Missouri voters to overrule 59.9% of other Missouri voters & give the Minority an oversized power. One person, one vote. Do not approve this bill.

I oppose this legislation because it overturns the principle of one person one vote. Our vote is already suppressed with unfairly drawn districts, and you seek to give those districts even more weight. I will keep it simple because the truth is simple; this is not right. If you have the will to do what is right, you will withdraw this bill from consideration.

Since 1907 our state has allowed citizens to add important issues to the ballot via IP using one person as one vote. Seeking to strip individuals voices is going against our basic beliefs within this state we have held for over 100 years. We elect public servants to represent us but nothing represents us better than our own voice.

**This bill is regarding ratification reform, but it amends the wrong Article in the Missouri Constitution. This bill amends Article III, but the article relating to ballot initiatives and Constitutional amendments is Article XII. Additionally, this bill does not contain concurrent majority ratification but instead raises the threshold for passing to 55%. We believe this type of bill will never get passed by the voters.**

<b>THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.</b>		

My name is Christine Wallach and I am submitting commits related to current legislation in committee which would change the initiative petition process in Missouri. I am concerned about HJR 76, HJR 86, and HJR 119 . Because these bills are similar, I am including the same testimony for each. I am over seventy years old and have spent most of those years in the state of Missouri where I have voted in most elections, including those for school board. I have also participated in the initiative petition process, collecting signatures, and also voting on issues that have made it to the ballot. The current process has worked for over one hundred years and I do not feel that it needs any changes. The current proposed pieces of legislation are written to make it more difficult for people to use the process to bring ideas before the voters and then to be passed. The initiative petition gives power to the people to directly propose state laws and amendments to the state constitution. It has been used by those labeled both as conservative and liberal. It gives power to the citizens and I am not sure why the state legislature would want to take diminish that. In our country we believe in one person, one vote. These proposed bills take that away. It changes the system by inserting criteria related to the state districts. They also take away the idea of the majority rule. I believe all of these bills take power away from the people and take away our founding principles of one person one vote. I respectfully request that these bills be defeated.

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

I am writing to express my fervent support for maintaining and, if anything, further streamlining the initiative petition process. This democratic mechanism has long served as a cornerstone of citizen participation in the legislative process, allowing individuals to actively shape public policy and hold elected officials accountable. I firmly believe that any attempt to make the initiative petition process more arduous would be detrimental to the principles of inclusivity, civic engagement, and the overall health of our democratic system. Here are several compelling reasons why we should resist any efforts to make the initiative petition process harder:

**Empowering Citizen Voices:** The initiative petition process is a powerful tool that empowers ordinary citizens to have a direct impact on legislation. It enables individuals and grassroots movements to bring important issues to the forefront, ensuring that the concerns of diverse communities are heard and addressed.

**Counteracting Legislative Inertia:** In many cases, the initiative process serves as a necessary counterbalance to legislative inertia. When the traditional legislative process fails to address pressing issues, citizens can step in to propose and enact changes, promoting a more responsive and adaptive governance.

**Encouraging Civic Participation:** Making the initiative petition process more accessible encourages greater civic engagement. It fosters a sense of responsibility and involvement among citizens, reinforcing the idea that everyone has a stake in the democratic process. Restricting this avenue could discourage participation and undermine the democratic ethos.

**Diverse Perspectives and Innovation:** The initiative process allows for a diverse range of perspectives to be considered, preventing a single group or entity from monopolizing policy decisions. By preserving this inclusivity, we foster an environment where innovative ideas can emerge, leading to solutions that may not have been considered within the confines of traditional legislative channels.

**Protecting Against Special Interests:** A more accessible initiative petition process helps safeguard against the undue influence of special interests. By allowing citizens to directly propose and vote on measures, we create a system that is less susceptible to manipulation by well-funded lobbying groups, ensuring that policies align more closely with the needs and desires of the general public.

In conclusion, the initiative petition process is a vital component of our democratic system, promoting citizen engagement, responsiveness, and a diversity of perspectives. Efforts to make this process more challenging could inadvertently weaken the foundation of our democratic principles. Instead, let us strive to enhance transparency, accessibility, and public education to ensure a robust and effective initiative petition process that truly reflects the will of the people.

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

Thank you, Madam Chair and Members of the Committee, for the opportunity to testify. My name is Elizabeth Franklin and I live in a rural area/on acreage outside Plattsburg MO. I am retired, having served 35 years for the U.S. Army, and testify on my own behalf, on my own time and receive NO monetary support. I am submitting testimony in opposition. Missouri's constitution states that "all political power is vested in and derived from the people". This is most clearly embodied in our century-plus old tradition of the citizen initiative process. Measures currently must pass by a statewide majority. The requirement to have a constitutional amendment pass by 55% majority creates rule by minority, undermining the will of all Missourians. I'm not opposed to the Secretary of State public comment period but is unclear what will be done with those comments. Part of the representing us is accepting the responsibility to inform us of important issues and requires no legislation to implement. Using district emails and/or social media to provide factual, non-bias information would be helpful. Restating existing citizenship language is unnecessary, confuses voters, and implies we have non-citizens voting in Missouri. **WE DO NOT.** Currently: 1) MO voters must be a US citizen and MO resident & non-citizens cannot vote in MO at any level of election and 2) No local election officials have authority to violate the MO Constitution and change their local rules. I welcome a bill sponsor to correct me on this point. Based on the House hearing held last week 1,393 pages of witness testimony submitted, 98.7% of it in opposition! THAT's a majority. Missourians are sending clear communication to leave the IP process alone! Thank you for the opportunity to submit testimony; I URGE you to vote NO.

I appreciate the opportunity to attend hearings via video - and the chance to express my beliefs. Democracy requires one person, one vote. Contrived ways to confuse voters (e.g., inserting citizenship language) must not be allowed! I respect people who choose not to have an abortion - but they have NO right to decide about other people's bodies! They can try to persuade, but must not make laws about another woman's body!

I am writing in strong opposition to any bills limiting Missourians' ability to exercise our constitutional right to propose and pass issues we care about on the ballot. The initiative petition process is a fundamental pillar of democracy. The United States political system is primarily about consent of the governed and preventing consolidation of power. Though electing representatives serves this purpose, even they can disappoint and the initiative petition is a vital tool for citizens to exercise their rights. Citizen-led initiatives are an important way for Missouri voters to improve their quality of life and assert their needs and priorities. In my own short lifetime (I am 22), I have seen the petition process used by citizens four times to pass policies which the legislature opposed. The legislature should follow the will of the people instead of attempting to grab power by limiting our ability to make decisions for ourselves. If you cannot truly represent our will as an elected official we reserve the right to correct you through the initiative process. Democracy means that we all get an equal chance to weigh in. Proposals that would seek to alter this one-person, one-vote tradition are fundamentally undemocratic and un-American. They will only further polarize our community and frustrate our citizenry when the majority is silenced by a minority. The initiative petition process belongs to the people of Missouri, not to legislators in Jefferson City. I strongly urge you to vote NO on any bills that intend to undermine the citizen initiative process.

Paraquad is one of the oldest and largest independent living centers in the country. Centers for Independent Living are unique because more than 50% of our board and staff are people with disabilities. To carry out our mission, it is essential that the voices of people with disabilities be heard and valued in local, state, and federal government proceedings. We oppose HJR 119. The initiative petition process is one of the only avenues open to people with disabilities after we have brought concerns to the General Assembly year after year but see no action to solve the problems we share. Repeatedly we expressed the suffering associated with lack of affordable health insurance and wages too low to pay for food and shelter. When the General assembly took no action to help, we worked with our allies to win changes by initiative petition. In the past and continuing today, we sound the alarm about the lack of affordable, healthy, and accessible housing and public transportation in Missouri. It would be an uphill climb to put a solution to these problems on a ballot by initiative petition, let alone to secure a simple majority of voters, but we want to preserve that option. Those who are not U.S. citizens cannot vote in Missouri. Including in the HJR - especially if it is the lead item in the ballot language - is apt to confuse voters.

Dismantling citizens' rights to our 1 person 1 vote initiative petition process is the ultimate act against democracy. The right of citizens to have a government that is for the people, by the people, and of the people is a primary tenant of the United States. Any politician voting for this does not believe in the democratic process and should not continue to hold their office. The fact that this is the top priority of this session of the Missouri legislature says a lot about the motivations of the majority party, and it has nothing to do with the will of the Missouri voters.

I oppose these bills because they diminish the rights of all citizens of the state of Missouri. These bills will silence the voices of the masses and further complicate and muddle the process of ordinary citizens participating in and having voice in our governmental processes. I will not sit quietly and allow my voice to be extinguished.

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

My name is Jonathan Gartin and I am writing to oppose changes to the Missouri initiative petition process from the Missouri State legislator. Specifically HJR 119. I have talked with thousands of people in my community about getting petitions on the ballot and the importance of direct democracy in Missouri. I have personally benefitted from policies passed through the petition process, like the increased minimum wage petition in 2018. I have spoken with members of my community about how Medicaid expansion gave them better healthcare access, and how angry they were that the Missouri State government denied them those resources for so many years. Without voters taking that matter into their own hands and passing Medicaid expansion through the petition process, many more people in our State would be struggling to afford healthcare needs more than they already are today. The initiative petition process is sacred to the people of Missouri and our State Constitution. As a constituent in Springfield Missouri, I know that many members of the Missouri legislature only seek to make this arduous process harder for everyday people. Changes to the initiative petition process would limit voter's direct say in Missouri policy, and deny voters a fair process to take this initiative upon themselves. We the people of Missouri demand a fair process free from the intentional burden of our State government, to make our voices heard. One issue that is not divisive amongst the Missouri populous is their distrust of politicians in Jefferson City to work in their best interest. It is on you as representatives to regain that trust and legitimacy of your body. The worst action you could take towards that end would be to destroy the petition process which has held constant for more than one hundred years in our state. As a volunteer who has gathered signatures, and someone who values democratic principles at the core of government, I am outraged. There are so many pressing issues in the State of Missouri that our legislators should be addressing and have failed to do so. In conclusion, I share in the thoughts of many other Missourians that this effort is a power grab by Missouri politicians to take power away from everyday people and pocket it for themselves. I stand strongly in opposition to changes in the Missouri Initiative petition process.

The Missouri GOP want to make initiative petitions more difficult to succeed because it undermines their own power. They are showing that they do not care about the will of the people. They know there are a whole list of issues that are more popular among the majority than just their party. They are flailing and trying to put up roadblocks, rather than embracing what the majority of Missourians support. They are scared that initiative petitions will continue to be a voice of change within Missouri.

**Do Not Do This.** It is time for you to stop overriding the vote of the people. I'm confused why people keep voting in people who then try to override positions that we the people vote for, for example, right to work, Medicare expansion, puppy mills. Stop with the changes to the initiative petition process. If 50.1% of people take the time to show up and vote, the outcome should be respected. Dang. Do the right thing. Stop fighting just for power. You should be ashamed of yourselves. Look at the other states that tried this. You are OVERREACHING here.

The citizen initiative process provides a manner for direct participation and Missourians have been able to make their voices heard through this process since 1907 Voting should not give preference or more weight based on zip code or acreage; each vote counts equally regardless of where you live Requiring a two-condition threshold creates a rule by minority, undermining the will of all Missourians

Missouri Parks Association is in opposition to HJR 119. This House Joint Resolution to authorize a referendum on citizen-led ballot initiatives threatens the ability of Missouri citizens to participate in our state democracy. Proposing a higher bar for voters than what is currently needed to amend the Missouri Constitution by requiring 55% of voters to approve any constitutional amendment initiated by the people rather than the current simple majority of voters endangers the people’s reserved power to propose and enact or reject amendments to the constitution by the initiative, independent of the general assembly. Furthermore, requiring a comment period coordinated by the Secretary of State in each congressional district after the petitions have been filed adds an additional and unnecessary hurdle for Missouri citizens petitioning their government. Adding “ballot candy” that specifies only citizens of the United States of America who are residents of the state of Missouri and who are properly registered to vote in the state of Missouri shall be considered legal voters misleads voters into thinking this is not already the requirement to register to vote. Some of the best of what Missouri has to offer has come from citizen-led ballot initiatives, such as the Parks, Soils and Water sales tax that funds our world class state parks. On behalf of the almost 3,000 members of Missouri Parks Association who enjoy and invest in Missouri, we oppose HJR 119 and any legislation that would put a citizen’s right to participate in our democracy in jeopardy. Do not advance HJR 119.

Each person who is a citizen of this country and this state, and is of lawful voting age, should be free to vote and have no impediments placed in their way. If this harms any political party, then they should change their stance to propose policies that are supported by a majority of voting-eligible citizens. Failing to win that majority says everything about a failed policy. Standing in the way of people's right to vote is anti-democratic and undermines the republic in which we live.

One person = one vote. The entire country sees what you're trying to do. Leave our initiative petition process alone. You do not speak for us, we do. If you feel your district's voters are being silenced, encourage them to vote. Missouri had an abysmal 51% voter turnout for the November 2022 election. Reasons given for these egregious bills and their attempt to eliminate majority rule always include the idea that rural voters aren't being heard. Technically that is mathematically impossible considering again that our Initiative Process is a very simple one vote for each voter. Fortunately, there are ways that you can help ensure that your constituent's voices are heard at the ballot box without stripping Missourians of our voices and our freedoms. How, you ask? Happy to help! Here's what YOU need to do as a state representative in YOUR district: -Go door to door ensuring EVERY voter is registered to vote. -Make sure EVERY voter understands Missouri's voter ID laws. -Help EVERY voter understand absentee voting and make sure they have access to their ballot. -Let EVERY voter know where their polling place is. -Find out if EVERY voter has a ride on election day. Now go do your job and leave our democracy (yes, democracy) alone, you tyrants.

Chair, Vice-Chair, members of the committee; thank you for the opportunity to submit testimony today in opposition to HJR 72 and 102, and HB 1749 which would squander the opportunity for the working people and families of the Show me state to effectively participate in their own democracy. Abortion Action Missouri, formerly Pro Choice Missouri, works to protect and expand every Missourians' right to bodily autonomy, to access essential reproductive healthcare including abortion care, to access accurate information to make the best decisions for ourselves and our families, and to parent our children in safety and dignity. HJRS 76, 86, & 119 would make the ballot initiative process prohibitively difficult, because the task is already a monumental one. These efforts to upend majority rule in Missouri are nothing but retaliation to the millions of Missouri voters who took their freedom and their futures into their own hands and knocked doors, collected signatures, and voted in favor of medical marijuana, ethics reform, medicaid expansion, and so much more. Over the last 3+ years Abortion Action Missouri has been heavily invested in several ballot initiatives that align with reproductive freedom including Medicaid Expansion, Raise up Missouri, and Missourians for Healthy Families and Fair Wages Our small non-profit organization puts considerable effort into supporting these ballot initiatives, and our contributions make up only a small fraction of the signatures already required. This amendment would make it so only well financed groups could access the ballot. This change denies working people their voice in the process and favors large monied organizations with big bank accounts. The false sense of urgency promoted by those hoping to effectively dismantle our people's initiative petition process is nothing but a poorly veiled attempt to subvert and punish working Missourians who again, are ready to take their freedom and futures into their own hands and overturn Missouri's abortion ban. The supermajority party leaders of both chambers have said as much out loud- that they know that if the question of overturning Missouri's ban on abortion makes it to the ballot- that Missourians will vote to restore access to abortion in the Show Me State. Don't sell out the working people and families of our state just to maintain a policy that isn't even popular, and is causing daily and devastating harm. The majority of Missourians, 7 in 10, support Missourian's freedom to access abortion care without interference from politicians. Voters from all sides of the political spectrum have used the ballot initiative process to advance their priorities. The ballot initiative process is the only recourse voters have when politicians fail to address the issues that matter to them. This tool has been used by conservatives, progressives, moderates, and independents, and is a critical tool to ensuring the people have direct access to their democracy. Missourians support majority rule- don't go behind their backs. Abortion Action Missouri, representing more than 60,000 Missourians across the state, urges you to vote NO on advancing HJRS 76, 86, & 119. Thank you.

The initiative petition process is a valuable part of our heritage. It has worked for Missourians of all different points of view--both conservative and progressive causes. If the required number of votes is raised to 55%, as this bill calls for, we will essentially no longer have majority rule in our state. People across the political spectrum are unhappy with this proposed change.

The League of Women Voters believes responsible government should be responsive to the will of the people. The citizen initiative petition is the most direct form of voter participation in our democracy and is only used when the citizens feel their voice isn't being heard. This valuable and trusted process has been enshrined in the Missouri Constitution for more than 100 years and has been used for both conservative and progressive issues. It is already a complicated and difficult process to get the thousands of signatures required to get an initiative on the ballot. Making the process even more difficult for no good reason takes away the people's voice. It would end majority rule by increasing the threshold for passage of constitutional IPs to 55%. Moreover, this legislation refers only to citizen initiatives and doesn't include ballot issues proposed by the legislature to be subject to the same percentage to pass. That would give all the power to the legislature and take away the voice of the people. Ironically, it would take not much more than 100 votes in the legislature to put this proposed initiative on a statewide ballot and a simple majority to pass it. This joint resolution also includes a requirement for a person to be a citizen of the United States in order to vote which is unnecessary since that is already required to vote. In summary, the League of Women Voters of Missouri opposes any attempts to make it more difficult to get a measure on the ballot or to raise the threshold for approval.

My name is Marla Marantz, Springfield, MO, and I am a frequent voter who cherishes my right to vote, recognizing it is truly the cornerstone of our democracy, the pathway to nonviolent change. The initiative petition, along with the vote, is my way to have a voice, to direct my democracy towards change I think is important. It is a check, a balance that we voters have. Have I always agreed with all citizen petition efforts? No. Nor do I expect to. Have my candidates always won? No. Nor do I expect them always to win. Nonetheless, I am willing to continue to help candidates of my choice. And I am willing to work, when needed, on a petition effort for which I feel is very necessary. And I have worked hundreds of hours collecting thousands of signatures on several petition efforts. It is not easy. Raising the threshold to over half of all registered voters would render this effort to be nearly impossible. Do you really want to disenfranchise voters, making them feel voiceless? Only the wealthiest of organizations, would be able to launch such an effort, leaving Missouri vulnerable to the pressures of outside forces. We need to make sure this important check, important balance in our representative democracy stays in place for the future. After all, none of us know when will be on the side needing the petition to correct an unforeseen consequence of legislation. In our highly stratified political climate, we need to keep our pathways for democracy open. Furthermore, our current Secretary of State, has been quite political in reviewing legislation and had his description of a ballot issue overturned by the courts. I do like the idea of informational forums with representatives in favor and against but not sure how to administer that fairly. Please vote no.

the initiative petition process is already exceedingly difficult, Citizens resort to petitions when elected congressmen do not listen to the will of the voters. Democracy is government by the people, for the people. The Secretary of State had illegally thwarted the initiative petition process, I do not any greater control given to that office. Thank you.

Changing the constitution should be taken seriously which is why all Missourians should be able to vote in an election on petitions set forth by the citizens. Making these petitions more difficult to succeed by raising the percentage to 55% puts barriers in the way for direct engagement in governance by the citizens.

<b>THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.</b>			

I am the Rev. Dr. Teresa Danieley, a lifelong Missourian. I have participated in grassroots initiative petition campaigns many times as both a volunteer from 2005 to 2012 and as a staff person at Missouri Jobs with Justice since 2017. I first participated in gathering signatures to raise the minimum wage in 2005-2006 because, as a parish priest in the City of St. Louis, I encountered many parishioners and members of the wider community who were working for minimum wage, but struggling to make ends meet. Raising the minimum wage seemed like a common sense way to alleviate suffering and the need for working people to seek charity. In November 2006, that first increase in the minimum wage won easily statewide, across geographic and political boundaries. The initiative petition process is non-partisan and used by people across the political and philosophical spectrum. Since that first experience with the Missouri initiative petition process, I have participated again many times, as both a volunteer and a staff person. I have spent all day outside polling places and along parade routes in blazing heat and freezing cold. I have collected signatures in churches, synagogues, mosques, and union halls. Even in the nicest weather with the friendliest crowd, the signature gathering is slow, tedious work, filling pages ten signatures at a time. In the past year, I have also been notarizing initiative petitions and found that it is more complex to notarize an initiative petition than it is to notarize someone's advance health directive. One small mistake on my part could disqualify the signatures of ten Missouri voters and the hard work of a signature gathering volunteer. As a Missourian, I am proud that we have had the grassroots ballot initiative petition process available to us since 1907 as an important tool of direct democracy. The initiative petition process allows us to maintain our freedom to have a say on important issues. Qualifying a grassroots ballot initiative is already incredibly difficult. Making it even more difficult does nothing other than undermine democracy. As a Missouri voter, I have had the right to directly petition my neighbors if I thought our government wasn't prioritizing the right things. This right was passed down to me from previous generations of Missourians. It is part of our toolkit of democracy. If this legislation is to pass, future generations will not have the same rights that I do. We should not seek to permanently alter our constitution and deprive future citizens of the rights we all currently enjoy. A majority is 50% plus 1. Changing the threshold is undemocratic and would make it harder for the public to make decisions. As I have described from my own experience, the initiative petition process is already rigorous and incredibly difficult - hundreds of thousands of voters must sign on before a measure even gets considered for the ballot. Adding additional barriers does nothing more than censure the voice of the people. I respectfully request that you vote no on undermining majority rule. One person, one vote.

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

As the largest and oldest anti-poverty non-profit in our state, Empower Missouri is committed to improving the quality of life for all Missouri residents through advocacy. On behalf of our staff, board, and coalition members, we express our opposition to HB 1749, HJR 76, HJR 86, and HJR 119. We respectfully ask this committee not to advance any legislation which will alter the initiative petition process, including the slate of bills before it today. The initiative petition process is foundational to the Missouri law making process and ensures each Missourian has a voice in the laws that govern our state. Proposals that seek to alter this one person, one vote tradition are fundamentally undemocratic. They will further polarize our community and frustrate citizens who do not feel represented in state policymaking. The initiative petition process is costly, time consuming, and by no means does it guarantee success. Since 1910, 68 proposed constitutional amendments have been added to the ballot after signature gathering. In total, 41 percent of these ballot measures have been met with a simple majority of voter approval. This means that only 28 constitutional amendments introduced through the initiative petition process have been approved by Missouri voters per our analysis of past election records. The initiative petition process is one of the most important avenues for Missourians to directly engage in shaping the laws that govern our state. The bills being considered here today propose changes that will effectively exclude regular citizens from accessing the initiative petition process. Please do not take this important democratic tool away from Missourians. We respectfully request your no vote on HB 1749, HJR 76, HJR 86, and HJR 119.

Changing the requirements for passage of initiative petitions is a direct assault on the Constitutional right of Missouri citizens to have a direct say on issues they feel are important. As a 92-year-old, I have volunteered in several initiative campaigns over the years. It is difficult and tiring to gather signatures, especially in bad weather. It takes thousands of citizens with the stamina, patience, and firm belief in the cause for a measure to be placed on the ballot. I respectfully urge you to oppose this bill and any measure that would weaken the current initiative petition process

Representative Hinman deserves at least a modicum of respect for making his opposition to democracy clear by straight-forwardly adding a super-majority requirement for proposals put on the ballot by the people of Missouri. That does not alter the fact that his proposed amendment is an attack on the principles on which our government here in Missouri was founded. As stated in Article I, Section One of our Constitution: "All political power is vested in and derived from the people. All government of right originates from the people, is founded upon their will only, and is instituted for the good of the whole." There is a name for that form of government. It is called a democracy. A government that fully lives up to those ideals would be a perfect democracy. All political power should be vested in and derived from the people. That is not the case here in Missouri or in America today. Common sense tells us, and research confirms, that "The preferences of the average American appear to have only a miniscule, near-zero, statistically non-significant impact upon public policy." The people of Missouri have some power to "originate" legislation thanks to an amendment to the Missouri constitution that was enacted in 1908, which gave the people of Missouri the power "to propose and enact or reject laws and amendments to the constitution by the initiative, independent of the general assembly". [Article III, Section 49.] However, it is extremely difficult to get proposals on the ballot through the initiative. Now some members of the General Assembly want to make it even harder. I would like to close out my testimony here today by referencing a few comments about democracy made long ago by the Founders of our great nation: The Declaration of Independence states that governments derive their "just powers from the consent of the governed." James Madison agreed, saying that "the vital principle of free government" is "that those who are to be bound by laws, ought to have a voice in making them." Thomas Jefferson stated clearly, "It is my principle that the will of the majority should always prevail." In Federalist Number 22, Alexander Hamilton wrote that, "To give a minority a negative upon the majority (which is always the case where more than a majority is requisite to a decision) is...to subject the sense of the greater number to that of the lesser." James Madison stated that "the vital principle of republican government is the will of the people." And "Every friend to Republican Government ought to raise his voice against the sweeping denunciation of majority Governments." I agree. If you do not support majority rule, you do not believe in democracy.
