I am in Support of this Bill and providing Real Estate Property-Tax Relief to Senior Citizens having an Income of \$45,000 or less, being exempt from Real Estate Tax-Liability. I however have a concern with the \$25,000,000 Fiscal Note of Decrease of income to Political Subdivisions, providing services and programs. I fully Support Posing this State Constitutional Question to Voters of Missouri.

As a Clay County citizen that is quickly approaching my Golden Years, that may not be so golden because of increasing property taxes. At 59 years of age I am privileged to be a land owner and would like to build a humble home with small barn on my property, but I am afraid that once I retire I will not be able to keep that home and land because of property taxes that would be impossible to pay on a the fixed income I will have. If this bill were passed and signed by the Governor, I could see my way clear to building a small home without a loan or mortgage and know that I could live there for the rest of my days, without fear of losing it due to inability to pay the taxes.
