If this Missouri Bill HB 1951 gets passed it will become law and give all Missouri Police Officers and any other Missouri Law Enforcement Official, or Physician the same power as both a Judge and Jury to remove children within the state from their homes without due process! In two separate former incidents, I was made a victim of a false report of child abuse. In both incidents, I was eventually able to prove my innocence. If this had been law back when I was falsely accused my children would have been wrongfully removed. There is zero evidence that shows the State could have done a better job at raising my children than I did. Both of my children grew up in a safe environment that I provided, they graduated High School (one as Valedictorian) and went on to seek Higher Education. One is currently enrolled in two local Universities and the other is now a Lindenwood Colledge Graduate. If passed this will create another loophole for misconduct to occur, where anyone holding a position of authority could misuse this against whistleblowers or anyone else whom they would rather silence without any consequences for the act. There is zero doubt if this becomes law it will harm the most vulnerable in our society! It will not only destroy the lives of innocent Missourians but will also set a horrible precedent for other states to follow!
