2. (1) In addition to the powers and duties under subsection 1 of this section, the department of elementary and secondary education has the power and duty to grant a temporary child care license. The temporary child care license shall be granted to a child care provider who:

- (a) Is not on probation or has not been on probation within the last twelve months;
- (b) Is not in the process of having a license revoked or has not had a license revoked within the last twelve months; or
- (c) Does not have a current letter of censure,

upon submittal of a complete license application to the department of elementary and secondary education by the child care provider, to expand an existing site or to add a new location.

(2) The child care provider shall complete all of the following in order to obtain a temporary child care license to expand an existing site or add a new location:

- (a) State and local fire inspections as provided under section 210.252;
- (b) State and local sanitation inspections as provided under section 210.252;
- (c) City inspections;
- (d) Staff background checks and health screenings; and
- (e) Required staff training and any ongoing required training.

(3) Prior to obtaining a temporary child care license under this subsection for another facility, the child care provider shall have operated a child care facility for at least thirteen months. The new facility shall be subject to an inspection, without notification of the inspection, by the office of childhood within sixty days of the opening of the new facility.

(4) Temporary child care licenses shall be valid for a duration of no longer than twelve months from the date of issuance or until the department makes a final determination on full licensure.

(5) If the child care facility is an existing child care facility but there is a change in ownership of the facility, such facility shall be subject to an inspection, without notification of the inspection, by the office of childhood within sixty days of the change in ownership.

3. Any child-care facility may request a variance from a rule or regulation promulgated pursuant to this section. The request for a variance shall be made in writing to the department of elementary and secondary education and shall include the reasons the facility is requesting the variance. The department shall approve any variance request that does not endanger the health or safety of the children served by the facility. The burden of proof at any appeal of a disapproval of a variance application shall be with the department of elementary and secondary education. Local inspectors may grant a variance, subject to approval by the department of elementary and secondary education.

~~[3-]~~ 4. The department shall deny, suspend, place on probation or revoke a license if it receives official written notice that the local governing body has found that license is prohibited by any local law related to the health and safety of children. The department may deny an application for a license if the department determines that a home or other place in which an applicant would

4 or services delivered in a hospital, as that term is defined in section 197.020, or in facilities owned  
5 or operated by a hospital system. The department may, after inspection, find the licensure, denial of  
6 licensure, suspension or revocation to be in the best interest of the state.

13 section and chapter 536 are nonseverable and if any of the powers vested with the general assembly  
14 pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are
